Subject: iLearn's response to COVID-19 (Coronavirus)

Dear Jason

Last night President Ramaphosa implemented stringent measures to ensure that South Africa is able to contain the spread of the COVID-19 virus. In light of the President's address, we want to assure you that iLearn is here to support you and your business. The main thing to remember is, **you are not alone!**

Right now, we are reaching out to our clients to discuss immediate concerns and offer as much flexibility as possible to ensure the health and safety of their learners, including alternatives such as virtual and [digital learning](#).

We will also be limiting in-person meetings and switching to virtual or telecon meetings. We will continue to be readily available to all our clients telephonically and by email.

The best defense against the spread of COVID-19 remains fastidious hygiene. We will continue to apply [stringent health measures](#) in our environment (home and business), and limit contact with high risk individuals.

We will be monitoring the developments of COVID-19 and will be sure to provide regular updates. If you have any questions or concerns, please [contact us](#). We are here to help guide you.

Best regards,

Richard Rayne
Managing Director
