The City will remit to the Union, on or before the last day of the month in which such deductions are made, the aggregate of amounts collected, together with a list of employees from whose salary such sums have been deducted. Such dues or service fees deductions shall continue for the duration of this Agreement and any extension thereof.

The City reserves and retains, whether exercised or not, all the lawful and customary rights, powers and prerogatives of management and all of the rights, powers and authority which the City had prior to the effective date of this Agreement. Such rights include but are not limited to the following:

- M. To develop and administer the Police Department budget.

ARTICLE V - UNION BUSINESS LEAVE

Section 5.01. Two members of the Union Negotiating Committee shall be granted leave from duty with full pay for all meetings between the City and the Union for the purpose of negotiating the terms of the contract when such meetings take place at a time during which such members are scheduled to be on duty.

Section 5.02. The President, or his designee, and the grievant shall be granted leave from duty with full pay for all meetings between the City and the Union for the purpose of processing grievances, when such meetings take place at a time during which such employees are scheduled to be on duty. This also applies to attendance at arbitration hearings.

Section 5.03. The president and two (2) members of the union, as may be designated in writing by the union, shall be granted leave from duty with full pay for union business, such as attending arbitration, labor conventions and educational conferences, provided that the total leave for the bargaining unit for the purpose set forth in this section shall not exceed nine (9) working days in any fiscal year. Such leave may be taken in half days.

Section 5.04. The Union's business representative shall be permitted to visit the police department provided such visits do not interfere with the operation of the department.

ARTICLE VI - WORK WEEK

Section 6.01. The regular work week shall consist of forty (40) hours per week, five (5) eight (8) hour days, followed by two (2) days off repeated throughout the work period and thereafter, including a thirty (30) minute lunch break. Notwithstanding the foregoing, the following regular schedule shall apply to employees assigned to the patrol division and other employees as designated by the Chief of Police: Four (4) days on, followed by two (2) days off repeated throughout the work period and thereafter, including a thirty (30) minute lunch break. Patrol supervisors work 8.25 hours per day, reporting 15 minutes before the start of their shift; patrol officers work 8 hours per day. This patrol schedule results in from 1946 hours to 2,007 hours worked per year and a fluctuating number of hours worked per week. However, it is agreed that employees working this schedule shall be paid a fixed salary bi-weekly on the basis of forty (40) hours per week with the hourly rate calculated by dividing the annual salary by 2,080 hours.

The following work periods are established: For patrol sergeants and officers – 24 days; for the investigative unit – 14 days; for all others – 7 days.

- A. At the discretion of the Chief of Police, individual Shift Commanders holding the rank of Lieutenant or above may work a 5-2 schedule (ordinarily Monday-Friday five consecutive days as determined by mutual agreement). Exceptions to these work schedules may occur with the written agreement of the Chief of Police and the Union President or their designees.
- B. All lieutenants, all personnel assigned to investigative work and other special assignments and sergeants not assigned to the patrol function shall work hours as assigned by the Chief of Police or designee. Those assigned to outside state or regional organizations shall work a flexible schedule depending on the needs of that organization.

- C. The Chief of Police or designee may assign supplemental shifts at his discretion, subject to the shift bid procedure.
- D. An employee's regular days off or work hours shall not be changed during the work period without the expressed approval of the employee or for the purpose of avoiding the payment of overtime. This provision does not apply during the transition of employees from one platoon to another due to shift bidding or to changes in hours or days off for training.

Section 6.02. Employees of the same rank may exchange assigned work shifts with each other but only after receiving the express written approval of the Chief or his designee and provided that the fulfillment of all exchange arrangements is a matter between the employees without City or Union involvement.

Section 6.03. Employees assigned to patrol shall bid their shifts every four (4) months for shift assignments to commence in January, May and September. Probationary employees do not bid shifts. The Chief of Police may make changes in individual shift assignments where circumstances require such changes for the good of the Department. Such changes shall not be made in an arbitrary and capricious manner.

Section 6.04. Minimum Staffing.

- A. The Department shall have the following minimum staffing: Day and midnight shifts – four (4) motorized patrol officers, plus one supervisor holding the rank of sergeant or above; afternoon shift – five (5) motorized patrol officers, plus one supervisor holding the rank of sergeant or above. When more than one supervisor is on duty, the additional supervisor does not reduce the number of motorized patrol officers required. However, once the shift has started, any supervisor may assume motorized patrol on a temporary basis. An officer on a light duty assignment shall not count toward minimum staffing unless assigned to perform the essential functions of a patrol officer or a patrol supervisor. (The term, motorized patrol officer shall mean one patrol officer assigned to a regular patrol sector in a patrol car/truck). Effective July 1, 2016 the minimum staffing for the day shift shall increase to five (5) motorized patrol officers plus one supervisor.
- B. Effective July 1, 2016, shift vacancies of one (1) hour or less may not be filled provided the shift staffing is not more than one patrol officer below minimum.
- C. When the City assigns on duty patrol officers to complete the practical portion of firearms qualification training, such officers shall not count toward shift minimum during the training period and the shift minimum staffing levels may be reduced by one during the training period. If, during the training period, the shift supervisor recalls any officer from the range to respond to calls for service and the officer does not have sufficient time to clean his/her weapon before responding, the range officer, at the officer's request shall issue a clean and serviceable firearm to the officer for temporary use. The officer shall return the temporary firearm as soon as he/she is able to clean his/her firearm.

ARTICLE VII - OVERTIME

Section 7.01. All hours worked in addition to the regularly scheduled hours described in Section 6.01 of this Agreement shall be paid at one and one-half (1-1/2) times the employee's applicable hourly rate unless such work is covered by another specific Section of this Agreement or any other written agreement between the City and the Union.

Section 7.02. There shall be no compensatory time in lieu of overtime except as follows: Lieutenants, detectives and any personnel not assigned to the patrol division may elect compensatory time off in lieu of overtime pay at the appropriate overtime rate. Such compensatory time may be accumulated to a maximum of 24 hours except that lieutenants may accumulate up to 40 hours. The City reserves its right to pay employees for accumulated compensatory time in lieu of granting time off.

Section 7.03. The City shall post the schedule at least three (3) days prior to the schedule taking effect. The schedule shall be for a minimum of seven (7) days except for the patrol schedule which shall be for no less than twelve (12) days.

Section 7.04. Scheduling Overtime. In the event the need arises to call someone in on the schedule for more than three hours, the shift supervisor shall check the posted Availability List to determine which officers are available and will call a replacement from that list. Once the Availability List has been exhausted, the City may order in required personnel in reverse department seniority order. There shall be separate availability lists for supervisors (Sergeants and Lieutenants) and for patrol officers. Supervisory positions must be filled by supervisors; patrol positions must be filled by patrol officers. Employees who have signed the Availability List shall be offered the first right of refusal of overtime by seniority in the following order:

First, employees on off duty days for the whole shift. Priority will be given to those assigned to the shift where the vacancy occurs, then to those assigned to the other shifts by seniority;

Second, employees working on shift and going off duty for the first half of the vacant shift;

Third, employees working on shift and coming on duty for the second half of the vacant shift.

Supervisors (lieutenants or sergeants) who have signed the Availability List shall be offered the first right of refusal of overtime by department seniority in the following order: First - patrol sergeants; Second - patrol lieutenants; Third - sergeants assigned to other divisions.

When shift vacancies of less than three hours must be filled, the Availability List procedures do not apply. Employees who are working the contiguous shift will be assigned to stay over or come in early. If all such employees refuse the assignment, the number required will be ordered to work by reverse department seniority

No employee shall work more than 17 consecutive hours or 17 hours in a 24 hour period (including private duty work) except for emergencies.

Section 7.05. Nothing herein shall prevent the City from utilizing and scheduling supernumeraries and/or auxiliary officers for work not normally performed by members of the bargaining unit.

Section 7.06. Errors in scheduling employees for overtime work shall be corrected through the assignment of future overtime. Employees shall not be paid for overtime hours not actually worked.

Section 7.07. Employees called back to duty for hours not contiguous with the start or the end of their regular work shift shall be compensated for the following minimum number of hours at the applicable overtime or compensatory time rate: for court time and for one departmental staff meeting each month, two (2) hours; for training, two (2) hours; for any other duty, three (3) hours.

ARTICLE VIII - COURT TIME

Section 8.01. An employee shall receive compensation at time and one-half from the City for the time spent in court or at a deposition and in traveling to and from court or deposition location when the employee is off duty (i) when the employee is summoned to testify in any criminal proceeding or (ii) when an employee is summoned to testify in his capacity as a police officer in a civil action. Any reimbursement the employee receives from the state or from any party in the civil action shall be turned over to the City. There shall be a two hour minimum, to include travel time. Any on-duty time shall be deducted from the minimum. To be eligible for compensation, the employee must file a written report with the Chief of Police or designee stating the length of time the employee was required to be in court or at a deposition and accompanied by a copy of the subpoena or other similar document.

Section 8.02. In the event an employee is selected to serve on jury duty, the City will pay the employee in full for each day served on jury duty when such duty is performed on a day the employee was scheduled to work provided the employee has proof of attendance. In the event an employee receives compensation through the courts for jury duty, when the employee is being compensated by the City, such employee shall sign over the payment to the City.

ARTICLE IX - PRIVATE DUTY WORK

Section 9.01. All employees shall be given at least four (4) hours advance notice of private duty work opportunities where practicable.

Section 9.02. Scheduled private duty work shall be posted and distributed to employees on a fair and equitable rotating basis in accordance with the following procedure:

- A. Employees who are available and willing to work private duty will make known their specific availability by signing a "Schedule of Availability for Private Duty Work" to be posted in the Department.
- B. Private duty work will be first assigned to the employee who is available for an eight (8) hour assignment and who has been charged with the lowest number of hours of private duty work.
- C. If no employees as described in Section B. above are available for or accept assignment, employees who are available for less than eight (8) hours of private duty work will be assigned to work the private duty with employees who have been charged with the lowest number of hours of private duty work being given the first opportunity for the assignment.
- D. Employees shall have the option of declining private duty work, and, in such case, shall be charged with the number of hours of the job declined as if the employee had accepted the job.

In the event an employee who is assigned private duty work reassigns the work, the employee shall be charged with the amount of hours he was scheduled to work. Reassignments shall be offered first to employees on the availability schedule with the lowest number of hours of private duty work. If no employee accepts, reassignments may be offered to any available employee. Any reassignment of private duty must be reported prior to duty to the Chief or designee.

- E. If no employees of the Shelton Police Department are available for the private duty work or if available employees refuse the private duty work, employees may be ordered in by the Chief or designee. First order in shall be from the availability list by lowest number of hours. If no employee has signed the availability list, order in shall be by reverse seniority among patrol officers.

Section 9.03. An employee who accepts a private duty assignment and thereafter cannot work the assignment is responsible to provide his own substitute. The employee who originally accepts the work and all subsequent substitutes will be charged for the hours of the job. The employee who works the job will be paid. Notwithstanding the foregoing, an employee who leaves a private duty assignment because of illness or other legitimate reason shall be paid for the hours he actually served on such assignment, and any employee who replaces him shall be paid for the remaining hours of such assignment.

Section 9.04. Errors in scheduling employees for private duty work shall be corrected through the next assignment of future private duty jobs. Employees shall not be paid for private duty hours not actually worked.

Section 9.05. The rate for employees working on private duty assignment shall be one and one-half (1-1/2) times the hourly rate at the top step of the Patrol Officer's Salary Schedule. Assignments shall be scheduled for a minimum of four (4) hours, except for private duty for the City of Shelton or the Shelton Board of Education, which shall continue to be scheduled for a minimum of three (3) hours. Any portion of an hour worked shall be considered one (1) full hour for pay purposes. Notwithstanding the foregoing, private duty worked for the City of Shelton or the Shelton Board of Education shall be paid at one and one-half (1-1/2) times the employee's regular hourly rate. Adjustments to the time and one-half (1-1/2) rates for private duty shall be effective as soon as possible after this Agreement is signed and shall not be retroactive.

Section 9.06. Because of the substantial expense in implementing and maintaining the "MERF Fund B" pension plan, a surcharge shall be added to the cost of private duty work. The surcharge shall be a percentage of the private duty hourly rate to be implemented each August 1st and calculated as follows:

Total prior fiscal year annual contribution by the City to "MERF Fund B" (including but not limited to amortization payments, assessments for plan administration, and the payments made as a percentage of annual earnings) divided by the prior fiscal year payroll for police MERF participants.

When the pension surcharge is adjusted, the City shall provide information to the Union indicating the basis of the calculation. The City may add an additional five percent (5%) surcharge to the private duty hourly rate to cover the cost of administering the private duty work assignments and other fringe benefit costs such as workers' compensation.

Section 9.07. New full-time employees shall be placed on the private duty list with the highest number of hours as of the date the employees are eligible to work private duty, i.e., when they have completed the field training program and have been approved by the Training Supervisor.

Section 9.08. Employees shall receive a minimum of four (4) hours' pay for private duty work, as set forth in Section 9.05, if the job is cancelled within ninety (90) minutes of the starting time

ARTICLE X - SCHEDULING PAID TIME OFF

Section 10.01. With the exception of paid leave days requested because of personal illness or injury or for illness or injury of an immediate family member for whom the employee is the primary care giver or for death of a relative covered by the funeral leave article, for paid time off to be granted, employee requests must be submitted to the Chief of Police or designee at least 48 hours in advance or as otherwise provided in this Agreement. In the case of an emergency, this notice requirement may be waived at the discretion of the Chief of Police or designee.

Section 10.02. All paid time off must be scheduled in full day increments, except compensatory time, personal days and union business leave which may be scheduled in 4 hour increments. Paid leave for personal illness or injury shall be charged in one hour increments.

Section 10.03. No more than 3 patrol officers and 1 patrol supervisor per shift will be allowed paid time off at the same time, provided, however, this limitation may be waived by the Chief of Police or designee if, by granting the time off request, no additional overtime cost for the City will result.

Section 10.04. For the purposes of this Article, paid time off is defined as all leave with pay including, without limitation, union business leave, holidays, vacation, sick and personal leave days, compensatory time, and funeral leave. Leave for short and long term disability and work-related injury leave are excluded.

- C. The granting of three (3) or more weeks consecutively to an employee entitled to the aforementioned weeks is dependent upon the requirements of the work load of the department.
- D. Each employee may schedule up to 10 individual days of vacation each year and employees eligible for 5 weeks vacation may schedule up to 15 individual days of vacation each year. No more than 5 individual days may be requested with 48 hours notice; the remainder must be requested in advance of the work schedule being posted.

- E. Employees who will accrue an additional vacation week during the fiscal year based on their date of hire (under section 12.01), shall be permitted to take that vacation in advance of their anniversary date of hire during the fiscal year in which it would be earned. Should an employee take this advanced vacation time and leave employment prior to their anniversary date, the employee shall be liable for repayment to the City of that time and may be subject to a wage garnishment from their final wages up to the amount of the advance which shall not exceed five working days.

ARTICLE XIII - SICK LEAVE

- A. **Definition.** Disability benefits are designed to provide cash income to any employee who is totally disabled by a non-job related injury or illness or pregnancy, and is therefore prevented from performing the duties of his or her occupation. The date of disability shall be the first day the employee was unable to report to work due to disabling illness or injury. Successive periods of disability separated by less than three (3) calendar months are considered as the same disability when the illness or injury rendering the employee disabled remains the same. A return to work light duty on either a full-time or part-time basis shall not alter the original date of disability.
- B. **Eligibility.** To be eligible for disability benefits, an employee must have completed twelve (12) months of continuous employment by the City and must be a full-time employee and, unless otherwise indicated in any sub-section of Section 13.01, must present medical documentation substantiating the total disability which is acceptable to the Chief or designee. If the documentation is not acceptable, then the case shall be referred to a physician designated by the City for final determination. When there is a conflict between the opinion of the employee's physician and the opinion of the physician selected by the City, a third medical opinion shall be obtained by referring the employee to a physician jointly designated by the employee's physician and the City's physician. The third medical opinion shall prevail. If the determination of eligibility for disability benefits is delayed, the employee shall be paid at the applicable disability rate until a final determination is made.
- C. **Absences of Five (5) or Less Consecutive Work Days For Probationary Employees.** A probationary employee shall be paid for five (5) days of absence due to illness or injury in each calendar year without medical documentation substantiating the illness or injury. Any other days of absence due to illness or injury shall be paid at the discretion of the Chief of Police or designee, provided the employee has submitted acceptable medical documentation substantiating the illness. Sick days not used do not accumulate from year to year. As used in this sub-section 13.01 C., "illness or injury" shall be limited to:

1. Illness or injury, except where directly traceable to employment by an employer other than the City of Shelton.
2. When the employee is required to undergo medical, optical, or dental treatment and only when this cannot be accomplished on off-duty hours.

D. Sick Days For Regular Employees.

1. In January of each year, regular employees shall be credited with 12 sick days. Sick days may be taken without advance notice for personal illness or injury or for illness or injury of an immediate family member for whom the employee is the primary care giver; sick days may be taken as personal days subject to the limitations in the Scheduling Time Off Article; sick days may also be used on a pro rata basis to supplement the short term and long term disability benefits described in sub-sections E. and F. After the end of the year, unused sick days will be paid at 100% in January.
2. In the calendar year in which probationary employees complete their probationary period, they are credited with five (5) sick days as of January 1st. On their first day as regular employees, they will be credited with up to seven (7) additional sick days, pro-rated at the rate of one (1) day for each month remaining in the calendar year. Employees completing probation on or before the 15th of the month will receive pro-rata sick day credit for that month. Accordingly, employees who complete probation between January 2nd and June 15th shall receive seven (7) additional sick days. After June 15th, additional sick days are credited as follows:

June 16 th through July 15 th	-	6 days
July 16 th through August 15 th	-	5 days
August 16 th through September 15 th	-	4 days
September 16 th through October 15 th	-	3 days
October 16 th through November 15 th	-	2 days
November 16 th through December 15 th	-	1 day
December 16 th through December 31 st	-	0

E. Short Term Disability.

1. Short term disability shall apply to any extended absence for illness or non-job related injury of more than five (5) consecutive work days.
2. On the 6th consecutive work day of any absence for non-job-related illness or injury and for a maximum duration of 26 weeks, weekly benefits will be paid in the amount of sixty-six and two-thirds percent (66-2/3%) of normal weekly straight time earnings provided the employee is under the care of a licensed physician.

- F. Long Term Disability. Employees who, after twenty-six (26) weeks, are totally and permanently disabled and are unable to perform their own job or any other occupation or trade to which they are suited by reason of education or training shall be eligible to receive a long term disability benefit which shall be equal to fifty percent (50%) of their normal monthly straight time earnings at the time of their disablement less any payments for which they are

eligible from Social Security and any other insurance or pension plan to which the City has contributed. Employees shall be eligible for long term disability benefits for the length of their total disablement up to the date the employee qualifies for a normal or disability retirement under MERF B. Eligibility for Long Term Disability benefits is determined by the City's insurance company after the employee has submitted a completed application to the insurance company. The City shall provide the required forms in a timely fashion.

- G. Those employees with a sick leave bank accumulation under the prior program as of February 29, 2000 shall retain their sick leave bank and may use the days, on a pro-rata basis, to supplement the short term and long term disability benefits described in the foregoing subsections E. and F. Any sick leave accumulation remaining at termination shall be paid as follows:

- Employment terminated by retirement or death, 50%;
- Employment terminated by discharge, 0%;
- Employment terminated for any other reason, 25%.

- H. Termination of Employment Due to Inability to Work. After one year from the date of disability (both job-related and non-job-related), if an employee is unable to provide medical evidence satisfactory to the City that he is able to return to his position and fully perform his job duties or if, in the opinion of a physician selected by the City, the employee is deemed unable to return to work and unable to perform his job duties, the City may terminate the employee. When there is a conflict between the opinion of the employee's physician and the opinion of the physician selected by the City, a third medical opinion shall be obtained by referring the employee to a physician jointly designated by the employee's physician and the City's physician. The third medical opinion shall prevail. In the event the employee does not report for the required medical evaluations, the employee may be terminated and such termination shall be deemed to be for just cause. Termination of employment under this provision shall not affect the City's obligation, if any, to continue to pay benefits pursuant to Sections 13.01 F. and 13.02.

Section 13.02. Workers' Compensation Supplemental Benefits.

- A. If an employee hired before May 1, 1984 loses time because of injury sustained in the line of duty for which he is entitled to compensation under the Workers' Compensation Act, he shall receive benefits equal to normal full pay for the period of disability, with the City making up the difference in the amount of such compensation received and the normal amount of weekly pay.

A. **Health Insurance**

1. **Base Plan** POE with \$15/\$30/\$45 Prescription Drug Co-Pay Plan, \$25 PCP/Specialist, \$75 ER, \$50 Urgent Care, \$150 Outpatient Surgery, \$300 Hospital Admission. For the Base Plan, employees shall pay, by payroll deduction, 8% of the premium cost, effective July 1, 2016.
2. **Mail Order Program:** Medications used to treat chronic or long term conditions for up to a 90 day supply may be filled through the MaxorPlus Mail Order Program.
3. **Generic Drugs:** Members will use generic drugs. Brand name drugs (whether preferred or non-preferred/listed) will be covered by the City's insurance program only if the physician indicates in a prescription that a brand named drug is required due to medical reason (i.e. allergy, drug interaction, duplicate therapy, food interaction, IV compatibility).
4. **International Drug Provision** Employees may elect to use the City of Shelton International Prescription Drug Plan for the brand name maintenance medications listed on the SheltonMeds customized drug list. Co-pays will be waived for purchases using this program.
5. **Optional Plans** Employees who elect to be covered under any other health insurance plan offered by the City shall pay the difference in premiums between the optional plan and the amount contributed by the City for the Base Plan described in Section 19.01 A.1. above when the premium amount for the optional plan is greater than the premium amount for the Base Plan.
6. **Section 125 Plan.** As soon as possible after the Agreement is signed, the City shall implement and maintain a "Section 125" Salary Reduction Agreement which shall be designed to permit exclusion from taxable income of the employees' share of health insurance premiums. The City makes no representations or guarantees as to the initial or continued viability of such a Salary Reduction Agreement, and shall incur no obligation to engage in any form of impact bargaining in the event that a change in law reduces or eliminates the tax exempt status of employee insurance premium contributions. So long as the City makes a good faith effort to comply with this paragraph, the Union and any employee shall not make any claim or demand, nor maintain any action against the City or any of its members or agents for taxes, penalties, interest or other cost or loss arising from a flaw or defect in the Salary Reduction Agreement, or from a change in law which may reduce or eliminate the employee tax benefits to be derived therefrom. This waiver on the part of the Union shall not extend to acts which may be committed by the City or its agent(s) other than the furtherance of the I.R.C. Section 125 plan.

- B. **Life Insurance** Each employee shall be covered by a group term life insurance policy in an amount equal to two (2) times the employee's straight time annual earnings with a minimum of Twenty Thousand Dollars (\$20,000). On January 1st of each year, the amount of insurance for that year shall be determined by rounding off to the nearest thousand an amount equal to two (2) times the employee's straight time earnings on the prior December 31st. This benefit is reduced by 50% when the employee reaches age 65.
- C. **Dental Plan** Individual employee coverage shall be provided by the City at no cost to the employee. One hundred percent (100%) of the premium for dependent coverage, if elected, shall be paid by the employee by way of payroll deduction. The City shall give advance notice to the Union of the new premium rates whenever such rates are adjusted.
- D. Retirees shall be given the opportunity to continue to participate in the health insurance described in Section 19.01 A. at the City group rate to age of eligibility for Medicare and such premiums shall be paid by the retiree in advance on a monthly basis. This option shall be offered to the retiree one time only and must be elected as of the date of retirement. If the retiree fails to pay the monthly premium as required by the City, the insurance shall be cancelled and shall not be renewable. If the City's insurance carrier does not allow retirees to participate at City group rates, the City shall not be required to provide any insurance coverage to the retiree. The surviving spouse of an employee who dies while employed shall also be given the opportunity to participate in the health insurance plan at his or her own expense under the same conditions as set forth for retirees in this subsection D. The surviving spouse of an employee who has retired shall be eligible for this option provided the surviving spouse was married to the employee as of the employee's retirement date and was enrolled in the medical plan at the time of the retiree's death.
- E. If, as of the date of retirement, the employee has elected the option described in Section 19.01 D. above, the City shall pay Sixty Percent (60%) of the monthly premium for the retiree and spouse or Seventy-Five Percent (75%) of the monthly premium for the retiree only, subject to the following conditions:
 - 1. At retirement, the employee has completed at least twenty-five (25) years of continuous service as a police officer with the City or is at least age 55 and has completed at least fifteen (15) years of continuous service as a police officer with the City. Employees who qualify for a disability pension under MERF and who have at least 15 years of continuous service with the City will be eligible for the post-retirement health insurance benefit.
 - 2. The employee's retirement date is on or after July 1, 2005.
 - 3. The monthly premium used to calculate the amount of the City's contribution shall be the monthly premium for the Base Plan or the monthly premium for the alternative plan in which the retiree is enrolled, whichever is less.
 - 4. The City's contribution toward the monthly premium shall end when the retired employee becomes eligible for Medicare or when the retired employee dies, whichever first occurs.

5. At any time, retired employees may elect to waive post-retirement health insurance benefits in order to receive a monthly payment equal to the City's cost for the retiree health insurance benefit. A retiree with spouse must waive health insurance for both. Once the waiver is made, there shall be no opportunity for the retired employee and spouse to re-enter the City plan. Payments cease when the retired employee reaches age 65.

For any employee hired on or after July 1, 2014, instead of the premium support benefit set forth above, the City shall pay Fifty Percent (50%) of the monthly premium for the retiree only, and no premium support will be paid for any additional coverage (e.g., retiree and spouse). To be eligible for this benefit, the employee must still meet the criteria set forth in subparts 1-5, above.

- F. Nothing contained in Section 19.01 above shall be construed as limiting the City's right to change insurance carriers, provided the level of benefits obtained from the new carrier is comparable to the level of benefits supplied by the former carrier.
- G. The City shall permit employees to waive health insurance coverage and shall pay the employee \$2,500 each year that medical insurance is waived and \$200 each year that dental insurance is waived as provided for under a separate agreement between the City and the Union attached as an addendum.

Section 20.02. Any change in the uniform initiated by the City and required to be complied with immediately shall be paid for by the City. "Required to be complied with immediately" means that the item must be purchased before the next clothing allowance installment is paid. However, in the event the cost of the item exceeds the clothing allowance installment, the employee shall not be required to comply with the change until two clothing allowance installments have been paid.

Section 20.03. Annual clothing and cleaning allowances shall be paid quarterly in January, April, July and October of each year. Employees who have worked no hours in the quarter immediately preceding the payment date shall not be eligible for the payment.

Section 21.01. Department seniority shall be based upon length of continuous service as a sworn regular officer from the date the employee was officially appointed as a regular officer to the department. Whenever more than one employee is appointed to the department on the same day, the department seniority of each employee as it relates to others appointed on the same day shall be determined by the relative position of each employee on the list of those eligible for appointment. The City shall provide the Union with a list of employees and their department seniority subject to verification by the Union.

Section 21.02. Rank seniority shall be based upon the length of continuous service in a given rank from the date the employee was appointed to the given rank. Whenever more than one employee is appointed to a given rank on the same day, the rank seniority of each employee as it relates to others appointed on the same day shall be determined by each employee's department seniority.

Section 21.03. Seniority shall not be broken by vacations, sick leave, suspension, military leave, any other authorized leave of absence, or layoff of twelve (12) months or less.

Section 21.04. Employees who resign or who are discharged for just cause shall lose all seniority.

Section 21.05. Any employee who is promoted or assigned to a non-bargaining unit position in the Shelton Police Department shall be permitted to return to a bargaining unit position and rank in accordance with this Article and with department seniority credit for all continuous years of employment in the Shelton Police Department. No other bargaining unit member shall be demoted or laid off as a result of such employee's re-entry into a bargaining unit position.

Section 21.06. Department seniority shall prevail for sworn police personnel exercising preferences for vacations, holidays, and private duty work, if hours worked are equal. Rank seniority applies to shift bidding.

Section 21.07. In the event of a reduction in force, the employee with the least department seniority in the bargaining unit shall be laid off first regardless of the division to which he is assigned. There shall be two weeks notice given in the case of a layoff. Whenever any regular member may be laid off, such member shall be afforded the opportunity of returning to his former position or rank within one (1) year from the date of lay-off before any new members are appointed. Opportunity to return to work will remain open for fourteen (14) days after written notification to a laid-off employee's last known address.

ARTICLE XXII - PROBATIONARY PERIOD

Section 22.02. Upon completion of the probationary period as a police officer, an employee's department seniority shall date from the original date of employment as a police officer.

Section 22.03. During the probationary period, the newly hired probationary employee shall be entitled to representation by the Union but actions taken with respect to discharge or other termination for just cause shall be in the sole discretion of the Chief of Police and shall not be subject to the grievance procedure of this Agreement.

Section 22.04. Employees promoted to positions within the bargaining unit shall serve a probationary period of one (1) year. Section 24.01. The purpose of this grievance procedure is to establish effective machinery for the fair, expeditious and orderly adjustment of grievances. Only a complaint alleging that there has been a violation, misapplication or misinterpretation of the terms of this Agreement shall constitute a grievance under the provisions of this grievance procedure.

Section 24.02. A complaint not alleging a violation, misinterpretation, or misapplication of the terms of this Agreement shall not constitute a grievance for the purpose of this Article and shall be processed through Step 1 of this procedure, if the matter is within the administrative authority of the department to resolve.

Section 24.03. The following shall be the sole means for resolving complaints and/or grievances between the parties with the exception of alternative State and Federal statutory appeals procedures which are available.

Section 24.04.

STEP #1: The aggrieved employee or employees must present the grievance in writing to the President of the Union and to the Chief of Police, specifying the circumstances and date of the grievance, within ten (10) calendar days of the event giving rise to the grievance. Within ten (10) calendar days after receiving such, the Police Chief or his designated representative, shall render his decision in writing to the aggrieved employee or his representative, if represented.

STEP #2: If the aggrieved employee and/or his representative is not satisfied with the decision rendered by the Chief of Police or his designated representative, within fifteen (15) calendar days thereafter, the aggrieved employee and/or his representative shall present the grievance in writing to the Mayor, or his designee. The decision of the Mayor, or his designee, shall be rendered in writing to the aggrieved employee or his representative within ten (10) calendar days thereafter.

STEP #3: If Steps 1 and 2 hereof have been complied with and a settlement of the grievance has not been effected, either the City or the Union may process the grievance to arbitration by submitting it to the Connecticut Board of Mediation and Arbitration, with a copy to the other party, within thirty (30) calendar days of the answer of the Mayor or designee. The costs of arbitration shall be borne equally by the parties. By mutual agreement, the grievance may be submitted to the American Arbitration Association. The arbitration decision shall be final and binding upon the Employer and the Union.

Time limits set forth in this Section may be waived by mutual agreement of the City and the Union.

Section 24.05. No employee shall be disciplined or discharged except for just cause. Any disciplinary action taken shall be appealable through this grievance procedure.

Section 24.06. The arbitrator shall not have the power to add to, subtract from or modify the provisions of this Agreement in arriving at a decision of the issue presented and shall confine his decision solely to the alleged violation of this Agreement and to the precise issue submitted for arbitration. The hearings shall be conducted in accordance with the arbitration agency's rules of procedure.

Section 24.07. Arbitration awards will not be made retroactive beyond the date of the occurrence of the event upon which the grievance is based.

ARTICLE XXV - PERFORMANCE EVALUATIONS

Section 25.01. Employee performance evaluations shall be conducted semi-annually, with the exception of probationary employees who are evaluated more frequently. Such evaluations are not subject to the grievance procedure.

The current version is attached to this Agreement as Appendix A.
- B. In the event that an employee fails to meet the POST Standards, the employee shall be re-tested every three months and for each failure shall receive an incremental progressive step of discipline. The progressive discipline under this article will start with a two day unpaid suspension, incrementing at two days per progressive step, up to a maximum of ten days.

- C. An employee failing to meet the POST Standards and reasonably believing that medical reasons prevent him or her from meeting the standards in three months may request a doctor's designated physical fitness program as described in Section 26.03 below.
- D. The City may require periodic medical examinations of each employee at its expense. The frequency of the examinations shall be as recommended by the City physician in consideration of the employee's age and medical condition. The report of the examination shall remain confidential unless needed as evidence by either party as part of a contested case. Confidentiality will not extend to physical fitness plans and similar information described in other provisions of this article. The Chief of Police shall receive a report that the examination was completed and certification that the employee is capable of performing his or her duties. When the City physician recommends a corrective action (e.g., diet, exercise, etc.), the employee shall, as a condition of employment, comply with the recommended action.

Section 26.03. Doctor Designated Physical Fitness Program.

- A. Any employee may request a doctor designated physical fitness program. Such employee shall submit himself or herself to a medical examination by a City physician. The object of the medical exam will be to assess the employee's physical condition to 1) determine the appropriateness of the fitness standards detailed in Appendix A and 2) if necessary, to design and prescribe a medically appropriate physical fitness program designed to condition the employee to meet the standards detailed in Appendix A. Upon completion of the program, the employee shall be tested pursuant to Section 26.01.
- B. Any employee hired after July 1, 1997 who is participating in a doctor's designated physical fitness program in lieu of meeting the POST Standards will be required to follow the exercise, diet, and other recommendations of the doctor. A failure to comply with the doctor's designated program will subject the employee to increased review. The employee's non-compliance with the doctor's program will be reviewed every three months. Continued failure to comply with the doctor's recommendations shall subject the employee to progressive discipline consistent with Section 26.02 B.

Section 26.04. Community Center Facilities. The City will provide all employees of the department with the use of the physical fitness facilities at the community center during times when it is available for use by the general public for purposes of maintaining their physical fitness under this article.

Section 26.05. Weight Assessment for Employees Hired Before July 1, 1997. Each employee hired before July 1, 1997 shall undergo a weight assessment provided by the City. The assessment report shall be limited to a statement of the employee's ideal weight. Within 24 months of the date of the assessment report, the employee must weigh no more than 150% of his/her ideal weight. If this standard is not achieved on time, the employee must participate in a doctor designated physical fitness program until the employee weighs 150% of ideal weight or less. The program outline shall be submitted to the Chief or designee. All employees shall be followed with a weight assessment every 36 months. Weight standards will be suspended for pregnant employees during the pregnancy and for a reasonable period thereafter.

In the event, the parties mutually agree to negotiate upon any issue, any modification of this Agreement shall be reduced to writing, signed by the parties, and become an appendix to this Agreement.

Section 29.02. Any item not covered in this Agreement may be governed by existing written ordinances, policies, rules or regulations of the City, or by the modification of existing ordinances, policies, rules, or regulations or the adoption of new ordinances, policies, rules or regulations. Where any ordinance, policy, rule or regulation of the City is in conflict with any specific provision of this Agreement, this Agreement shall prevail.

The terms of this Memorandum supersede any conflicting provisions of the collective bargaining agreement (hereinafter, the "Agreement") and apply only to the officers assigned to the Canine Unit (hereinafter, the "Handlers" and the dogs owned by the City as of the date the Memorandum is signed. This Memorandum shall have no precedent for any other specialized unit or member of such unit within the Shelton Police Department.

The terms of the Memorandum of Understanding are as follows:

1. Hours of Work. Unless on special assignment, each Handler works the patrol schedule, that is, a twenty-four (24) day work period of four (4) eight (8) hour work days followed by two (2) days off repeated throughout the work period and thereafter; totaling 128 work hours within the work period. In addition, the City recognizes one (1) hour per day for the care of each dog totaling twenty-four (24) hours within the work period.
2. Compensation for Dog Care. The wage for the 128 regularly scheduled hours within the work period shall be as established by the Agreement. For the twenty-four (24) hours within the work period attributable to dog care, each handler will be paid minimum wage, Federal or state, whichever is greater. The City and the Union recognize that the foregoing compensation is straight time compensation for 152 work hours within the twenty-four (24) day work period. For additional half-time due under the Federal Fair Labor Standards Act, 28 U.S.C. Section 207 (K) and regulations enacted pursuant to that act (29 CFR Section 553.230), each Handler will be credited with one-half (1/2) hour of paid time for each hour paid within the work period greater than 147 hours up to and including 152 hours. Therefore, when a Handler is paid all regularly scheduled shift hours plus one (1) hour per day caring for his dog, the paid time due for the twenty-four (24) day work period will be 2.5 hours. Any other overtime worked by the Handler will be compensated pursuant to the Overtime Article of the Agreement.
3. Training. When specialized training is required, the Handlers' regular work shift and/or work day will be adjusted as needed so that such training occurs during working hours and no additional compensation in wages or compensatory time off is earned. The Training Officer will select the training day which creates the least opportunity for overtime.

4. Shift Bid. The Handlers are exempt from normal shift bidding procedures and will be assigned by the Chief of Police or designee.
5. Vehicle. The Handlers are allowed to use a designated canine police vehicle for transport of the dogs to and from work. The canine vehicle will not be used for personal use or extra duty assignment (unless the assignment is canine related). If any Handler violates these restrictions, the Handler shall lose the privilege of using the canine vehicle for transportation to and from work. Canine vehicle mileage shall be recorded as part of each Handler's daily report.
6. Care and Feeding of the Dog. The City shall bear the expense for dog food, basic equipment, veterinary care and insurance as long as the dog is in active service.
7. Continuation of Canine Unit. The City reserves the right to eliminate the Canine Unit at any time in which case the active dogs will be retired.
8. Retirement of the Dogs. The City may retire any dog for the following reasons:
 - a. Age, or incapacity of the dog.
 - b. Long term illness or incapacity of the Handler.
 - c. Elimination or reduction of the canine program.
 - d. Failure of the dog or Handler to maintain State Certification.
 - e. Modification of Federal and/or State wage and hour laws so as to render any provision of this Memorandum unlawful and result in additional cost to the City. Before eliminating the unit for this reason, the City will meet with the Union to discuss other alternatives.
 - f. Any other occurrence causing the City to conclude that continuation of a dog in service is not financially feasible.

In the case of a dog's retirement, the Handler will be given the opportunity to purchase his dog from the City for one dollar (\$1.00). Upon such purchase, the handler will be responsible for all costs and any liability associated with the dog.
