

Healthy Neighborhoods Statewide Consortium Meeting

3/29/2018

1 PM – 3 PM

Milford Hospice, 100 Patriots Way, Milford, DE 19963

Agenda

1:00 PM – 1:15 PM Introductions

1:15 PM – 2:00 PM Initiatives

PLEASE NOTE: Neighborhood task forces have already gone through a rigorous readiness assessment process prior to attending the consortium meeting. The consortium members feedback must be constructive and ensure alignment/coordination with other efforts. If there are ways to tweak the initiative to make is stronger, that will be viewed more positively than a full redesign of the proposed initiative. Please consider the following questions:

1. Do you know of any current projects impacting the same target population or closely related? Please describe the project, as well as whether/how you believe the existing project could support (or be detrimental to/duplicative of) the Task Force's proposed initiative.
2. Do you know of any current or past projects that are similar but targeting a different population? Are there lessons learned from the project? Are there specific stakeholders task force members should speak with?
3. Do you have any ideas of how this initiative could be enhanced?
4. Do you have any ideas on how the initiative could leverage additional dollars, both today and moving forward after the SIM funds are spent? If so, provide details on funder(s), as well as the types of impact you think the initiative would need to demonstrate to successfully advocate for this funding.

2:00 PM – 2:15 PM Updates

2:15 PM – 2:30 PM Sustainability
