AGREEMENT

This Agreement by and between the CITY OF READING, hereinafter called "City", and FRATERNAL ORDER OF POLICE, LODGE NO. 9, hereinafter called "Lodge", executed the day and date subscribed at the end hereof, and to be effective from January 1, 2012 through and including December 31, 2016.

ARTICLE I - RECOGNITION

Section 1. The City recognizes the Lodge as the sole and exclusive collective bargaining representative of employees of the Department of Police, concerning the terms and conditions of employment, including compensation, hours, working conditions, retirement and pensions and, other benefits, as provided by Act 111 of 1968.

Section 2. The Lodge recognizes the City of Reading as employer, and will bargain collectively with representatives specifically designated by the City for that purpose.

Section 3. The bargaining unit to which this agreement is applicable is composed of all eligible employees in the Department of Police, except civilian employees, the Chief of Police, the Deputy Chief, and Inspectors. Those employees to which this agreement applies shall hereinafter be called "Employees".

ARTICLE II - NO STRIKE

Section 1. The Lodge agrees that during the term of this agreement it will not cause, encourage, participate in or support any strike or picketing against the City by any member or members of the Fraternal Order of Police, Lodge No. 9.

ARTICLE III - RIGHTS OF THE PARTIES

Section 1. Except as otherwise specifically provided herein, it is understood and agreed that the City retains the exclusive right to manage the business of the Department of Police, including, but not limited to, the right to direct the work force, the right to hire, promote, retain, transfer, and assign employees in positions; the right, for proper cause, to suspend, discharge, demote, or take other disciplinary actions against employees; the right to decide job qualifications for hiring, the right to lay off employees for lack of work or funds, the right to make rules and regulations governing safety, the right to determine schedules for work, together with the right to determine the methods, process and manner of performing work; and the right to take any other action necessary to carry out the inherent managerial policies governing the Department of Police.

Section 2. It is understood and agreed that a maximum of three on-duty Lodge representatives shall, without loss of pay, be allowed to investigate and process grievances and consult with City representatives concerning the enforcement or interpretation of any provisions of this agreement.

Section 3. When the Lodge and the City negotiate changes in contractual terms and conditions of employment, the City, upon request, shall release from duty with pay up to nine members of the Lodge negotiating team at any one time to attend negotiating meetings with the City.

Section 4. The City will provide at its expense, one copy of this Agreement for each member of the Department of Police at the effective date of this Agreement, plus five copies for the Lodge, and further will provide one copy to each new member during the term of this Agreement.

ARTICLE IV - LODGE DUES AND OTHER DEDUCTIONS

Section 1. Upon receipt from the Lodge of a voluntary authorization in writing by an employee, the City shall make deduction from the employee's wages for Lodge dues in the amount specified on said authorization.

Section 2. The Lodge dues and all deductions from the pay of employees and each item of compensation shall be itemized by the City on each pay check stub, or on a separate statement to be distributed with each pay on each check, by item, and a total year-to-date for each item of deduction, and each item of compensation.

Section 3. Deductions and payments under this Article shall be in accordance with the Pennsylvania Agency Shop/Fair Share Law applicable to public employees.

ARTICLE V - SENIORITY RIGHTS

Section 1. Seniority shall begin upon the date of an employee's appointment to the Department of Police. In the event an employee is transferred to another shift or platoon, the employee shall be allowed to bid on any job in the new shift or platoon according to seniority from the date of appointment. Provided, however, that the City may deviate from the requirements of seniority if a strict application of the provisions of this article would result in an unqualified employee being placed in a position that the employee is unable to perform. In that event, the City must state in writing why it is felt the employee is not qualified to perform the duties required in the position which he is being denied.

Section 2. In the event that more than one employee is appointed on the same date, the employee who is oldest in age shall be deemed the most senior.

Section 3. In the event of a cutback in manpower within the Department of Police, layoffs shall begin with the employee having the least amount of seniority. Layoffs shall be conducted on a Department wide basis and not by a division or platoon. In the event of layoffs, patrol aids shall be laid off before any sworn police officer, if Patrol Aids are being paid by the City. If, however, Patrol Aids are being paid by Federal grants, and layoffs would jeopardize the entire grant, Patrol Aids may be retained until the end of the grant year only, at which time they will be laid off.

Section 4. In the event that additions are to be made in manpower within the Department of Police, and there are presently employees who had been laid off due to cutbacks, said employees shall be recalled to duty on a seniority basis commencing with the most senior employee who has been laid off due to cutbacks, said employee shall be called to duty on a seniority basis commencing with the most senior employee who has been laid off. The City shall make a reasonable effort to contact any employees laid off due to cutbacks within six years previous to any call-back. No new or additional employee shall be added until all employees who have been laid off within the previous six years have been notified to report back to duty and have been given at least two weeks to return to duty. Only after all employees who have been previously laid off have been returned to duty, if they desire, and after the City shall have made a reasonable effort to contact any employee laid off due to cutbacks within the six years previous to the recall, shall any new or additional employees be hired for the Department of Police.

Section 5. Work assignments will be based on seniority for assignment to any vacancy, provided that the applicant must possess, or be able to acquire in a reasonable period of time, the skill and ability to perform the assignment. Bids for vacancies shall be restricted to employees within the platoon or division in which a vacancy exists. In instances where an assigned position becomes vacant because of

legitimate administrative or equipment problems, the employee displaced may bid on any position currently held by a less senior employee, after the employee's regularly assigned position has been vacant for sixty (60) days. Assignment of the displaced employee during the sixty day period shall be at the discretion of the shift O.D. Employees will regularly re-bid for all positions between December 15th and December 25th of each year, with new assignments becoming effective on January 1st. A disabled employee capable of performing other than regularly assigned duties may be assigned or reassigned at the administrative discretion of the Department of Police, provided that such assignment or reassignment is based on genuine administrative necessity.

Section 6. The selection of employees for appointment to the position of Police Officer/Field Training Officer and Criminal Investigator shall not be subject to seniority requirements, but shall be filled by appointment of the Chief of Police.

The Criminal Investigation unit shall not be covered by the bidding process for all future vacancies, which shall be filled by the Chief. Those appointments to the Criminal Investigation Division made after November 15, 2012 shall be subject to the rescission of the Chief of Police at his or her discretion. This shall not apply to those appointments which have occurred prior to November 15, 2012.

Section 7. Seniority bidding rights shall prevail only when an employee is qualified for the following positions; bid vacancies on Platoon A, B, C and D, TLEU, Turnkey and Houseman (when that position is filled by a police officer). The effective dates for bidding on positions shall be as set forth in Section 5. The following positions shall be filled by seniority bidding when a vacancy occurs; Canine Corps. (upon being examined by a licensed psychologist or psychiatrist and medical physician agreeable to the City and the F.O.P. at the cost of the City of Reading and submission of reports indicating that the employee has been examined by said psychologist or psychiatrist and that the employee is psychologically and medically able to perform the duties of a canine handler), I.D. Unit (when employee has had previous experience as Field Evidence Technician), Crime Analysis Unit, Crime Prevention Unit, Tactical Response Unit, Mounted Patrol (upon employee being examined by a physician agreeable to the City and the F.O.P. and provided by the City, and the submission of a medical report indicating that the employee has been examined by said physician who states that the employee is physically able to perform the duties involved with Mounted Patrol and that there are no pre-existing injuries or illnesses that would prevent the employee from performing duties of a mounted officer), and Central Records (when that position is filled by a police officer), unless the Chief determines, in his discretion, that the most senior bidder is not the most qualified candidate for the position.

Any re-titled or permanent unit shall be first bid from within the division to which said unit will be/is assigned. Should these positions not be filled from within the division, bidding shall be opened department wide.

Newly created units shall not be subject to the bidding procedures in Article V for up to one (1) year. Any unit which is continued beyond one (1) year shall then be filled through the existing bidding procedure unless mutually agreed upon by the FOP Lodge #9 and the Chief of Police.

Section 8. The City may temporarily transfer any employee to another division for a period not to exceed one hundred eighty (180) days, regardless of seniority. Extension of said temporary transfer beyond the one hundred eighty (180) day limit shall occur upon waiver by the Lodge in writing when additional time is needed to complete a specific case or assignment which will be included on the extension document. No temporarily assigned employee shall be placed in a permanent position in the division to which the employee was temporarily assigned unless the employee agrees to said transfer, nor shall the employee be assigned to any other temporary assignment within ninety (90) days of the completion of the assignment (including any extension applied). After completion of said temporary transfer, including any extension, the employee must be transferred back to the original division from which the employee came.

Section 9. Usual seniority rights shall not apply during the probationary period of any new or additional employee. Upon completion of the probationary period, employees shall have full seniority rights beginning with the date of appointment to the Department of Police; however, bidding for shift assignments shall occur at the next regularly scheduled re-bid period as per Article V, Section 5.

Section 10. All bids for permanent openings will be posted on the bulletin board and included in the daily bulletins for at least ten (10) days before the position is awarded.

Section 11. In the event an employee is promoted to a higher grade or demoted to a lower grade, seniority shall be computed, for purposes of selecting the first vacation and personal leave days, from date of appointment to the Department of Police, rather than from time in grade. Uniformed patrol division employees with the rank of Sergeant or Lieutenant within the 4 uniformed patrol division platoons, i.e. platoons A, B, C and D only shall have the same bidding rights for work assignments as other employees within that division.

Section 12. The Chief of Police shall have the right to change the start and ending time of a shift to be worked by a member of the uniformed patrol division on up to ten (10) shifts per officer per year for the sole purpose of fielding an eight (8) hour shift in addition to those four (4) shifts presently in effect for the uniformed patrol division when such additional manpower is necessary. For the purpose of computing manpower for contractual purposes on any given shift when an extra shift is fielded, the officers whose shifts have been changed shall be considered to be on one of the four (4) existing shifts.

Section 13.

- A. Effective January 1, 2013, the city shall have the right to civilianize the positions of Chief's Assistant, Court Liaison Officer, Assistant Academy Director, and Administrative Lieutenant.

ARTICLE VI - GRIEVANCE PROCEDURE

Section 1. Definition

A grievance is defined as any complaint by an employee or the Lodge over the interpretation, application or alleged violation of this agreement, including discipline, suspension or discharge of an employee which is not appealed to Court under the Third Class City Code and/or Local Agency Law.

Section 2. Grievance Procedure

The employee or employees affected or the Lodge shall process the grievance in accordance with the following procedure:

Step 1:

All grievances must be reduced to writing. The employees affected shall submit the written grievance to the Chief of Police within ten (10) days of its occurrence, either directly or through a representative of the Lodge. The Chief or his designee shall meet with the Lodge to discuss the grievance. The Chief or his designee shall issue a written decision within five (5) days of the meeting. If no satisfactory settlement is reached within five (5) days of the meeting, the grievant or the Lodge may appeal the matter to Step 2.

Step 2:

The grievant or the Lodge may submit the written grievance to the Mayor or his designee within five (5) days of the Step 1 answer. The Mayor or his designee shall meet with the Lodge to discuss the grievance. The Mayor or his designee shall issue a written decision within ten (10) days of the meeting.

Step 3:

The grievance may be appealed to arbitration by the Lodge upon written notice to the City and the Philadelphia office of the American Arbitration Association by certified mail within fifteen (15) days of the answer of the Mayor or his designee or if the Mayor does not respond to a grievance within thirty (30) days of submission. The arbitration shall proceed in accordance with the then current rules of the American Arbitration Association.

Section 3. Arbitration

The arbitrator will make his findings and render his decision to resolve the disagreement. The arbitrator shall not have jurisdiction to add to, modify, vary, change or remove terms of this agreement or to determine that any provisions of this agreement establishes an implied limitation upon the City which is not specifically set forth.

The decision of the arbitrator shall be final and binding upon the City, the Lodge and the employees covered by this Agreement.

The expenses of the arbitration and the arbitrator's fee shall be borne equally by the parties.

Awards or settlements of grievances shall in no event be made retroactive beyond the date on which the grievance was first presented in the grievance procedure. All claims for back wages shall be the amount agreed to by the City and the Lodge, or ordered by the arbitrator, as the case may be, less any unemployment compensation and any other compensation that the aggrieved employee may have received from any source during the period for which back pay is claimed.

Section 4. Effect of Failure to Appeal

Any grievance shall be considered as settled on the basis of the last answer of the City if not appealed to the next step or to arbitration within the applicable time limits. Time is of the essence.

Section 5. Effect of Settlement

The disposition of any grievance at any step of the grievance procedure, or before actual receipt of the decision of an arbitrator, between the City and the Lodge shall be final and binding upon the employee, employees or persons who are involved or effected thereby. Any interpretation of this agreement agreed upon by the City and the Lodge shall be final and binding upon all employees and upon any person affected.

Section 6. Computing Time Limitations

Saturdays, Sundays and Holidays shall be excluded from the computation of time limitations under the grievance and arbitration procedure of this Agreement. The time limits under the grievance and arbitration procedure may be extended by written mutual agreement of the parties.

Section 7. Suspension and Discharge

An employee who has been suspended or discharged shall bypass Step 1 of the grievance procedure and shall file his grievance directly with the Mayor or his designee within five (5) days of the suspension or discharge. The grievance shall then be processed in accordance with Step 2 of the grievance procedure.

Section 8. Class Grievances

A grievance which affects a majority of a class of employees shall be presented at Step 1 by a representative of the Lodge.

Section 9. Heart and Lung Process

The current process for resolving disputes over any claim for or attempt to terminate heart and lung benefits shall remain in effect, but to the extent that the parties do not agree to arbitrate such claims, either party may appeal the decision of the local hearing body to arbitration within the same time period provided in the grievance and arbitration process. The arbitration shall be governed by the voluntary rules of the American Arbitration Association applicable to labor arbitration, except that the arbitrator must agree to conduct such hearing within 30 days from the date of selection, and issue a decision 30 days after the record is complete. The parties agree to comply with the decision of the local agency hearing body pending a decision of the arbitrator.

Section 1. An employee who works in excess of eight (8) hours on any shift or forty (40) hours in one week shall receive additional compensation, computed at the regular hourly rate of pay plus any applicable shift differential multiplied by one and one-half. Overtime shall be paid on an hour for hour and minute for minute basis to the fullest extent practical.

Section 2. Effective January 1, 1998, an officer called into work at a time other than his scheduled work shift (this shall not include situations when an officer is called in immediately prior to his shift or held over immediately following his shift) shall be paid a minimum of two (2) hours pay at the applicable rate.

The employee will notify his/her shift commander of the change of work status as soon as practically possible, but no later than 24 hours after the case. With the above exceptions, no employee's work schedule shall be changed or modified to accommodate a required attendance in Court.

Employees "on injury leave" or employees attending minor judiciary cases while on sick leave will receive no additional compensation including retention of sick leave hours.

Section 5. The amount of overtime compensation for an employee serving as a court witness shall be identified as such on or accompanying the employee's pay stub.

ARTICLE XI - ON CALL (STAND BY) STATUS

Section 1. "On-call" (stand by) status shall be understood as meaning that:

City Contract. A vacation period shall be defined as a period of time consisting of 7 vacation days and vacation related leave days as chosen by class or seniority. This credit will begin when the employee is called in and for each vacation or leave day thereafter. In addition, the City agrees to compensate the employee at one and one-half the employee's base hourly rate for all time spent in court, or a three hour minimum, whichever is greater.
- b. Each time the City, or a police officer, receives a court notice or subpoena indicating a hearing at a time when the officer is not working, the officer shall receive a flat payment of \$35.00 for each time so indicated. For example, if the City receives a court notice indicating that a hearing is or may be scheduled for January 30, and the officer is not scheduled to work at that time, the officer will be compensated \$35.00 for having to make himself available. leave the employ of the department prior to January 1, 2013 shall be entitled to continued medical and prescription benefits under the terms of the 2007-2011 collective bargaining agreement, and the contribution rate that was applicable under the 2007-2011 collective bargaining agreement on the date of the officer's retirement, or for a current DROP participant, entry into DROP. The only modification shall be that those current DROP participants who entered the DROP prior to December 31, 2011, and who do not retire prior to January 1, 2013, shall be required to pay, when they retire and resign from the employ of the City, the same health care cost sharing contribution that was in effect when they entered the DROP.

Section 2. The City shall provide and pay for the same health insurance as those provided for active employees, under the following conditions:

- a. The employee must qualify for either a full pension or a disability pension under the City police pension Ordinances.
- b. Only the employee and the employee's spouse shall be eligible for coverage.
- c. The benefits shall not be provided for employees who are eligible for coverage under the group medical insurance plan of another employer or a spouse's employer.
- d. The benefits shall cease when the employee attains sixty-five (65) years of age and qualifies for Medicare and/or Medicaid coverage.
- e. During the period of coverage, the City may require proof of eligibility for the above benefits.

Section 3. The City will continue to provide a Section 125 plan to assist in the pre-tax deduction for the health-care contributions, unreimbursed medical costs and dependent daycare.

Section 1. The provisions of Ordinance, Bill No. 37, adopted November 3, 1976, and effective January 1, 1977, shall be amended insofar as any of the provisions of said Ordinances are contrary to this article.

Section 2. All employees shall, at all times, be fully vested in the contributions to the pension fund deducted from the pay of the employee from the time of the employee's appointment to the Department of Police until the date of his termination, for whatever reason.

Section 3. Effective January 1, 1997, the City shall amend its' existing pension ordinance to provide for 100% vesting at the completion of twelve (12) years of service for all employees.

Section 4. Effective January 1, 1999, all police officers hired on or after January 1, 1977, who are injured in the performance of their duties, and due to that injury are unable to perform the duties of a Reading Police Officer, shall be entitled to the same pension benefits as those Officers hired prior to January 1, 1977.

Section 5. Bargaining unit members may retire with 20 years of service at a 60% payout; 21 years of service at a 62% payout; 22 years of service at a 64% payout; 23 year of service at a 66% payout; 24 years of service at a 68% payout; 25 years of service at a 70% payout.

The City shall not request or attempt to have this provision removed or diminished from this binding agreement. This provision shall remain intact unless a change is negotiated between the City and the Lodge.

Section 6. The existing pension plan shall be modified to provide for a deferred retirement option plan. The DROP Plan shall be designed by the plan actuary or another qualified actuary in an actuarially neutral manner which will allow police officers who have achieved age and service to elect to drop from the pension plan while still continuing their employment for a period not to exceed five (5) years. During the period of time a member is in the DROP program, a monthly amount, representing either the monthly portion of the accrued value of the individual member's pension or the accrued value of the individual member's monthly salary (whichever the panel determines to be most applicable to this case) shall be deposited in a separate account in the name of the member. The arbitration panel will retain jurisdiction over the implementation of this program to assure that it may be accomplished in a "cost neutral" manner to the City.

Current bargaining unit members in the DROP program are grandfathered in order to complete their benefit. The mandatory employee contribution shall be increased to 6.5% of base salary plus \$1.00. The City shall guarantee placement of funds to make the current police pension solvent to accommodate this increase in benefit (fund amount shall be agreed to by both the City and the FOP Lodge #9).

Section 8. Effective January 1, 2005, the existing pension plan shall be modified to increase the maximum cap of the service increment to five hundred dollars (\$500.00) per month.

Section 9. Effective January 1, 2004, the pension ordinance shall be clarified to provide that the survivor's benefit as a result of a killed-in-service benefit shall be equal to the pension that the member would have received had he been retired at the time of his death.

Section 10. The City shall implement a pension buy back provision up to five (5) years in the police pension plan, consistent with the military buy back standard. Purchase of these years can be made at any time, however, the current retirement standards would apply. Installment payment plans shall be implemented as part of the buyback provision.

Buy back rate shall be based on the first year of hire.

The City shall not request or attempt to have this provision removed or diminished from this binding agreement. This provision shall remain intact unless a change is negotiated between the City and the Lodge.
