This Agreement is designed to provide for an equitable and peaceful procedure for the resolution of differences in accordance with the grievance procedure specified herein, in order to maintain and promote a harmonious relationship between the Union and the Town and to continue to provide effective service in the public interest.

2.0 UNION RECOGNITION

- 2.1 The Town recognizes the Union as the sole and exclusive bargaining agent, for the purpose of collective bargaining on behalf of all regular full-time Dispatchers, all regular full-time sworn Police Officers, up to and including the rank of Lieutenant, employed by Town of Glastonbury and the full-time Animal Control Officer, and that said Union is the exclusive representative of all said employees for the purposes of collective bargaining with respect to wages, hours, and other conditions of employment. The Union recognizes the Town Manager or Town Manager's designated representative or representatives as the sole and exclusive representative of the Town of Glastonbury, Connecticut, for the purposes of collective bargaining. It is recognized that the nature of police functions create conditions not found in other employment and many benefits relating to such conditions will normally apply to such personnel.

The term "employee" as used in this Agreement, means any regular full-time employee in the bargaining unit, including probationary employees.

3.0 MANAGEMENT RIGHTS

- 3.1 The Town has and will continue to retain, whether exercised or not, all of the rights, powers, and authority heretofore had by it, except where such rights, powers, and authority are specifically relinquished, abridged, or limited by the provisions of this Agreement. The Town shall have the sole and unquestioned right, responsibility, and prerogative of management of the affairs of the Town and direction of the working forces, including, but not limited to the following:
- (a) To determine the organization and standards of departmental services and to manage its operations.
 - (b) To determine the purchase, care, maintenance, and operation of equipment and property used for and on behalf of the purposes of the Town.

 - (d) To establish or discontinue processes or operations or to establish or discontinue their performance by employees.
 - (e) To determine the standards of selection for employment and to select and determine the number of types of employees required or necessary to perform the town's operations.
 - (f) To employ, direct, schedule, assign, appoint, discipline, demote, suspend, discharge, or otherwise discipline for just cause, transfer or promote employees, or to lay-off, terminate or otherwise relieve employees from duty for lack of work or other legitimate reasons when it shall be in the best interest of the town or department.
 - (g) To establish or amend and enforce rules and regulations for the maintenance of discipline and performance of work in accordance with the requirements of the town, provided such rules and regulations are made known in a reasonable manner to the employees affected by them. Amendments to these rules and regulations shall be negotiated with the Union.
 - (h) To determine the content of job classifications and ensure that incidental Police and Dispatcher duties shall be performed by employees.
 - (i) To fulfill all of the Town's legal responsibilities.
 - (j) The Town shall have the right to join a regional dispatching system provided no current employee shall suffer a loss of employment as a result of such decision. - 4.1 All members of the Bargaining Unit shall, as a condition of continued employment, either become and remain a member of the Union to the extent of paying the monthly dues uniformly required of all members or, as a condition of continued employment, pay to the Union a service fee equivalent to the amount of Union dues, such requirement to become effective thirty (30) days after ratification of this Agreement by both parties, or thirty (30) days after the employee's date of hire in the Bargaining Unit, whichever appears later.

Such deductions shall continue for the duration of this Agreement. When an employee does not have sufficient money due him/her after deductions have been made for pension or other deductions required by law, Union dues for such deduction periods shall be deducted in the first dues deduction pay period in which the employee has sufficient funds due him/her. It is also agreed that neither any employee nor the Union shall have any claim against the Town for errors made in the processing of deductions unless a claim of error is made in writing to the Town within sixty (60) calendar days after the date such deductions were or should have been made.
- 4.4 The deduction period for any month shall be made on a per payroll basis and shall be remitted to the Union, together with a list of names of employees from whose wages such deductions have been made, not later than the 7th day of the next month following said deduction. APPENDIX B**BID SYSTEM**

The bid system for patrol scheduling will repeat every three (3) months on or about January 1, April 1, July 1 and October 1. All officers from the rank of sergeant down to Patrol Officer I will receive a bid request sheet at least sixty (60) days before the start of each new bid. Probationary Officer I will not receive bid request sheets. Officers will then have thirty (30) days to submit their bid request to the Field Services Bureau Lieutenants. The available personnel will then be broken down by rank into the following groups: (Sergeants, Agents, Police Officer II, Police Officer I and Probationary Officer I).

Personnel will rank each shift on the bid sheet in order of preference (#1 for their first choice, #2 for their second choice and #3 for their third choice). Each shift will be filled as follows:

Officers will be ranked in order according to the master seniority list, from most senior downward, for their first shift preference. Management will determine the number of patrol officers, agents and sergeants necessary to adequately staff each of the three (3) shifts, in accordance with Section 9.1 of the contract.

There will not be an excess of Police Officer I and/or Probationary Officer I on any shift, in particular "A" shift. In addition, Probationary Officer I will rotate between "B" and "C" shift until they complete their probation and attain regular full-time employee status as a Police Officer I, due to the need for consistent supervision and exposure to activity for effective evaluation during the probationary period.

If there is an excess of officers requesting a particular shift, the officer(s) with the least seniority will be moved to another shift (excluding Probationary Officer I as noted in the paragraph above). The most senior officer(s), who have been eliminated from a particular shift, will be given his/her second bid preference, if there is an opening on that shift. This will continue until each shift has its necessary staffing.

In the event officers assigned to a specialized unit are reassigned to Patrol, every attempt will be made to have the transfers/reassignments coincide with the quarterly bids. If a transfer occurs at a time other than when a bid period starts, the transferred officer will fall into the same seniority bid process as stated above.

If an officer is going to a different shift, he/she will rotate on the first day after his/her days off prior to the start of the bid period. If the days off fall on Saturday or Sunday during the bid change weekend, the officer will start on Sunday, Monday or Tuesday after the weekend days off.

The seniority bid process will be administered by the Field Services Bureau Lieutenants in conjunction with the Union President or his designee.

Shift swapping will be allowed within a pay week, on a day by day basis. Supervisory positions need to switch with other supervisors while area officers may switch with each other. Officers on the same shift can also swap days off within the same pay week. Each daily shift swap or days

off swap needs to be approved by the involved supervisor(s). All approved requests will be forwarded to the field lieutenants.

If an officer wants to swap the remainder of his entire shift during a bid period, the swap request needs to be approved by the field lieutenant. This swap would need to involve the bid requests via the seniority system. An officer can not randomly select an officer on another shift to swap the remainder of an entire shift period. The swap would need to be offered to the most senior officer who had been bumped off the shift in question. In no way will an entire shift swap during a bid period be used to circumvent the seniority system.

EXCEPTIONS: The below listed exceptions are recognized by Union and Management:

1. **TRAINING:** In the event that an employee is required to perform training while off-duty, he/she shall be paid for training hours according to the current agreement. Work schedules may be modified to accommodate training opportunities for employees when mutually agreed.
2. **CRITICAL STAFFING:** If management needs to alter staffing on particular shifts for any valid reason, at any time, they may do so according to seniority preferences. For example, to increase midnight shift officers due to crime trends or long term injury to an officer or retirement which adversely affects staffing. This provision shall not be utilized to circumvent the minimum staffing requirements specified in Section 9.1.

APPENDIX C

FILLING OVERTIME

1. PURPOSE

This provision delineates the procedure for Department overtime positions not classified as extra duty. This type of overtime would include, but not be limited to, shift work, surveillance details, special details, etc.

2. DISCLAIMER

This provision is not intended to interfere with established procedures already in use for filling extra duty, investigator call-out, emergency response team call-out, dive team call-out, traffic accident call-out, specialized grants from outside agencies, or other established call-out procedures.

Nothing in this order will prohibit officers from receiving overtime as a result of investigations or assignments received in the normal course of their official duties

3. GENERAL

Overtime is duty paid by the Town of Glastonbury and is defined and paid at a rate of pay as established by the current labor contract between the Town and the Glastonbury Police of Officers Association. The police bargaining unit (GPOA) members have priority over non-bargaining unit members for any overtime related to police activity. The overtime will be assigned according to the following priorities:

- a) Nature and type of assignment.
- b) Employee on days off within the specific unit or squad with the vacancy.
- c) Employee on days off in the Division with the vacancy.
- d) Employee on days off.
- e) Employee of the Division, if the assignment does not violate the maximum hours allowed to work by contract. Employees volunteering to work a double shift would have priority over a mandated shift spin. Employees who work a private duty job are not considered "on days off."
- f) Employee from other units or Divisions

4. PROCEDURE

The commanding officer of each division will maintain a list showing assigned overtime. This list will be maintained in a secure location. Initially, this list will be established based upon seniority of the members of the police bargaining unit (GPOA). Once an overtime position is filled, that employee will be moved to the end of the list.

The Patrol Division Lieutenants will provide a prioritized list to the Patrol Supervisors. This list will then be utilized to fill any Patrol Division overtime positions. Once the list is used to fill an overtime position, the supervisor attempting to fill an overtime position will insure that the last person to be assigned to an overtime position has been re-prioritized according to the above listed priorities.

- a) Overtime will be assigned by a supervisor, or his designee, within the division that has the opening.
- b) The overtime will be assigned based upon the priorities listed above. (section 3)
- c) An attempt will be made to contact each employee in order of the priorities listed above. This list will detail the date, time, and open position to be filled.
- d) A notation will be made on the list regarding the results of the attempted contact with the employee.
- e) When attempting to contact an employee to fill overtime, the employee's home phone number will be called first. If the employee has a pager, the pager number will be called when the employee is not contacted at home. After leaving a message on an answering machine or activating the pager, there is no requirement to wait for a response before calling the next employee on the list.
- f) The first employee to accept the overtime will be assigned.
- g) Employees with higher priority cannot bump an employee already assigned to the overtime position.
- h) In the event that no employee volunteers to work a mandated overtime position, the position will be ordered filled by the employee of the

Division with the vacancy that has the lowest seniority and is available to work. If the vacancy is a patrol shift, the shift will be split by the least senior people scheduled to work on either side of the open shift. An ordered-in split will not affect the employee's placement on the priority list.

- i) Once the overtime position has been filled, that employee's name will be placed at the end of the priority list.
- j) Jobs that are available with more than forty-eight (48) hours' notice, will be posted on the clipboard in roll call. Any employee who wishes to work these posted overtime positions, will sign up requesting to work the specific job opening. Jobs will be assigned according to the priorities listed above.

5. EXCEPTIONS

In divisions other than patrol, where the use of seniority to determine the forced split of vacant shift may create an unfair burden, a rotation system which fairly distributes forced overtime among the employees of that division may be used.

Employees in specialty units and divisions other than Patrol may voluntarily change their assigned shift to fill a vacancy so long as minimum staffing is maintained on both the shift the employee switched from and the shift the employee switched to .

APPENDIX D**DRUG TESTING POLICY**

Whenever the Chief or an immediate supervisor has a reasonable suspicion based on objective facts or direct observation that an officer has a drug dependency problem that is affecting the performance of his/her duties, the Chief may require the officer to submit to drug screening tests for the presence of controlled substances as follows:

- A. The basis of the suspicion and the order for testing shall be presented in writing to the officer.
- B. The officer may request an immediate review of the basis to the Chief.

The testing procedure shall be as follows:

- A. Testing will be at a certified medical facility or lab which will collect the specimen and conduct the tests. The facility shall maintain a written documentation of its chain of custody.
- B. The officer shall observe the medical facility's labeling procedure as follows:
 - 1. Each specimen shall be placed in individual containers or test tubes including a split sample and shall, in the presence of the officer, be sealed, labeled and initialed by the officer.
 - 2. Prior to testing, the officer shall note any prescription and/or over-the-counter drugs used within the last 90 days which may affect the test results.
 - 3. The officer shall be provided with access to a split sample which the officer may take for testing at a laboratory of his/her own choosing.
- C. No test shall be considered positive prior to three (3) separate and independent confirmatory tests, the third of which shall be a gas chromatography and mass spectrometry methodology, or a procedure recognized by the parties as being more accurate.
- D. Should the screening tests result in a negative finding, all records concerning the request and test shall be destroyed.

- E. Should the screening tests result in a positive finding, the Chief may initiate any disciplinary action he deems appropriate. The Chief may also consider rehabilitation. The Union reserves the right to grieve any such action through the grievance/arbitration provisions of this Agreement.

All records of these procedures shall be kept in a separate, confidential file by the Chief. Only the Chief, the officer or the officer's representative shall have access to the file.

The parties agree that this program shall not diminish the rights of any officer under state or federal law or waive any individual's right to file such claims.

The employer agrees to hold the GPOA harmless and bear any expense incurred by the GPOA in defending litigation arising from the failure of the Town to follow the procedures set forth in this policy.

APPENDIX E**RECEIVING AND FILLING EXTRA DUTY REQUESTS****1. PURPOSE:**

Establishes the procedures that are used in filling extra duty requests received by the Glastonbury Police Department.

2. GENERAL:

The contract between the Town of Glastonbury and the Glastonbury Police Officers Association will govern the assignment of extra duty. Every effort will be made to provide for a fair and equal distribution of work. Extra duty includes work performed for third parties, to include but not limited to construction traffic and crowd control. It does not include unscheduled emergencies where call-in may be mandated.

3. PROCEDURES:

- A. Personnel from the Field Division Office will assign jobs. The shift commander will assign jobs only in the absence of personnel from the Field Division Office and the assignments cannot wait for their return. All information on job assignments will be kept current and up-to-date.
- B. The jobs will be assigned on a priority basis with high priority jobs being filled first.
- C. The following steps will be taken to provide coverage of extra duty:
 - 1. Extra duty assignments will be posted on sign up sheets. There will be one sheet for each day of the month and maintained on a clipboard in the Roll Call Room. Each day will be broken down into two categories. The first category will be jobs starting between 0000-1559 hours. The second category will be for jobs starting from 1600-2359 hours.
 - 2. Officers will not work more than seventeen (17) hours during a day unless there are extenuating circumstances. The decision to allow an officer to work more than seventeen (17) hours will be made by the Field Division Commander or his designee.

All waivers must be made with the safety of the town citizens and with the good of the Police Department in mind, and without placing police officers at risk. Where midnight shift hours are part of the waiver request, the waiver will be more restrictive than for consecutive time during normal waking hours.

Waivers will be made based on need to fill a position and the unavailability of any other officers. At no time will a waiver be allowed when another officer, who would not require a waiver, is available.

3. Dispatchers and non-sworn personnel will be eligible to work traffic assignments, provided they have received traffic control training. To work crowd control or special events, non-sworn personnel must become Community Service Officers.
4. The primary consideration for assignment of extra duty will be the officer's position in the extra duty card file. Secondary consideration for job assignment will be:
 - (a) First priority will be given to all sworn, full-time police officers from the rank of Lieutenant and below, with the exception that an officer of supervisory rank shall be assigned as a detail supervisor at events as determined by the Commander.
 - (b) Dispatchers (traffic assignments only).
 - (c) Officers above the rank of Lieutenant.
 - (d) Community Service Officers.
5. Administrative and support personnel will be allowed to take time off to work routine traffic jobs and make up time during the week; provided that they do so with their supervisor's permission and it does not interfere with the normal operation of their unit or division. At no time will on-duty personnel be given a job when off-duty officers are available and willing to work the extra duty assignment. Officers changing their hours or days off to work extra duty shall mark their names with an asterisk on the extra duty sign up sheet.
6. Records of extra duty will be kept on a daily basis and extra duty assignments will be based on these records.
7. Extra duty will be assigned from a list of officers who have signed up for work that day, after the names have been prioritized. Only sworn, full-time regular police officers from the rank of Lieutenant and below will have their names prioritized and numbered.
8. Officers on days off will be prioritized first; followed by officers working doubles; then by officers who have changed their work assignments as defined in paragraph #5.
9. Jobs normally will be assigned on Tuesday for the upcoming Friday, Saturday and Sunday. Jobs will be assigned on Thursday for the upcoming Monday, Tuesday, Wednesday and Thursday. Officers must sign up by 1200 hours on Tuesday and Thursday to be considered for posted jobs assigned on the above mentioned days.

10. Officers may sign up at any time when there are no posted jobs. If there is a job posted, after the names have been prioritized and other officers have signed up, all the names will be reprioritized before the job assignment is made.
11. Once a job is assigned, the officer's card in the priority file will be marked. Once an officer has worked the job, their card is moved to the back of the file. If the job is canceled, the officer's card will remain in its position in the priority file.
12. When more than one job is to be filled for a particular day, the officer with the most seniority (from those who will be given a job) will be assigned the more desirable job as determined by the assigning supervisor.
13. In a case where jobs have already been assigned and another job comes in, those officers already assigned will not be allowed to force a switch or bump another officer because they feel the new job is more desirable.
14. Officers who signed up to work an extra job may elect not to work an assignment. They have up to twenty-four (24) hours prior to the start of the job to exercise their option. Otherwise, they will be required to work the job or find a replacement. If an officer elects not to work an assignment, he/she must notify the shift supervisor of their intent in writing. An officer who elects not to work an assigned job after being assigned will be credited with the job and have their card placed in the rear of the priority file.
15. In an emergency, the procedure to fill the job is as follows: Officers who had signed up to work that day, but did not receive a job, will be contacted first. The next group to be called would be officers on a day off. The last group to be contacted would be officers presently working. Officers will be contacted based on their priority on the extra duty sign-up sheet or their priority in the extra duty card file.
16. It may be necessary to order an officer to work an extra duty job in an emergency. The Captain, his designee, or the on-duty shift commander shall determine if there is an emergency.
17. It is the individual officer's responsibility to check the log and the job slip after he/she has signed up for a job, to ascertain whether or not they have received an extra duty assignment, unless the assignment is made late or when the officer is on days off. It shall then be the responsibility of the officer who assigned the job to ensure that the officer is notified.
18. If an officer declines a job offered on a particular day, his/her name will be crossed off for further consideration on that date.
