Memorandum of Understanding
Between
City of Hayward
and
Hayward Police Officers' Association

On the date hereinafter subscribed, authorized representatives of the City of Hayward, herein called "City" and authorized representatives of the Hayward Police Officers' Association, herein called the "Association" made and entered into this Memorandum of Understanding. It is understood and agreed that this Memorandum of Understanding supersedes and replaces that Memorandum of Understanding made and entered into July 1, 2001, by and between the City of Hayward and the Hayward Police Officers' Association.

This Memorandum of Understanding is subject to all existing state laws and the Charter, ordinances, resolutions, Administrative Rules and Personnel Rules of the City except as expressly provided to the contrary by this Memorandum of Understanding.

1.00 RECOGNITION

The City recognizes the Association as the majority representative for the unit of employees consisting of the following classifications:

Police Officer

Police Sergeant

Police Lieutenant

2.00 PROBATIONARY PERIOD

2.01 Appointments Subject to Probationary Period

All appointments to positions in the representation unit shall be subject to a probationary period. The regular period of probation shall be two (2) years for the classification of Police Officer and one (1) year for all other classifications in the unit. Extension of probationary periods up to a maximum of six (6) months may be approved by the City Manager in individual cases.

An employee promoted to a higher position who, at the time of promotion, is serving in such position in an acting or provisional status may have all or a portion of the time continuously served in acting or provisional status credited towards satisfaction of the probationary period for the position. Credit allowed for this purpose, if any, shall be at the sole discretion of the Chief of Police and shall not affect the employee's effective date of regular status in the promoted

position as provided in Section 2.04, Effective Date of Regular Status, of this Memorandum of Understanding.

2.02 Release of Probationer

The Department Head shall recommend retention or rejection of the probationer prior to the expiration of the probationary period. During the probationary period, an employee may be released at any time without right of appeal. Written notice of release designating the effective date of such action shall be furnished the probationer.

2.03 Release Following Promotion

Any employee released during the probationary period following promotion shall be reinstated at the former salary step to the employee's former position or a position in the class from which the employee was promoted unless the reason for the employee's release is cause for dismissal. If no vacancy exists in this class, the employee with the least amount of time in this class shall be demoted to the most recent class in which the employee has satisfactorily served. If any employee is caused to be released by such action, the employee shall be placed on a reemployment register for the classification from which the employee was released. Any employee who is released during a probationary period following promotion shall retain appeal rights to dismissal from the City but not the right to appeal the employee's release from the position from which the employee demoted.

2.04 Effective Date of Regular Status

Upon successful completion of a probationary period, an employee's effective date of regular status in a classification shall be the date upon which the employee was appointed to the classification in probationary status.

In the event two (2) or more employees in the classification of Police Officer have the same effective date of regular status, relative seniority shall be determined first by rank position on the eligibility list for Police Officer, next by date of probationary appointment to a classification outside of the representation unit, and next by lot until all seniority "ties" are resolved.

In the event two (2) or more employees in a classification other than Police Officer have the same effective date of regular status, relative seniority shall be determined first by rank position on the eligibility list for the classification involved, next by date of probationary appointment to another classification within the representation unit, next by date of probationary appointment to a classification outside of the representation unit, and next by lot until all seniority "ties" are resolved.

2.05 Compensation and Benefits Upon Reinstatement

Employees reinstated pursuant to the provisions of the City of Hayward Personnel Rules shall be re-employed in regular status and shall not be required to serve a probationary period. Reinstatement shall not entitle the

employee to resume special assignments or positions held at the time of resignation. The effective date of employment with the City and in the classification shall be the date of reinstatement. The names of employees so reinstated shall not be restored to unexpired eligible registers for promotions. Participation in all other benefit programs and programs providing special compensation and/or allowances shall be the same as for new employees.

Employees who are reinstated within one (1) year from the date of resignation shall be entitled to be returned to the salary step previously held at the time of resignation. Time in step accumulation, if applicable, shall also be restored. Employees who are reinstated between one (1) and two (2) years from the date of resignation shall be entitled to be returned to not less than third step; when merited for exemplary performance of duties and when recommended by the Department Head and approved by the City Manager, such employees may subsequently be advanced without regard to time-in-step.

Reinstated employees shall be allowed immediate participation in the police education incentive program, providing they meet all other conditions of Department Policy 1051, Police Education Incentive Policy, but shall not be allowed credit for any prior service with the City of Hayward in satisfaction of the ten (10) year longevity requirement contained in Section IV(c)(6) of said rule.

3.00 LAYOFFS AND RESIGNATIONS

3.01 Layoffs

Whenever there is a lack of work or lack of funds requiring reductions in a department or division of the City Government, the required reduction shall be made in such job class or classes as the Department Head may designate, provided that employees shall be laid off in the inverse order of their relative length and quality of service, as determined by rules governing the evaluation of service. Within each affected job class, all provisional employees shall be laid off before probationary employees, and all probationary employees shall be laid off before any regular employees.

Layoff to the next lower class is authorized provided that (1) the employee to be laid off has previously served in said lower class and (2) the original date of appointment to that class predates at least one (1) employee presently serving therein. Employees demoted in lieu of layoff shall be placed on a reemployment register for a period of four (4) years for the classification held at the time the layoff occurred. Employees laid off shall be placed on a reemployment register for a period of two (2) years for the classification held at time of layoff.

3.02 Resignations

Any employee wishing to leave the employ of the City in good standing shall file with the Department Head at least two (2) weeks before leaving the service

a written resignation stating the effective date and reasons for leaving. The resignation shall be forwarded to the City Manager through the Human Resources Director with a statement by the Department Head as to the resigned employee's service performance. Failure of the employee to submit a written resignation as provided herein shall be entered on the service record of the employee and may be cause for denying future employment by the City.

4.00 WORK SCHEDULES - OVERTIME

4.01 Workweek

Employees shall be on duty for forty (40) hours during each seven (7)-day work period, as provided in the following sections.

4.02 Hours of Work, all except Patrol and Traffic

The work shift for employees shall be ten (10) hours, except as otherwise provided herein.

Employees shall work four (4) consecutive days, except as otherwise provided herein.

Employees restricted to light duty may be assigned to eight (8), ten (10), or twelve-and-one-half (12.5) hour shifts.

School Resources Officers shall work Monday through Friday, with approximately one-third (1/3) of them having Monday off, one-third (1/3) of them having Tuesday off, and one-third (1/3) having Friday off.

When the Hayward Unified School District's high schools are not in session, School Resource Officers shall work four (4) consecutive days.

The days-off configuration for School Resource Officers is intended to address the specific and special needs for deployment to the schools. Therefore, the variation of days off, including split days off, as specified herein, is limited to the position of School Resource Officer and shall not affect the configuration of the workweek or days off for any other position in the Police Department.

Employees assigned to the Personnel, Planning, and Training Bureau and the Office of Ethical Standards shall work either Monday through Thursday or Tuesday through Friday.

The Lieutenant of Inspectors shall work either Monday through Thursday or Tuesday through Friday.

Approximately one-half (1/2) of the Inspectors, Sergeants assigned to the Inspectors' Bureau, and Officers assigned to the Inspectors' Bureau as detectives shall work Monday through Thursday, and approximately one-half

(1/2) shall work Tuesday through Friday. Days off for these employees may rotate every three (3) months.

Approximately one-half (1/2) of the Officers assigned as Child Abuse Detectives or Domestic Violence Detectives shall work Monday through Thursday, and approximately one-half (1/2) shall work Tuesday through Friday. Days off for these employees may rotate every three (3) months.

4.03 Hours of Work, Patrol Division

The basic work schedule for employees assigned to the Patrol Division shall be three (3) twelve-and-one-half (12.5)-hour workdays per week, plus nine (9) ten (10)-hour makeup days per year.

Basic patrol shifts and the number of positions assigned to each shift and squad shall be set by the Chief of Police, subject to the terms and provisions of this Agreement.

The basic work hours for patrol shifts are:

Day shift:	0600-1830
Overlap (swing) shift:	1330-0200
Night shift	1800-0630

The basic work days for patrol shifts are:

Day shift:	A – Wednesday, Thursday, Friday B – Monday, Saturday, Sunday
Overlap shift	A – Monday, Tuesday, Sunday B – Thursday, Friday, Saturday
Night shift	A – Monday, Tuesday, Wednesday B – Friday, Saturday, Sunday
Relief shift:	Tuesday – Day shift Wednesday – Overlap shift Thursday – Night shift

Employees assigned to the day, overlap, and night shifts shall change workdays in the middle of each six (6)-month bid period so that those members working the "A" side will change to the "B" side and those members working the "B" side will change to the "A" side. Employees working the relief shift do not change workdays.

Employees assigned to this schedule shall be required to make-up nine (9) ten (10)-hour work days each calendar year. Makeup days may be used for training or special projects as determined by the Chief of Police. The makeup day shall be scheduled so that it coincides with the employee's workweek, meaning that it shall immediately follow the last workday or immediately

precede the first work day of the employee's normally scheduled work week, but shall not be on a Saturday, Sunday, or holiday.

A detailed calendar of scheduled makeup days shall be prepared by the Department not later than December 1 of each preceding year showing the schedule of makeup days for each shift for the following calendar year.

Employees shall be paid for forty (40) hours' work at the straight time rate for each payroll week even though the employee is only scheduled to work thirty-seven-and-one-half (37.5) hours. Employees shall receive no additional compensation for attending the ten (10)-hour makeup days as these are specifically designed to repay the City for the compensation advanced to the employees working this schedule. The City agrees that it is responsible for keeping an accurate accounting of all hours worked to ensure that employees are compensated and scheduled for makeup days as necessary to carry out the objectives of this schedule.

Employees assigned to this schedule will be compensated for holidays at the rate of ten (10) hours of holiday pay for each holiday. The compensation shall be paid in the pay period in which the designated holiday occurs. Compensation for employees shall be provided for each holiday worked and for each holiday which falls on a regularly scheduled day off. If, however, an employee is absent from work in a paid leave status when a designated holiday occurs, the employee shall receive ten (10) hours of holiday pay but will be required to utilize two-and-one-half (2.5) hours of either vacation leave or compensatory time off in order to receive the normal rate of compensation the employee would otherwise be paid for that day.

Employees absent from work shall have an hour-for-hour deduction made to their leave banks as appropriate to the type of leave being taken by the employee. Thus, on twelve-and-one-half (12.5)-hour days, twelve-and-one-half (12.5) hours shall be deducted. On ten (10)-hour makeup days, ten (10) hours shall be deducted unless the employee makes advance arrangements to otherwise makeup the ten (10) hours. Approval of special arrangements for makeup workdays shall be at the discretion of the Chief of Police.

All work performed in excess of regularly scheduled work hours, whether before or after a shift, or on an employee's days off shall be considered overtime and shall be compensated as overtime.

Patrol Division Lieutenants, Sergeants, and Officers available for solo patrol may bid for their assignment based on seniority. For the purpose of bidding, seniority shall be based upon continuous length of service in the classification of Police Officer, Police Sergeant and/or Police Lieutenant with the City of Hayward. The term of the bid shall be for a period not to exceed two (2) years, generally consisting of six (6)-month increments.

On each shift, the Officers shall be allowed to bid by seniority for each position until the number of positions remaining on a given shift equals the number of positions to be assigned for that shift.

The Chief of Police may assign up to fourteen (14) Officers who are on probation and/or with the least seniority to patrol squads as follows:

Day shift A squad:	2 Officers
Day shift B squad:	2 Officers
Overlap shift A squad:	2 Officers
Overlap shift B squad:	2 Officers
Night shift A squad:	3 Officers
Night shift B squad:	3 Officers

Within the above group, Officers on probation may be subject to assignment/reassignment of their shift, days off, and work areas when it is determined by management that exposure to varying shifts and areas is necessary to their overall development. In such cases, at least thirty (30) days' notice shall be given to such probationary Officer who is assigned or reassigned.

Staffing minimums shall be accomplished on a shift basis rather than by time of day. Refer to Department Policy 209, Staffing Levels, and Section 17.11, Departmental Written Directives, of this Agreement.

When staffing shortages or other needs of the Department require a change in shift and/or days off, such change shall be accomplished by the use of volunteer Officers. In the event there are no volunteers to accomplish the change, the change shall be accomplished by the use of inverse seniority. In such cases, at least thirty (30) days' notice shall be given to such Officer who is reassigned.

4.04 Hours of Work, Traffic Bureau

The basic work schedule for employees assigned to the Traffic Bureau shall be three (3) twelve-and-one-half (12.5)-hour workdays per week, plus nine (9) ten (10)-hour makeup days per year.

The basic work hours for traffic shifts are:

Day shift:	0600-1830
Overlap (swing) shift:	1330-0200

The basic work days for traffic shifts are:

Day shift:	A – Monday, Tuesday, Wednesday
	B – Thursday, Friday, Saturday
Overlap shift:	A – Monday, Tuesday, Wednesday
	B – Thursday, Friday, Saturday

Employees shall change workdays in the middle of each six (6)-month bid period so that those members working the "A" side will change to the "B" side and those members working the "B" side will change to the "A" side.

Employees assigned to this schedule shall be required to makeup nine (9) ten (10)-hour work days each calendar year. Makeup days may be used for training or special projects as determined by the Chief of Police. The makeup day shall be schedule so that it coincides with the employee's workweek, meaning that it shall immediately follow the last workday or immediately precede the first work day of the employee's normally scheduled workweek but shall not be on a Saturday, Sunday, or holiday.

A detailed calendar of scheduled makeup days shall be prepared by the Department not later than December 1 of each preceding year showing the schedule of makeup days for each shift for the following calendar year.

Employees shall be paid for forty (40) hours' work at the straight time rate for each payroll week, even though the employee is only scheduled to work 37.5 hours. Employees shall receive no additional compensation for attending the ten (10)-hour makeup days, as these are specifically designed to repay the City for compensation advanced to the employees working this schedule. The City agrees that it is responsible for keeping an accurate accounting of all hours worked to ensure that employees are compensated and scheduled for makeup days as necessary to carry out the objectives of this schedule.

Employees assigned to this schedule will be compensated for holidays at the rate of ten (10) hours of holiday pay for each holiday. The compensation shall be paid in the pay period in which the designated holiday occurs. Compensation for employees shall be provided for each holiday worked and for each holiday which falls on a regularly scheduled day off. If, however, an employee is absent from work in a paid leave status when a designated holiday occurs, the employee shall receive ten (10) hours of holiday pay, but will be required to utilize two-and-one-half (2.5) hours of either vacation leave or compensatory time off in order to receive the normal rate of compensation the employee would otherwise be paid for that day.

Employees absent from work shall have an hour-for-hour deduction made to their leave banks as appropriate to the type of leave being taken by the employee. Thus, on twelve-and-one-half (12.5)-hour days, twelve-and-a-half (12.5) hours shall be deducted. On ten (10)-hour makeup days, ten (10) hours shall be deducted, unless the employee makes advance arrangements to otherwise makeup the ten (10) hours. Approval of special arrangements for makeup workdays shall be at the discretion of the Chief of Police.

All worked performed in excess of regularly scheduled work hours, whether before or after a shift, or on an employee's days off shall be considered overtime and shall be compensated as overtime.

The Sergeant assigned to the Traffic Bureau and the Officer assigned as the Report Review Officer may be required to work four (4) (10)-hour days at the discretion of the Chief of Police.

Employees assigned to the Traffic Bureau to fill grant funded positions may be required to work four (4) ten (10)-hour days at the discretion of the Chief of Police.

Traffic Bureau employees assigned to ten (10)-hour days shall work four (4) consecutive days and shall not be required to attend makeup days.

Traffic Bureau employees assigned to ten (10)-hour days shall not be subject to any of the portions of this Section which are by their nature only relevant to employees working the three (3) twelve-and-one-half (12.5)-hour workday schedule.

4.05 Overtime

Overtime shall be approved in advance by the Chief of Police or a designated representative(s). The Chief of Police may specify those occasions where prior approval for overtime work is not required. The Chief of Police shall promulgate any additional regulations required for the administration and control of overtime.

Overtime work, other than Court Appearance Time, is defined as follows:

- A. For employees on a 4-10 work schedule, after ten (10) hours of work have been performed on an employee's regularly scheduled work shift, all additional hours worked shall be classed as overtime. For employees on a 5-8 work schedule, after eight (8) hours of work have been performed on the employee's regularly scheduled work shift, all additional hours worked shall be classed as overtime. As an exception to the foregoing, an employee who has completed a regular shift and has been released for the day and who is then called back to work for the performance of duty assignments shall be in an overtime status for all hours worked. A four (4)-hour minimum guarantee shall apply in such cases. This minimum shall not apply in those instances where the overtime worked is contiguous to the employee's regular hours of work.

The aforesaid four (4) hour minimum overtime guarantee shall apply to employees who are called in to attend meetings.

- B. In the event an employee works all hours in a scheduled shift, work performed in advance of and contiguous to the employee's scheduled shift shall be classed as overtime. Such time shall not be subject to the four (4)-hour minimum guarantee.
- C. Any work performed by employees on regularly scheduled days off or during a scheduled vacation shall be classed as overtime. For the purpose of this Section, the use of accrued compensatory time shall not be considered a "regularly scheduled day off."

4.06 Overtime Compensation

Employees shall be compensated at an overtime rate of one and one-half (1½) times the employee's regular straight time hourly rate in effect at the time the overtime is worked. An employee, within their sole discretion, may accrue not more than three-hundred twenty (320) hours of compensatory time off in lieu of overtime pay. Effective July 1, 2018, an employee, within their sole discretion, may accrue not more than four-hundred eighty (480) hours of compensatory time off in lieu of overtime pay. Accrued compensatory time shall be used when requested by the employee and approved by the Department Head or when scheduled by the Department, provided 24 (twenty-four) hours' notice is given to the employee concerned or shall be paid for in cash at the time of separation.

The City shall compensate employees by pay for all other overtime subject only to the availability of such funds. An amount of money shall be budgeted in order to pay for overtime, and such amount shall be based upon previous experience in the use of overtime work in the Department. Work required to be performed in excess of an employee's regular work day or work week by reason of change in shift assignment shall be compensated at straight time rates.

All overtime shall be compensated to the nearest fifteen (15) minute interval. Compensation shall commence upon arrival of the employee at the assigned duty station. In the event of a call-back situation as defined in Section 4.05, Overtime, paragraph A, overtime compensation shall commence upon the employee's personal receipt of notification to return to work. In no event shall more than thirty (30) minutes of overtime compensation be paid from time of notification to the time the employee reports to work.

Under no circumstances shall overtime compensation exceed one and one-half (1½) times the employee's regular rate of pay as provided above. In the event two (2) or more authorized overtime assignments overlap and the job duties for each assignment are compensable at different hourly rates, the highest hourly rate shall apply to all overlapping hours.

4.07 Court Appearance Time

Employees who are subpoenaed to appear in court on a regularly scheduled day off shall receive a minimum of four (4) hours' pay at the overtime rate for an actual appearance in court, or four (4) hours' pay at the straight time rate if cancellation occurs on the scheduled day of appearance.

Employees who are subpoenaed to appear in court during off-duty hours on a scheduled work day shall receive a minimum of four (4) hours' pay at the overtime rate for an actual appearance in court, or four (4) hours' pay at the straight time rate if cancellation occurs on the scheduled day of appearance. This minimum guarantee shall not apply to those hours which are part of an employee's regularly scheduled work shift.

Court overtime shall commence at the time of appearance. In the event it is necessary to obtain evidence immediately prior to the actual court appearance, up to thirty (30) minutes of overtime may be authorized immediately prior to the specified court appearance time. Court overtime shall also include the actual time necessary to travel to the designated court location from the Hayward Police Department or from the employee's residence, whichever is closer. Any overtime necessary to obtain evidence and/or travel to the designated court location shall be counted towards satisfying the minimum guaranteed overtime compensation.

No more than two (2) guaranteed minimums shall be paid in any one day. In the event two or more court appearance times are contiguous or overlap, only one (1) minimum guarantee shall apply. Should an actual appearance be required on a case, and the employee is not released in sufficient time to appear for subsequently scheduled cases, the subsequent cases shall not be subject to the minimum guarantee. Guaranteed minimums shall apply only one (1) time per case per day unless a subpoena is issued for the same case at the behest of another criminal justice authority for a different time of day, and provided that it is neither contiguous to nor overlaps with the compensable time period of the first subpoena.

In order to qualify for minimum guarantees at the time-and-one-half rate, employees must physically respond to the designated court location and must remain there until released by competent authority. In lieu of physically responding to a court location, employees may call to learn if an appearance will actually be required. If this is not known at the time of initial contact, the employee may make arrangements with competent authority to call or be called at a later time to learn about appearance requirements. Once having made these arrangements, an employee will be entitled to minimum court guarantees at the time-and-one-half rate only in the event an appearance is actually required by competent authority.

Such guarantees shall commence upon arrival at the designated court location; the time interval between the originally specified appearance and the actual time of appearance shall not be compensable. The Chief of Police shall promulgate whatever additional regulations may be necessary in order to ensure that employees are available for court appearances as required.

4.08 Attendance Records

Employees shall be in attendance at work in accordance with rules regarding hours of work, holidays, and leaves. The Department shall keep daily attendance records of employees.

Employees who are unable to report to work for any reason shall notify a supervisor or watch commander at least one (1) hour prior to their scheduled starting time. The Department Head may waive this requirement upon presentation of a reasonable excuse by the employee.

5.00 MEET AND CONFER-TIME OFF FOR REPRESENTATIVES

5.01 Representatives

The Association shall designate not more than three (3) employees as accredited representatives of the Association who shall have authority to act for and bind the Association in matters pertaining to the administration of this Memorandum of Understanding.

5.02 Permission to Leave Assignments

Employee representatives shall not leave the duty or work station or assignment without specific approval of the Department Head.

5.03 Time Off for Representatives

The City shall allow a reasonable number of employee representatives (not less than two (2) employees) of the Association reasonable time off during regular work hours without loss of compensation or other benefits when formally meeting and conferring with representatives of the City on matters within the scope of representation.

6.00 BENEFIT PLANS

6.01 Medical Insurance

The City currently contracts with the Public Employees' Retirement System (CalPERS) for the purpose of providing access to medical insurance benefits to active employees and their eligible dependents, eligible retired employees, and eligible survivors of retired employees. Eligibility of an employee or a dependent to participate in this program shall be in accordance with the Public Employees' Medical and Hospital Care Act (PEMHCA). Eligibility of retired employees and survivors of retired employees to participate in this program shall be in accordance with those provisions of the PEMHCA providing for participation by "annuitants."

The City's employer contribution towards medical insurance benefits for each eligible employee shall be the minimum contribution amount required by Government Code Section 22892. Contributions provided under this Section are required only to the extent mandated by the PEMHCA.

Because CalPERS may change carriers and plans, the City shall not be required to provide a specific insurance coverage and shall only be required to provide those benefits as described in this Section so long as the City contracts for benefits with PERS for medical insurance benefits. The City will provide each eligible annuitant, as defined by the PEMHCA, with an employer contribution towards medical insurance benefits that is equal to any contribution provided to an active employee under this Section.

6.02 Dental Plan

The City shall purchase dental insurance coverage for full-time employees, other than temporary and provisional employees, and their eligible dependents. The City's contribution towards the purchase of insurance offered by Delta Dental or a successor plan shall not exceed \$119.04 per employee per month, and the City contribution towards purchase of insurance offered by United Concordia or a successor plan shall not exceed \$56.85 per employee per month except as provided below.

Benefits under the Delta Dental Plan shall include the following: 100 percent payment of diagnostic and preventative services; 80 percent payment for other basic services, and crowns and cast restorations; 70 percent payment for prosthodontics; 50 percent payment for orthodontics (adults and children). Deductibles each calendar year shall be \$25 per person with a maximum of \$75 per family. Maximum benefit payments shall be \$2,000 per year for each patient except for orthodontics, which shall carry a \$2,000 lifetime maximum benefit per patient.

In the event the premium rate charged by the dental insurance carriers is increased such that it exceeds the maximum contribution amounts listed above, the City shall pay the additional amounts on behalf of employees during the term of this Memorandum of Understanding only.

The City reserves the right to provide dental care benefits under a plan or through a carrier of its choice. Alternate coverage may be provided through a consortium of public agencies or private employers which may be formed for the purpose of providing dental care benefits for employees or through a program of self-insurance. In the event the City exercises this option, the alternate coverage shall be substantially equivalent to the coverage in effect at such time as a change in carriers takes effect.

6.03 Federal or State Health Plan

If, pursuant to any federal or state law which may become effective subsequent to the effective date of this Memorandum of Understanding, the City is required to pay contributions or taxes for hospital-medical, dental care, prescription drug, or other health benefits to be provided employees under such federal or state Act, the City's obligation to furnish the same benefits under the Medical and Dental Plans shall be suspended and the contributions agreed to be paid monthly hereunder by the City under Sections 6.01, 6.02, 6.04 and 6.06 of this Memorandum of Understanding shall be reduced each month by the amounts which the City is required to expend during any such month in the form of contributions or taxes to support said federal or state health plan.

If, as a result of such a law, the level of benefits provided by such law for any group of employees, or their dependents, is lower in certain categories of services than that provided under Sections 6.01, Medical Insurance, 6.02, Dental Plan, 6.04, Flexible Benefits Allowance, and 6.06, Vision Care, the City shall, to the extent practicable, provide a plan of benefits supplementary to the federal or state benefits so as to make benefits in each category of coverage

as nearly comparable as possible to the benefits provided under said Sections 6.01, 6.02, 6.04, and 6.06. The City need only expend for this purpose the actual amount required to achieve parity between the benefits agreed to be provided under Sections 6.01, 6.02, 6.04, and 6.06 and the benefits provided under any federal or state plan as supplemented in the manner hereinabove described.

If the benefits provided under the federal or state Act exceed the benefits provided hereunder in each category of coverage, the City shall be under no further obligation to make any contribution in pursuance of this Section.

In the event that the federal or state government enacts a health care program requiring contributions by employees, such employee contributions shall be reimbursed by the City in the amount by which said employee contribution reduces the City contribution required under this Section of the Memorandum of Understanding.

6.04 Flexible Benefits Allowance

The City shall provide a contribution to the City's Flexible Benefits Plan (125 Plan) for each full-time employee in regular or probationary status who is enrolled in one of the CalPERS medical insurance plans offered by the City. Employees can use this contribution to offset the cost of benefits purchased through the 125 Plan. The value of any flexible benefit allowance provided by the City shall be determined as follows:

Each year, the City will review the premium charged for employee + 2 or more coverage (family coverage) under the Blue Shield HMO and Kaiser health insurance plans to determine the plan to be used for determining the amount of the City's contribution to the 125 Plan. Contributions will be the greater of A or B as defined below:

- A. If the premium for family level coverage under the Blue Shield HMO plan is greater than the premium for family level coverage under the Kaiser plan, the City's maximum employer contribution for participation in any plan, at any participation level (employee only, employee +1, or employee +2 or more) shall be equal to the premium for family coverage under the Blue Shield HMO plan, which includes the City's contribution pursuant to Section 6.01, Medical Insurance, above. The City's total contributions to an employee under the provisions of Section 6.01 and this Section shall be the family level premium cost for Blue Shield HMO coverage or the premium cost for the plan selected, whichever is less.
- B. If the premium for family level coverage under the Kaiser plan is greater than the premium for family level coverage under the Blue Shield HMO plan, the City's maximum employer contribution for any participation level of coverage (employee only, employee +1, or employee +2 or more) shall be equal to the premium for coverage under the Kaiser plan, which includes the City's contribution pursuant to Section 6.01, Medical Insurance, above. The City's total contributions to an employee under the provisions of Section 6.01 and this Section shall be the family level

premium cost for Kaiser coverage or the premium cost for the plan selected, whichever is less.

Contributions to an employee's Flexible Benefits Account shall be used only for the payment of those benefits that are available through the City's Flexible Benefit Plan. The City will not treat any contributions made to the Flexible Benefits Plan as compensation subject to income tax withholding unless the Internal Revenue Service (IRS) and/or the Franchise Tax Board indicates that such contributions are taxable income subject to withholding. Each employee shall be solely and personally responsible for any federal, state, or local tax liability of the employee that may arise out of the implementation of this Section or any penalty that may be imposed therefore.

Each employee shall file an election in writing during the month of open enrollment for medical insurance each year designating how contributions to the employee's Flexible Benefits Account are to be spent during the ensuing twelve (12)-month period. Thereafter, no changes to designations so made shall be allowed until the open enrollment period of the following year except for changes due to an eligible qualifying event.

Each employee shall be responsible for providing immediate written notification to the Human Resources Director of any change to the number of the employee's dependents which would affect the amount of the City's payment to the Flexible Benefits Account and/or direct payments made by the City for the payment of medical insurance premiums. An employee who, by reason of failing to report a change in dependents, receives a City payment greater than the amount to which the employee is entitled shall be liable for refunding the excess amounts received via a reduction in the amount paid to the employee's Flexible Benefits Account in subsequent months. Changes to flexible benefit payments associated with changes in an employee's number of dependents shall take effect at the start of the first pay period in the month after notice of the change is received by the Human Resources Department. No retroactive increases to the Flexible Benefit Allowance provided by the City shall be allowed.

6.05 Alternate Benefits

Employees who do not participate in a City sponsored health insurance program shall be allowed an alternative benefit in the form of a cash payment in lieu of benefits listed in Section 6.01, Medical Insurance, and Section 6.04, Flexible Benefits Allowance, of this Memorandum of Understanding.

A. Eligibility

Eligibility for receipt of alternative benefits is restricted to those employees in regular or probationary status who: (1) elect to opt-out of receiving City contributions under Section 6.01 and 6.04, and (2) provide proof of medical insurance coverage from a plan other than a City-sponsored plan.

B. Amount of Benefit

The amount of alternative benefit provided to an employee is based on the level of insurance coverage that the employee could have received if the employee had enrolled in a City-sponsored health insurance plan, as follows:

Employee only	\$210.00 per month
Employee and one dependent	\$380.00 per month
Employee and two + dependents	\$500.00 per month

For the purpose of this Section, the term "dependent" shall mean a dependent eligible for coverage under a CalPERS medical insurance plan if such coverage had otherwise been elected by the employee.

Any cash payment provided under this Section shall be reported to the Internal Revenue Service (IRS) and the California Franchise Tax Board as compensation subject to income tax withholding. Each employee shall be solely and personally responsible for any tax liability that may arise out of receipt of the alternative benefits provided under this Section.

A full-time employee who does not receive a City contribution under Section 6.01 and 6.04 and who is enrolled in a City-sponsored health insurance plan as the dependent of another City employee may be eligible to receive an alternative benefit as provided in this Subsection. If the cost to the City of providing an employee with benefits as the dependent of another City employee is less than the cost of enrolling the employee separately in a City-sponsored health insurance plan, then the individual enrolled as a dependent may receive an alternative benefit. The amount of any alternative benefit shall be equal to the amount of savings to the City for the employee's enrollment as a dependent of another, up to an alternative benefit of \$210 per month.

The following examples illustrate how alternative benefits will be provided to employees who are enrolled as a dependent in a City sponsored health insurance plan. For purpose of these examples, assume the following amounts as the City's total costs towards providing benefits under Section 6.01 and 6.04:

Employee only - total cost of \$500 per month

Employee and one (1) dependent – total cost of \$1,000 per month

Employee and two (2) or more dependents – total cost of \$1,400 per month

Example 1. Employee A and B are spouses who both work for the City of Hayward. Employee A participates in City-sponsored health insurance at the Employee plus 1 level (City cost of \$1,000 per month), with Employee

B enrolled as Employee A's one dependent. If each employee was to participate in a City-sponsored plan as an individual employee, then the City's cost would be \$500 per month for each employee (or a total of \$1,000 per month for two people, each enrolled individually at the employee only level). Since there is no cost savings to the City for enrolling Employee B as a dependent of Employee A, and vice-versa, then neither employee is eligible to receive an alternative benefit.

Example 2. Employee A and B are spouses who both work for the City of Hayward. They have one child. Employee A participates in City-sponsored health insurance at the Employee +2 or more level (City cost of \$1,400 per month), with Employee B and the child enrolled as Employee A's dependents. If Employee B was to enroll in a City sponsored plan individually (City cost of \$500), and Employee A's participation was modified to the Employee +1 (City cost of \$1,000), the City's total cost for providing benefits to both employees would increase from \$1,400 to \$1,500 per month. Since the City realizes a \$100 savings per month due to Employee B's enrollment as a dependent of Employee A, Employee B is eligible to receive an alternative benefit. The amount of this alternative benefit will be \$100 per month.

Example 3. Employee A and B are spouses who both work for the City of Hayward. They have two children. Employee A participates in City-sponsored health insurance at the Employee + 2 or more level (City cost of \$1,400 per month), with Employee B and the two children enrolled as Employee A's dependents. If Employee B was to enroll in a City sponsored plan individually (City cost of \$500), and Employee A continued to participate in Employee +2 or more benefits with the two children as dependents (City cost of \$1,400), the City's costs for providing benefits to both employees would increase from \$1,400 to \$1,900 per month. Since the City realizes a \$500 savings per month due to Employee B's enrollment as a dependent of Employee A, Employee B is eligible to receive an alternative benefit. The amount of this alternative benefit will be \$210 per month (the maximum alternative benefit available to employees enrolled as dependents of another employee).

C. Enrollment Procedures

1. Initial Enrollment - Employees requesting an alternative benefit must apply to the Human Resources Director and specify; (i) the number of dependents who would otherwise be eligible (as defined in Paragraph B above) to be covered under a City medical insurance plan; (ii) provide proof of medical insurance coverage from a plan other than a City sponsored plan. The effective date of participation shall be the first of the month following receipt of application in the Human Resources Department.
2. Changes in Enrollment. Employees who experience a qualifying event that would allow for enrollment in a City-sponsored health insurance plan outside of the annual open enrollment period may

elect to withdraw participation in the alternative benefit program and participate in medical insurance coverage available from the City.

In addition to the foregoing, changes in enrollment status will be allowed as required upon a change in the number of an employee's dependents, provided such change has an effect upon the employee's participation in the program. An employee who experiences an increase in eligible dependents, and who is already enrolled in the program, may apply for a corresponding increase in benefit amounts contributed by the City. The increase will be effective the first of the month following receipt of application. An employee who experiences a decrease in eligible dependents shall be required to report same to the Human Resources Department, and a corresponding reduction in benefit amounts contributed by the City shall be made.

All such adjustments in benefit amounts and withdrawals from the alternative benefit program shall take effect on the first of the month following the notification of the qualifying event to the Human Resources Department.

The City Manager may, in individual cases, grant exceptions to the enrollment procedures recited above because of unforeseen circumstances which may result in hardship to an employee.

6.06 Vision Care

The City shall purchase vision care insurance for employees and their eligible dependents. The plan shall require a \$10.00 deductible and shall provide for an eye examination and lenses once per year and frames once every two (2) years.

The City's contribution towards the purchase of this insurance shall not exceed \$17.47 per employee per month except as provided below. In the event the premium rate charged by the vision care insurance carrier is increased such that it exceeds the maximum contribution amount listed above, the City shall pay the additional amount on behalf of employees for the remaining term of this Memorandum of Understanding only.

The City reserves the right to provide vision care benefits under a plan or through a carrier of its choice. Alternate coverage may be provided through a consortium of public agencies or private employers which may be formed for the purpose of providing vision care benefits for employees, or through a program of self-insurance. In the event the City exercises this option, the alternate coverage shall be substantially equivalent to the coverage in effect on July 1, 2004.

6.07 Retirement Plan

The City shall contract with the Public Employees' Retirement System (PERS) to provide retirement benefits to members of the representation unit. Classic members shall receive the following retirement benefit package:

1. 3% @ 50 Patrol or Local Safety Member
2. Additional Service Credit 2 Years – Local Member
3. Military Service Credit as Public Service
4. Military Service Credit for Retired Persons
5. Pre-Retirement Death Benefits to Continue After Remarriage of Survivor
6. 1959 Survivor Benefit Level 3

8. Post-Retirement Survivor Allowance to Continue After Remarriage

10. 2% Annual Cost-of-Living Allowance Increase
11. \$500 Retired Death Benefit
12. Prior Service

1. 2.7% @ 57 Formula for Safety Members
2. Additional Service Credit 2 Years – Local Member
3. Military Service Credit as Public Service
4. Military Service Credit for Retired Persons
5. Pre-Retirement Death Benefits to Continue After Remarriage of Survivor
6. 1959 Survivor Benefit Level 3
7. Post-Retirement Survivor Allowance
8. Post-Retirement Survivor Allowance to Continue After Remarriage
9. Final Compensation 3 Years
10. 2% Annual Cost-of-Living Allowance Increase
11. \$500 Retired Death Benefit
12. Prior Service

The City shall amend its contract with PERS to include the Pre-Retirement Option 2W Death Benefit for Classic and new members as defined by PEPPA. This benefit will become effective upon completion of the contract amendment with PERS.

6.08 Supplemental Retirement Benefit

The City will provide eligible employees who retire from the City (either due to a disability retirement or a service retirement) with a supplemental retirement benefit as provided in this Section.

For employees retiring on or after July 1, 2004, eligibility for retiree medical plan contributions is limited to employees who have completed ten years of service or more with the City of Hayward. The vesting provision is not applicable to industrial disability retirements.

Effective July 1, 2004, the City shall contribute up to \$261.64 per month or the Kaiser North single party rate, whichever is greater, less the amount provided in Section 6.01, Medical Insurance, above, for each active employee, each eligible retired employee who was hired before May 1, 2012, or the eligible survivor of a retiree who was hired before May 1, 2012 who subscribes for coverage.

Effective May 1, 2012, the City shall not contribute more than a total of \$508.30 per month, less the amount provided under Section 6.01 above, for each eligible retired employee who was hired on or after May 1, 2012 or to the eligible survivor of a retired employee who was hired on or after May 1, 2012 toward the premium cost of City sponsored health insurance. The City contribution shall not exceed the lesser of \$508.30 or the premium cost, which is either the basic rate or the supplement to Medicare rate incurred by the retiree or the retiree's survivor under CalPERS policy, and includes any required Public Employees' Medical and Hospital Care Act (PEMHCA) contribution.

In the event PERS requires a minimum employer payment in excess of the amounts provided above, the City shall pay such additional amounts during the term of this Memorandum of Understanding.

The supplemental benefits provided under this provision are paid in the form of cash to the retiree on a monthly basis. In order to receive a benefit under this provision, an employee must begin receiving pension benefits from CalPERS within one-hundred and twenty (120) days of leaving City employment and be enrolled in a CalPERS sponsored health plan. Retirees are solely responsible for any tax consequences associated with the receipt of benefits under this Section.

6.09 Other Post-Employment Benefits (OPEB)

The City and HPOA recognize the need to fund retiree medical. As such, beginning with the pay period that includes July 1, 2018, employees represented by HPOA shall contribute one percent (1%) of base salary (excluding all special pays, allowances and overtime), to an irrevocable trust to fund the unfunded retiree medical obligations. The contribution made by employees to the trust fund shall be exclusively allocated for the expense of retiree healthcare of its members. This provision shall remain in effect until such time that a successor agreement has been negotiated.

6.10 Other Benefits

Effective July 1, 2018, the City shall contribute \$2400 annually to the deferred compensation account of employees hired on or after May 1, 2012 paid bi-weekly in the amount of \$92.31. This provision shall remain in effect until such time that a successor agreement has been negotiated.

7.00 SALARY ADMINISTRATION

7.01 Salary Administration Policy

The policy governing preparation of a compensation plan shall be that of salary standardization, or like pay for like work.

7.02 Salary at Time of Employment

The plan may provide a flat salary rate or a salary range for each classification with a minimum, maximum, and one or more intermediate steps. The beginning or normal hiring rate shall usually be at the first step of the range. Every new employee shall be paid the first step on employment, except that the City Manager or other appointing authority may authorize employment at a higher step if the labor supply is restricted or the person to be hired is unusually well qualified.

7.03 Eligibility for Advancement in Pay

Employees may be advanced to higher steps as merited by progressive improvement in job skills and work performance. The following time-in-step requirements shall apply before an employee gains eligibility for advancement in pay.

Step	Time-in-Step
A	6 months
B	6 months
C	1 year
D	1 1/2 years
E	--

If warranted for the good of the service or when an employee demonstrates outstanding capacity in performing their duties, employee may be advanced prior to completion of the above time-in-step requirements. When a pay range consists of less than five steps, the range shall be established at the higher steps within the above time schedule. In determining time-in-step, it shall begin in the first five (5) days of the payroll period, otherwise time shall begin on the first day of the next payroll period. Advancement in pay, when approved, shall be effective at the beginning of the first pay period immediately following completion of the time-in-step requirements outlined above. If an employee is on leave without pay for more than one (1) month, the period shall be deducted from the accumulated time-in-step.

7.04 Attaining Advancement

An employee must demonstrate that advancement is merited on the basis of job performance. Advancements shall not be made solely because employees are eligible according to time-in-step requirements. Good attitude and personal conduct, work accomplished, conscientious attendance, safety alertness, efforts at self-improvement, and other factors of individual achievement must be evident as appropriate to the position. The Department Head shall be notified by the Human Resources Director of an employee's approaching eligibility for step advancements.

7.05 Use of Performance Ratings in Determining Whether Step Advancement is Merited

Performance ratings shall guide supervisors and department heads in determining whether step advancements have been earned and should be recommended to the City Manager.

7.06 Withholding Step Advancements

The Department Head has the authority and responsibility to recommend withholding step advancements by the City Manager if they are not merited. The Department Head shall keep employees informed about their job performance, giving good work its proper recognition and any deficient work all possible guidance and assistance toward improvement. The Department Head shall notify the employee as to the reasons for withholding step advancements.

The City and the Association agree that in this Section and in Sections 7.04, Attaining Advancement, and 7.05, Use of Performance Ratings in Determining Whether Step Advancement is Merited, "merited" shall mean being worthy of or deserving of a step increase by exhibiting competent performance.

7.07 Change in Pay Upon Promotion

When employees are promoted, they shall normally receive the first step in the salary range for their new position. However, if such step is equal to or less than their present salary, or they would be eligible for step advancement shortly in their previous position, they may receive the next step in the salary range of the new position which is close to a five percent (5%) increase in pay. The City and the Association agree that "close to a five percent (5%) increase" shall be interpreted as at least 5%, but in no case shall it be an amount greater than the fifth step of the salary range for the classification to which the employee promoted. When no advancement in salary is granted on promotion, employees may be allowed to carry forward time-in-step accumulation. Employees promoted to a higher position who, at the time of promotion, are serving in such position in an acting or provisional status shall be entitled to have all time continuously served credited towards time-in-step requirements. In no event shall an employee receive a rate of pay in excess of the maximum rate of the classification to which the employee is promoted.

7.08 Change in Pay Upon Demotion

When employees are demoted, they shall be placed in a salary step in their new class which is the same as or above the step held prior to demotion, providing said demotion is not the result of disciplinary action.

7.09 Change in Pay Upon Reclassification

When a position is reallocated to a classification with a higher pay range and the incumbent employee retains the position, the employee shall normally be placed at the first step in the new range. If no increase in pay results, advancement may be made to the next step immediately above the present salary. When recommended by the Department Head and approved by the City Manager, additional advancement may be granted. If no change in salary is granted, the employee may be allowed to carry forward time-in-step accumulation.

When a position is reallocated to a classification with a lower salary range, the incumbent employee's pay shall not be reduced while the employee continues to occupy the position. If the employee's current rate is below the maximum step of the new range, the employee shall continue at the present salary and carry forward time-in-step accumulation. If the current rate exceeds the maximum step of the new range, the employee's salary shall be frozen at its current level. When the incumbent leaves the position, a replacement shall normally be hired at the beginning rate.

7.10 Pay for Employees in an "Acting" Capacity

An employee who is assigned to and performs the duties of a higher-level position on an "acting" basis for a continuous period of one (1) week or longer shall receive the salary step of the assigned position which is an increase over the employee's present salary step, or a five percent (5%) increase in pay, whichever is the greater. In no event shall an employee receive acting pay at a rate which is in excess of the maximum rate of pay for the classification in which the employee is acting. In the event said acting assignment is in a position in another representation unit, an hourly rate shall be established which, when combined with the City's current payment of employee contributions to the Public Employees' Retirement System (PERS), is equal to the salary step the employee is eligible to receive pursuant to the provisions of this Section. Acting pay so provided shall be retroactive to the first day of assignment.

An employee who is receiving acting pay by reason of assignment to a position in the Management Unit or Police Management Unit shall not be entitled to receive overtime compensation during such period of assignment for overtime work involving the performance of duties associated with the acting position. If such employee is required to perform overtime work in the performance of duties related to the employee's regular position, the employee shall be entitled to receive overtime compensation based on the rate of pay for the employee's regular position for time spent performing such duties.

The Chief of Police shall authorize, on an informal basis only, the use of administrative leave by affected employees, provided that all other terms and conditions relative to the performance of the acting assignment at a management level are present. Any such informal administrative leave granted by the Chief of Police shall be pro-rated at 1.54 hours per week based upon the duration of the acting assignment. Any granting of unofficial or informal administrative leave during an acting assignment shall be at the sole discretion of the Chief of Police and subject to review of the City Manager.

Employees who qualify for acting pay shall be compensated at their acting pay salary level during periods of approved leave with pay which occur while they would otherwise be performing the duties of the higher classification in which they are acting but for being on such approved leave with pay. In the event an employee performing such acting assignment is absent from work because of illness or injury, the City may replace said employee with another employee to perform the acting assignment; or, after five (5) consecutive days of such absence, the City may terminate the employee's acting assignment designation and the additional compensation provided therefore.

7.11 Special Assignment Positions

Special assignment positions within a classification may be established where duties and responsibilities are of a specialized nature by comparison to other positions in the class. Said positions may be established by the City Council following a report and recommendation thereon by the City Manager and the Personnel and Affirmative Action Commission. Special assignment positions so established will be reviewed annually by the Personnel and Affirmative Action Commission. Selection of employees to said positions and removal therefrom shall be made by the City Manager upon recommendation of the Department Head. An employee so assigned shall receive a salary increment not to exceed five percent (5%) of the employee's present salary.

Special assignment positions within a classification which have been previously established by the Chief of Police to meet operational needs of the Department are not subject to the provisions of this Section unless those positions have been established by the City Council or are subject to additional compensation as otherwise specified in this Memorandum of Understanding.

7.12 Additional Compensation for Field Training Officers

An employee assigned as a Field Training Officer (FTO) shall receive additional compensation in the amount of two and one-half percent (2 1/2%) above the employee's current salary step for the duration of the employee's assignment as an FTO. Selection of employees for FTO assignments, evaluation of employees' performance of FTO duties, and removal of employees from FTO assignments shall be at the sole discretion of the Chief of Police. As an exception to the foregoing, employees who are removed from an FTO assignment by reason of disciplinary action imposed because of misconduct shall be entitled to appeal such removal as provided in Section 13.00, Grievances, of this Memorandum of Understanding.

7.13 Bi-Lingual Pay

The Chief of Police or designee shall identify those employees who are required in the performance of their duties to converse and/or communicate in writing with the public in a language other than English. Employees so designated who have demonstrated their competency in a second language by successfully completing a fluency test administered through the Human Resources Department, by a third-party vendor, shall receive bilingual pay as provided below:

1. Employees who are required in the performance of their duties to converse with the public in a language other than English, and who have demonstrated their competency in a second language by successfully completing a fluency test administered through the Human Resources Department, shall receive bilingual pay in the amount of thirty dollars (\$30) per pay period.
2. Employees who are required in the performance of their duties to converse with the public and communicate in writing and/or translate official written documents in a language other than English and who have demonstrated their competency in a second language by successfully completing a fluency test administered through the Human Resources Department, shall receive bilingual pay in the amount of one hundred dollars (\$100) per pay period.

In no event shall an employee receive more than one hundred dollars (\$100) per pay period for bilingual pay pursuant to this section. The City may test an employee to confirm their bilingual competency at any time if the City has a reasonable cause to question the employee's skills. The parties mutually agree that the competency testing shall be administered by a third-party vendor and that the testing process is not subject to grievance. Employees who do not demonstrate continued competency will cease receiving bilingual pay until such time competency is again demonstrated.

If an employee is deemed ineligible for bilingual pay due to competency testing, the employee can appeal the issue of whether the City had reasonable cause to test up to the Director of Human Resources or to such representative as the Director of Human Resources may designate. The grievance may be presented in writing either by the employee or by an authorized union representative to the Director of Human Resources or a designated representative. The Director of Human Resources shall have seven (7) working days from the date of receipt of the grievance to respond. Should the grievance remain unresolved, the grievance may be presented in writing either by the employee or by an authorized union representative to the City Manager or to such representative as the City Manager may designate. The City Manager shall have seven (7) working days from the date of receipt of the grievance to respond.

The Chief of Police shall regularly review the Department's need for bilingual services and shall retain the discretion to recommend to the City Manager whether it is necessary to increase or decrease the number of personnel

required to converse and/or write in a language other than English in the performance of their duties.

7.14 Canine Handler Incentive and On-Duty Time

All current and future Hayward Police Officers serving in the special assignment of Canine Handler shall receive a two and one-half (2.5%) pay incentive based on their current rate of pay. The incentive will commence when the Officer is selected to the assignment and is assigned a police canine. The incentive will continue during the length of time the Officer is assigned to the Canine Unit and will terminate when the Officer leaves the unit and is no longer responsible for the maintenance of a City-owned police canine. The two and one-half (2.5%) incentive pay will not apply to police canines that have been retired from service and sold to handlers as City surplus.

All current and future Hayward Police Officers serving in the special assignment of Canine Handler shall receive two (2) hours of on-duty time per week during their normal scheduled canine training day for the purpose of canine maintenance activities. The two (2) hours per week for canine maintenance activity shall commence when the handler is assigned a police canine and will terminate when the handler leaves the Canine Unit. The two (2) hours per week canine maintenance activity will not apply to handlers who leave the unit and purchase a retired police canine as City surplus property.

7.15 Additional Compensation for Investigators Assigned Standby Status

For the purposes of this Section, the following definitions shall apply:

- Detective shall mean a person holding the position of Police Officer who is assigned to work in an investigatory special assignment for a specified period of time.
- Standby shall mean the express and absolute requirement that an employee be available during specified off-duty hours to receive communication regarding a requirement to return to work and to be fit and able to return to work, if required. It shall not be considered standby when an employee is contacted and required to return to work but has not been required to be available for receipt of such contact.

Standby Schedule

Salary Survey

Base salary for all classifications covered by this MOU increased by the difference between the total compensation of a Hayward Police Officer and the average of the total compensation for Police Officer of the top four (4) agencies based on a survey of salary and benefits. The percentage increase shall be determined by $(\text{Total compensation average of top four (4) agencies} - \text{Total compensation of Hayward Police Officer}) / \text{Total compensation of the Hayward Police Officer}$, rounded to the nearest .01%. Hayward may be included in the top four (4) agencies should its compensation so indicate.

Surveyed agencies shall be: Santa Clara, Vallejo, Palo Alto, Richmond, Fremont, Berkeley, Daly City, San Mateo, Alameda, and San Leandro.

The salary survey shall be completed by May 31 of each year and include all salaries and benefits effective on July 1, of each year respectively, and approved by the agencies board or council. If on October 1 of each year, any of the above agencies reaches a settlement retroactive on or prior to July 1 of that respective year, thereby changing the average of the top four (4) agencies, a one-time adjustment will be made no later than November 1 of that respective year to salaries to reflect that change. Even withstanding the exceptions outlined above, the salary survey itself shall be completed annually regardless of the years where salary adjustments are not linked to it. Unless otherwise negotiated, salary increases resulting from salary surveys shall not exceed five percent (5%).

For purposes of this agreement and any mutually agreed upon successor Memorandum of Understanding, "total compensation" shall mean the top step Officer base monthly salary; employer-paid member CalPERS contributions; total employee-paid voluntary cost sharing of employer CalPERS contributions; holiday pay; uniform allowance; education incentive pay applicable to all Police Officers; continuous service pay applicable to all Police Officers; shift differential pay applicable to all Police Officers; employee-paid contributions towards the City's OPEB liability; employer contributions towards the employee's dental, life, LTD/STD, and vision care insurance premiums; and the amount the employer pays for premiums for family level health coverage. The amount to be included in the survey for family level health coverage for the City of Hayward Police Officers shall be the amount of the family premium for

the health plan in which the plurality of the HPOA members are enrolled. The amount to be included in the survey for employee's dental, life, LTD/STD, and vision care insurance premiums shall be the maximum amount payable for each benefit by the respective Cities. The amount to be included in the survey for educational/POST incentive pay and continuous service pay shall be the maximum amount allowable for each incentive under each separate salary survey City's MOU. The amount to be included in the survey for shift differential pay shall be one third (1/3) of the maximum allowable under each separate salary survey City's MOU.

8.01 Treatment of Employees' PERS Contribution

(A) Employees Hired Before January 1, 2013

The provisions described in this Section A apply only to CalPERS eligible employee hired before January 1, 2013, or to an eligible employee hired after that date who qualifies for pension reciprocity pursuant to Government Code Section 7522.02 (c). Referred to as CalPERS "Classic Members."

As long as the annual Employer Contribution Rate required by PERS for the fiscal year beginning July 1, 2014 is at least thirty percent (30.00%), and as authorized by Government Code Section 20516 (Optional Benefits, Cost Sharing), "Classic" bargaining unit members shall be responsible for payment of the nine percent (9%) employee retirement contribution plus an additional six percent (6%) of their salaries (for a total of 15%) to the California Public Employees' Retirement System (CalPERS) as payment of the City's employer contributions that the City would otherwise be required to pay to CalPERS for these employees. Said contribution shall be credited to each member's account as a normal contribution.

(B) Employees Hired on or After January 1, 2013

This Section B shall apply to CalPERS eligible employees hired on or after January 1, 2013 who do not qualify for pension reciprocity pursuant to Government Code Section 7522.02(c). Referred to as CalPERS "New Members." The retirement plan for these employees shall be the retirement plan which the City is required to provide new members pursuant to the California Public Employees' Pension Reform Act of 2013.

As long as the annual Employer Contribution Rate required by CalPERS for the fiscal years beginning July 1, 2014 is at least thirty percent (30.00%), and as authorized by Government Code Section 20516 (Optional Benefits, Cost Sharing), "New" bargaining unit members shall pay a total of fifteen percent (15%) of reportable wages to fund their pensions. The fifteen percent (15%) of reportable wages is comprised of the CalPERS published employee rate, plus the additional contribution to the City's employer rate that the City would otherwise be required to pay to CalPERS for these employees. Under Section 20516, the additional contributions are as follows:

Effective the pay period including July 1, 2014 2.25%

Effective the pay period including July 1, 2016 3.00%

Under Section 20516, after July 1, 2016, employees shall continue to pay an additional contribution of three percent (3.00%). If CalPERS enacts a change to the employee rate as reflected in the Annual Valuation Report, the parties will amend this side letter to ensure it accurately reflects new members pay a total of fifteen percent (15%) of reportable wages to fund their pension.

This contribution currently represents more than the employee's fifty percent (50%) of the normal cost as determined by CalPERS. The amount paid in excess of fifty percent (50%) of the normal cost shall constitute employee payment of a portion of the employer's fifty percent (50%) of the normal cost as determined by CalPERS. Said contributions over the fifty percent (50%) threshold shall be credited to each member's account as a normal contribution.

In no event shall the employee contribution be less than fifty percent (50%) of the total normal cost rate, as required by Government Code Section 7522.30. In the event that fifty percent (50%) of the normal cost exceeds fifteen percent (15%), the employee contribution shall be increased to ensure that the employee contribution is fifty percent (50%) of the total normal cost rate in compliance with Government Code section 7522.30. The City agrees to meet and discuss, at the request of the POA, mutually acceptable adjustments to the terms negotiated herein in order to provide equitable treatment of classic and new PEPRAs employees.

(C) All Members

The City will continue to not treat these contributions as compensation subject to income tax withholding unless the Internal Revenue Service or Franchise Tax Board indicates that such contributions are taxable income subject to withholding. Each employee shall be solely and personally responsible for any federal, state, or local tax liability of the employee that may arise out of the implementation of this Section or any penalty that may be imposed therefore.

(D) CalPERS Related Costs

The parties acknowledge that at the time this term was negotiated, the City was facing increasing CalPERS costs such that the parties entered into this agreement in an attempt to relieve the impact on the City finances. Further, the parties recognize that the amount to be paid by HPOA members is higher than most public employees and higher than all of the comparable jurisdictions.

9.00 HOLIDAYS AND HOLIDAY PAY

9.01 Holidays

The City's holiday policy shall provide the following holidays to be observed on the days indicated:

New Year's Day (January 1)	Indigenous Peoples' Day (2nd Monday in October)
Martin Luther King Day (3rd Monday in January)	Veterans' Day (November 11)
Lincoln's Birthday (February 12)	Thanksgiving Day (4th Thursday in November)

Independence Day (July 4)	Christmas Day (December 25)
Labor Day (1st Monday in September)	1/2 New Year's Eve Day (one-half the regular shift length of the employee, Dec. 31)
Admission Day (September 9)	

9.02 Payment for Holidays Worked

Employees shall receive 6.73% additional compensation per pay period, calculated on their base pay only, in lieu of being allowed to take paid time off or accrue paid time off for a City holiday.

Except as provided in this provision, an employee who works on a designated City holiday as part of the employee's regular schedule will not receive any additional compensation based solely on the day's designation as a City recognized holiday. Employees working overtime on a designated City holiday shall be paid at their normal overtime rate and will not receive any additional compensation based solely on the day's designation as a City recognized holiday. Employees who wish to take any day off will be required to use accrued vacation and/or compensatory time.

10.00 VACATIONS

10.01 Use of Vacation Leave

Vacation leave is a right; however, the use of the same shall be scheduled by the City, taking into account the desires and seniority of employees and the workload requirements of the Department. Employees shall take vacation

leave regularly each year and shall be encouraged to take vacation at least one (1) full week at a time. In order to give effect to this policy and to realize the greatest benefit from vacation leave for both employees and the City, limitations shall be placed upon the amount of unused vacation leave an employee is allowed to accumulate.

10.02 Vacation Accrual

Effective with the pay period that includes July 1, 2014, the full-time vacation accrual schedule shall be the following:

Years of Service	Per 80 Hour Period	Hourly Equivalent	Annual
0 to end of 4 yrs.	3.08 hrs.	.0385 hrs.	80 hrs.
5 to end of 9 yrs.	4.62 hrs.	.0578 hrs.	120 hrs.
10 to end of 14 yrs.	6.16 hrs.	.0770 hrs.	160 hrs.
15 yrs. & more	7.70 hrs.	.0963 hrs.	200 hrs.

There will be no retroactive adjustments to an employee's vacation leave balances as a result of modifications to the vacation accrual schedule. Employees will accrue at the next highest benefit level on the employee's corresponding anniversary date.

No vacation shall be granted during the first six (6) months of service.

Vacation leave shall continue to be earned during other authorized leaves with pay. When a holiday falls during an employee's absence on vacation leave, it shall not be deducted from employee's accrued leave. Leave time earned but unused at date of termination shall be added to final pay.

No employee shall be allowed to maintain a balance of unused vacation leave in excess of twice the employee's annual allowance. Exceptions may be permitted on approval of the Department Head and the City Manager. In the event the City is unable to schedule an employee for vacation, and as a result the employee accumulates a balance of vacation leave in excess of that provided herein, an exception will be granted by the City. In granting such exceptions, the City Manager may specify a time within which such excess vacation leave must be used. Failure to use such excess vacation leave within the time specified by the City Manager shall cause no additional vacation leave to accrue. It shall be the responsibility of each employee to ensure the full use of vacation leave credits received by scheduling the necessary time off each year.

11.00 SICK LEAVE

11.01 Sick Leave Policy

Sick leave shall be allowed in case of actual illness of the employee or in the event of illness on the part of a family member living in the employee's home and requiring care from the employee. Sick leave shall be recommended by

the employee's supervisor and approved by the City Manager or a designated representative.

In addition to the foregoing, use of family sick leave may be authorized up to a maximum of six (6) days in the event of a serious illness or medical condition necessitating the employee to care for a parent of the employee not living in the employee's home. For purposes of sick leave used to care for a parent not living in the employee's home, a doctor's certification may be required by the Department Head.

11.02 Sick Leave Allowance

All full-time employees, other than temporary and provisional employees, shall accrue sick leave at the rate 3.704 hours per payroll period. Employees shall earn sick leave credits in accordance with the foregoing schedule from their initial date of employment and shall be entitled to the use of sick leave upon completion of three (3) months of continuous, full-time satisfactory employment. There shall be no limit upon the number of hours of unused sick leave which may be accumulated by an employee.

Sick leave records shall be maintained on an hourly basis. Sick leave shall be taken in periods of no less than one (1) hour. No sick leave shall be earned during leaves of absence without pay. An employee unable to return to work after an approved period of sick leave without pay may be retired for disability or separated.

11.03 Sick Leave Notice and Certification

In order to receive compensation while absent on sick leave, employees or someone in their behalf shall notify the immediate supervisor prior to the time set for reporting to work. Department heads may waive this requirement upon presentation of a reasonable excuse by the employee. Employees shall file a personal affidavit or physician's certificate with their Department Head for forwarding to the Human Resources Director, stating the cause of absence. After five (5) working days' absence, the appointing authority may require a physician's certificate.

If employees become ill while on vacation, periods of illness may be charged to sick leave upon presentation of a doctor's certificate stating the nature and extent of the illness. In instances where there exists a reasonable suspicion of abuse of sick leave, employees may be directed to file a physician's statement for each illness, regardless of duration, and may also be required to take an examination by a physician designated by the City and to authorize consultation with their own physician concerning their illness. Such employees may also be required to notify their immediate supervisor of their location during absences from the Department. Failure to comply with these requirements may result in disciplinary action. Sick leave shall not be granted for absences caused by intoxication, excessive use of alcoholic beverages, or substance abuse. As an exception to the foregoing, sick leave may be authorized for the treatment of alcoholism or substance abuse when such conditions are diagnosed by competent medical authority.

Employees who have used less than twenty-six (26) hours of sick leave during the calendar year shall receive an additional thirteen (13) hours of compensatory leave added to their compensatory leave balance no later than March 1 of the following calendar year.

11.04 Sick Leave Records

Sick leave records shall be maintained on a calendar year basis by Payroll. After an absence is approved as sick leave, it shall be deducted from an employee's leave balance. If at the time of separation an employee owes the City for unearned sick leave, the actual time shall be deducted from final pay. Upon separation of employees, sick leave balances for which payment has not been made shall be canceled and shall not be restored if a former employee is reinstated.

11.05 Medical and Dental Appointments

Whenever possible, employees shall make appointments for medical, dental, and similar purposes on Saturday or other non-work days. If this is not possible, sick leave may be used for these purposes for a minimum period of one (1) hour and should not exceed four (4) hours except in unusual circumstances.

11.06 Pregnancy and Childbirth

Employees who are disabled from work due to pregnancy, childbirth, or a related medical condition are eligible to receive leave during the period of disability in accordance with California's Pregnancy Disability Leave Law (PDLL). Eligible employees may receive up to a maximum of four (4) months of leave under PDLL. Leave under the PDLL is unpaid. An employee on leave under the PDLL shall be entitled to use any accrued and unused sick leave. If all sick leave has been exhausted, the employee may request the use of any accrued and unused vacation leave or compensatory time off. While on PDLL, the City will continue the employee's group insurance benefits at the same level and under the same conditions that coverage would have been provided if the employee had continued in employment continuously for the duration of the leave.

Employees who are disabled from work due to pregnancy, childbirth, or a related medical condition will be required to provide medical certification. The medical certification shall include information regarding the probable duration or durations of any period of disability. If an employee on leave under PDLL is also eligible for leave under the Family Medical Leave Act, then FMLA will run concurrently with any leave taken under PDLL.

Nothing in this Section is intended to conflict with statutory requirements/mandates nor limit the rights of employees under the law.

Additional information regarding available leave benefits is set forth in City Administrative Rule 2.45, Family & Medical Leave Act, as that Rule may be revised.

11.07 Payment for Unused Sick Leave

Any full-time employee leaving the employment of the City in good standing after having completed twenty (20) years of continuous service, or upon retirement from the City for service or disability, or upon termination of employment by reason of death, shall receive payment for a portion of that sick leave earned but unused at the time of separation.

The amount of this payment shall be equivalent to one percent (1%) of sick leave earned but unused at the time of separation times the number of whole years of continuous employment times an employee's hourly rate of pay at the time of separation, plus applicable incentive pay adjustments.

Effective July 1, 2018, the amount of payment for unused sick leave shall be based on the accumulated unused sick leave balance at the time of separation times the employee's hourly rate on the date of separation times the number of years of continuous service times the percentage factor from the following table, plus applicable incentive pay adjustments.

- 0% to 20% of maximum eligible sick leave accrual = 0%
- 20.01% to 50% of maximum eligible sick leave accrual = 1%
- 50.01% to 75% of maximum eligible sick leave accrual = 2%
- 75.01% or more of maximum eligible sick leave accrual = 2.5%

To provide for the occurrence of anomalies in the sick leave usage patterns of employees, when computing the unused sick leave balance used to determine the percentage of payment as specified above, the largest number of hours of sick leave used by the employee in any single calendar year during their continuous employment shall be added to the accumulated unused balance at separation. This figure shall be used solely for determining the percentage of payout. The actual payout shall be based on the accumulated balance of unused sick leave on the date of separation.

To accommodate the differing lengths of workdays based on the various work schedules, adjustments are required in fairly administering this Section since all employees accrue sick leave at the same rate and those working shifts of more than eight (8) hours use sick leave at a rate greater than those assigned to eight (8)-hour days. Appendix "B," which is attached hereto and incorporated herein, details the number of hours required to obtain the various sick leave payout percentages based on the employee's work schedule and the number of years of service.

Effective July 1, 2018, and to the extent not prohibited by state or federal laws or regulations, if the employee designates that the payout be designated for

deposit in an approved tax-deferred plan for use for future medical expenses, the percentage factors shall be as follows:

- 0% to 20% of maximum eligible sick leave accrual = 0%
- 20.01% to 50% of maximum eligible sick leave accrual = 1%
- 50.01% to 75% of maximum eligible sick leave accrual = 2%
- 75.01% or more of maximum eligible sick leave accrual = 3%

For the purpose of this computation, an employee's hourly rate of pay shall be the employee's annual salary divided by 2080 hours.

That portion of an employee's sick leave balance for which payment is not provided shall be canceled and shall not be restored if said employee is reinstated.

11.08 Catastrophic Injury/Illness Time Bank

Upon approval of the City Manager or a designated representative, a time bank may be established for the benefit of an employee incapacitated by a catastrophic illness or injury. Employees may donate earned vacation time on a voluntary basis to another employee subject to the conditions listed below:

- A. The employee receiving leave contributions must have exhausted all other leave balances available to the employee including earned vacation, earned sick leave, and accrued compensatory time.
- B. State and federal income tax on the value of leave donated shall be paid in accordance with pertinent regulations of the Internal Revenue Code and Franchise Tax Board then in effect.
- C. The donation of leave hours shall not be reversible. In the event all hours donated are not used for the catastrophic illness or injury, the balance will remain with the recipient employee.
- D. All hours donated shall be credited to the recipient as sick leave and shall be subject to the provisions in the recipient employee's Memorandum of Understanding or Salaries and Benefits Resolution regarding the use and payment of the same.
- E. Donated leave time shall be changed to its cash value and then credited to the recipient in equivalent hours at the recipient's straight time hourly rate of pay.
- F. Donating employees may not reduce their balance of earned vacation below eighty (80) hours by reason of such donations without the approval of the City Manager or a designated representative.

12.00 MISCELLANEOUS LEAVES

12.01 Funeral Leave

All full-time employees, except temporary and provisional employees, shall be granted funeral leave with pay as necessary but not to exceed three (3) work days upon the occasion of the death of a close relative or a domestic partner duly registered with the Human Resources Department as prescribed by Administrative Rule 2.61, Domestic Partners. When additional time is desired, employees may be allowed to take accumulated vacation leave or compensatory time off. Close relatives are defined as mother, father, sister, brother, wife, husband, child, grandparent, grandchild, mother-in-law, father-in-law, sister-in-law, brother-in-law, son-in-law, daughter-in-law, or step parents of the employee. Additional funeral leave for travel purposes not to exceed five (5) calendar days may be granted by the City Manager when circumstances warrant the same.

Employees may not use more than one day's funeral leave for attending the funeral of a nephew, niece, uncle, or aunt. Upon request of the City, the employee shall furnish proof of the relationship to the deceased.

Part-time employees who work a continuous schedule of twenty (20) or more hours per week shall be granted funeral leave with pay as necessary on the same basis as full-time employees, except that they shall be compensated at the rate of one-half of the funeral leave allowances provided to full-time employees.

12.02 Jury Leave

An employee summoned to jury duty shall inform the employee's supervisor and, if required to serve, may be absent from duty with full pay. Any jury fees received by an employee shall be remitted to the City.

12.03 Military Leave

Military leave shall be granted in accordance with the provisions of state law except as may be extended by the City Council. All employees entitled to military leave shall give their Department Head and the City Manager an opportunity, within the limits of military requirements, to determine when such leave shall be taken.

12.04 Disability Leave

For employee injuries or disabilities falling within the provisions of the State Workers' Compensation Disability Act, disability compensation at the rate allowed under said Act shall be the basic remuneration during the employees' period of disability. In the case of full-time employees, other than temporary and provisional employees, additional compensation equal to the difference between said employees' regular pay and the disability compensation allowance shall be granted for not more than one (1) year for any one (1)

period of incapacity. In the event a waiting period is required before an employee's disability compensation allowance is payable, the employee's regular pay shall be provided during said waiting period.

Employees injured in the line of duty while in a duty status and who require treatment for said injury shall be compensated as follows:

- (A) For employees injured during a regularly assigned shift:

Employees requiring medical treatment shall suffer no loss in pay for any time spent in receiving treatment during the course of their regularly scheduled shift.

- (B) For employees injured while performing overtime work:

Employees requiring medical treatment shall receive overtime pay until they report to the medical facility for treatment provided, however, that if they are required to return to duty upon completion of said medical treatment, they shall suffer no loss of pay for the time required for treatment.

- (C) For employees injured while performing departmentally registered physical fitness activities:

Employees suffering verifiable physical injury while exercising in departmentally registered non-competitive fitness activities shall be eligible for temporary disability under Labor Code Section 4850.

Departmental registration of fitness activities shall mean a detailed listing of activities in which the employee is to engage, which the employee has submitted for review, and which the Department Head or the Department Head's designee has signed.

In no event shall team or competitive sports events be departmentally registered, nor shall an employee receive payments for temporary disability arising out of any team or competitive sports activity or from any fitness activities not departmentally registered.

12.05 Parental Leave

A parent may use up to 80 hours earned sick leave upon the birth of a child or when a child begins residence with an employee who has commenced adoption proceedings with full intent to adopt.

12.06 Leave of Absence

The City Manager, upon written request of a full-time employee, other than temporary and provisional employees, may grant for the good of the service a leave of absence without pay for a maximum period of one (1) year. The total unpaid leave of absence shall not exceed the equivalent of one (1) year during any two (2)-year period. Examples of leaves which may be granted pursuant to

the provisions of this Section include educational leaves, extended absences from work by reason of non-occupational illness or injury, and leaves for any other purpose promoting the good of the service. Premium payments made by the City for coverage of the employee and the employee's dependents under group medical and dental insurance programs shall be discontinued for the duration of any leave of absence. An employee may, at the employee's option, elect to continue such coverage by making necessary premium payments to the City in a manner specified by the Director of Finance.

Any leave granted pursuant to this Section shall be in writing and signed by the City Manager. Upon expiration of such a leave, the employee shall be reinstated to the position held at the time leave was granted. Failure of the employee to report promptly at the expiration of the approved leave or within a reasonable time after notice to return to duty shall terminate the employee's right to be reinstated.

12.07 Family and Medical Leave

City Administrative Rule 2.45, Family & Medical Leave Act, which establishes procedures for the requesting and granting of leaves of absence under the Family and Medical Leave Act (FMLA) and the California Family Rights Act (CFRA) is hereby incorporated in and made a part of the MOU.
