PREAMBLE

This contract is made and entered into by and between the City of Coral Springs, Florida (hereinafter referred to as the City) and the Florida State Lodge, Fraternal Order of Police Inc. (hereinafter referred to as the F.O.P.). These parties enter into this Agreement in satisfaction of their mutual obligation as provided in Chapter 447, Part II, Florida Statutes, to negotiate in good faith concerning wages, hours and other terms and conditions of employment of the City employees who are within the bargaining unit described in Article 1 of this contract, and to reduce their resulting agreement to writing.

ARTICLE 1 RECOGNITION

The City recognizes the F.O.P. as the sole and exclusive Collective Bargaining Agent, for the purposes set forth in Chapter 447, Part II, Florida Statutes, of those employees within the Bargaining Units certified in Florida Public Employees Relations Commission Certification No. 868.

ARTICLE 2 CITY'S RIGHTS OF MANAGEMENT ADMINISTRATION

Section 1: It is agreed and understood that the City does not intend by this Agreement to, and does not, yield any of the rights or powers it had or enjoyed, with respect to unit's members' wages, hours or working conditions, or with respect to any other matter, prior to the time when the FOP asserted or obtained representative status, except as it has, by express language in this Agreement, agreed to yield any of such rights and powers, wholly or partially, or as required by law.

Section 2: During the term of this Agreement, the City shall be deemed to have and enjoy each and all of those rights and powers that it could have and enjoy under the broadest possible contract provisions reserving or granting rights of management or administration to the City, that it could lawfully propose and insist upon through a collective bargaining impasse, under decision(s) of the Florida Supreme Court or decision(s) of any other Florida court or Florida agency. The following are rights which both parties acknowledge are management's rights:

- A. the right to determine the size of its workforce;
- B. the right to determine the existence of a job vacancy;
- C. the right to fill vacancies;
- D. the right to initially select employees for inclusion in the workforce;

- E. the right to direct, assign and schedule employees in accordance with other terms of this collective bargaining agreement and established general orders;
- F. the right to determine the fact of lack of work;
- G. the right to determine what records are to be made and kept, including those records relating to hours of work of employees and who will make and keep the records and how the records are to be made and kept;
- H. the right to contract or subcontract out work;
- I. the right to open new facilities;
- J. the right to make time studies of work loads, job assignments, methods of operation; and
- K. the right to offer voluntary early retirement and/or voluntary severance packages. The City will notify F.O.P. prior to offering such packages.

Section 3: Nothing in this article or elsewhere in this contract shall operate to create a waiver of rights that the City would not, under Florida law, have the right to insist upon through a bargaining impasse.

Section 4: If, in the good faith discretion of the City, it is determined that an emergency condition exists due to a natural disaster, riot or civil disorder, the City will so notify the Union and the provisions of this Agreement, may be suspended during the emergency, provided that the wage rates, insurance, discipline and discharge, grievance, arbitration and pension benefits provisions will not be suspended. As soon as the emergency is over, all provisions of the contract will go back into effect.

<p style="text-align: center;">ARTICLE 3 NO STRIKES, LOCKOUTS</p>

The parties are cognizant of the provisions of Florida Statutes, Chapter 447, Part II, as they apply to Law Enforcement Officers and agree that those provisions, as now stated or as amended during the term of this Agreement, will be observed in the circumstances to which they are applicable.

In any grievance arising under the Collective Bargaining Agreement, the arbitrator, in rendering his/her award, shall be bound by and shall apply the foregoing standard contained in this paragraph.

ARTICLE 5 POLICIES

Ten business days prior to any changes in Rules and Regulations, General Orders, Special Orders, Standard Operating Procedures and City Policies governing employment, the City will provide copies of such changes to the FOP Union President or his/her designee.

Section 2: Insofar as such Rules, Regulations, General Orders, Special Orders, Accreditation Standards, Standard Operating Procedures and City Policies deal with mandatorily bargainable subjects, they are approved and will remain in effect.

Section 3: The parties recognize that the City is free to amend, modify, revise, or eliminate such rules, regulations, orders, standards, procedures, and policies, or to formulate and implement new ones at its pleasure, to the extent that they deal with subjects which are not mandatorily bargainable.

Section 8: The City shall not be monetarily liable to the F.O.P. on account of any unintentional error in complying with this Article.

Section 9: It will be the F.O.P.'s obligation to send the City a current list, once each month, showing additions or deletions of the names of the employees currently authorizing dues deduction.

Section 10: All remittances are to be deemed correct unless the F.O.P. notifies the City within one week after receipt of same.

Section 11: In the event the City deducts from an employee's pay more than the authorization calls for, the employee must look to the F.O.P. and not the City for a refund or adjustment.

Section 12: If the City reasonably questions the continuing validity of an authorization for any reason, the F.O.P. shall provide a new authorization if the obligation to deduct is to continue.

Section 13: The F.O.P. will indemnify, defend, and hold harmless against any claims, suits, orders or judgments brought or issued against the City based on any payroll deductions of dues as provided for in this Article.

After retirement benefits have commenced, a retired member may change his or her designation of joint annuitant or beneficiary only twice, pursuant to F.S. § 185.161. Any benefit to be paid to a newly designated beneficiary shall be based on the age and gender of the new beneficiary.

When requesting sick leave for medical appointments, the employee must request leave and the leave must be approved by the immediate supervisor in advance of the medical appointment.

- 9. Employees who become ill while on vacation may request and be granted sick leave provided:
 - a. The employee notifies his or her supervisor in the same manner as Procedure Number 1.
 - b. A physician's certification and leave form must be furnished covering each day of sick leave requested upon the employee's return to work.
 - c. This provision does not apply for an illness of the employee's immediate family. Any exceptions to this paragraph must be approved by the Department Director and the Director of Human Resources.

Section 2 – Administrative Policy 06.04.03.02 – Sick Leave Incentive

1. **Regular Full-Time Employee:** An individual occupying a budgeted position and scheduled to work a minimum of forty (40) hours per work week.
2. **Payroll Year:** Period of time which includes all pay dates that occur during that year as reported to the IRS for income purposes.

*NOTE: Suggested payroll timeframes above may be subject to change if an out of cycle payroll is required to expedite payroll processing.

POLICY:

1. A) For all employees whose sick leave accrual balance is **less than 480 hours** at the conclusion of the sick leave conversion period:

Unused hours earned and accumulated during the sick leave conversion period in excess of thirty-two (32) hours may be converted to either:

- Lump sum payment up to a maximum of sixteen (16) hours for each sick leave conversion period or;
- Annual leave up to a maximum of sixteen (16) hours for each sick leave conversion period.

2. Payment must be in one (1) hour increments.
3. Employees may donate up to 16 hours of sick time per payroll year without jeopardizing their Attendance Incentive Option.
4. After the selection of an attendance incentive option, sick leave accruals over the respective 480 hours will be reduced appropriately.
5. Sick leave used in the prior (six months) sick leave conversion period will not prevent the employee from being eligible for the incentive in the next sick leave conversion period.

ELIGIBILITY

1. Regular full-time employees who are employed as of January 1 and July 1 will be eligible to receive the Attendance Incentive Option which is based on sick leave hours accrued during the previous six-month period and any sick leave hours used during the previous six-month period provided the employee meets the following criteria:

PROCEDURE

1. City staff will review the attendance records of all eligible employees for each sick leave conversion period in order to prepare a list of those eligible.
2. Employees who elect the lump sum payment option will receive a check in January or July covering the Attendance Incentive Option earned in the preceding six months and payment will be made at the hourly rate in effect on the payroll when the incentive payment is issued. Employees who elect to convert to annual leave will have the hours credited to their annual leave balance, not to exceed the maximum accrual amount.
3. Each employee must respond by the specified deadline to the Human Resources memorandum indicating the option chosen. If no option is selected, the default is a lump sum payment.

Section 3 – Administrative Policy 06.04.03.03 – Sick Leave Pay Out at Separation

POLICY

1. Educational Planning

- a. <p style="text-align: center;">ARTICLE 28 ADMINISTRATIVE POLICY 06.04.01.01 PREMIUMS – RETIREES AND DISABLED EMPLOYEES</p>

To specify situations where health insurance benefits will be provided to former employees and at what premiums those benefits will be provided. In the event of

disability, income replacement is available to employees through the City's long-term disability insurance policy, City of Coral Springs Police Pension Plan and/or Social Security. Employees should consult specific plan documents or policies for eligibility criteria.

DEFINITIONS

1. **Regular Full-Time Employee:** An individual occupying a budgeted position and scheduled to work a regular forty (40) hour work week.
2. **Regular Retired Employee:** A former regular full-time employee who meets the criteria for retirement as specified in the City retirement plan in which the employee is a member.
3. **Service Incurred Disabled Employee:** A regular full-time employee who qualifies for permanent or long-term disability under the City's long-term disability insurance policy or through the Police Officer's Pension Plan as a result of an occupational accident or as defined by Worker's Compensation parameters, while in the performance of duties for the City.
4. **Non-Service Incurred Disabled Employee:** A regular full-time employee who qualifies for permanent or long-term disability under the City's long-term disability insurance policy, except as defined in section 3, Service Incurred Disabled Employee.
5. **Dependent Family:** The immediate family, defined as spouse and/or children, covered on the city's health plan on the date of an employee's retirement or disability.
6. **COBRA:** The Consolidated Omnibus Reconciliation Act of 1985. This Act requires that a group health plan offer continuation coverage to people who would otherwise lose coverage as a result of certain events. These events include, among other events, termination of employment due to death or disability.

POLICY

1. **Retiree health insurance** shall be available to regular full-time employees retiring from continuous service to the City and their dependent family at 50% of the premium costs associated with health insurance coverage.
The above rates are in effect until the retiree reaches the age of Medicare eligibility. After reaching Medicare eligibility, the retiree may continue City health insurance as a Medicare supplemental policy, paying 100% of the premium costs associated with health insurance coverage.

If the retiree is subsequently employed and is eligible to receive health insurance from the new employer, said insurance shall be primary for the retiree and any eligible dependents and the insurance provided by the City, if elected, shall be secondary for so long as the retiree remains eligible for the insurance provided by the new employer. If the other employment ends, the retiree would be able to elect City health plan coverage as primary again. If secondary coverage is elected, the retiree shall pay 100% of the premium costs association with health insurance coverage.

A retiree cannot "upgrade" coverage after their retirement date, i.e. elect dependent coverage if at retirement they have single coverage. Upon Medicare eligibility the retiree may elect City coverage as a Medicare supplemental policy at the rates effective at that time.

2. Service Incurred Disabled Employees (including active DROP participants) and Dependent Family will be permitted to continue their health insurance coverage with the City at active employee premium rates until the employee is entitled to receive Medicare benefits. Upon Medicare eligibility, the service incurred disabled employee will be treated as a retiree (see Policy section 1). This coverage will remain in force for so long as the long-term disability carrier continues to pay disability income benefits.
3. Non-Service Incurred Disabled Employees and Dependent Family will be permitted to continue their health insurance coverage, as provided by law, under COBRA.
4. Life insurance and long-term disability coverage provided by the City will be discontinued upon retirement or disability. However, life insurance, long term disability and other coverages, if any, may be continued by the employee at his sole cost if permitted by the carrier. Information about these policies will be available through the Human Resources Department.
5. In the case of employee death, other than resulting from service incurred injury, the Dependent Family, if covered on the health plan, will have health insurance coverage sponsored by the city at active employee rates for thirty (30) days following the death. After thirty (30) days, the family will be permitted to continue their health insurance as provided by law, under COBRA.

In case of employee death resulting from service incurred injury, the Dependent Family will remain eligible for health coverage in the same fashion set forth in paragraph 2 of the Policy for Service Incurred Disabled Employees. This coverage will continue for the surviving spouse until such time as the surviving spouse is eligible for other coverage through an employer, re-marries or reaches the age of Medicare eligibility. This coverage will continue, at active employee rates, for dependent children for so long as they remain eligible for coverage under the City's health plan (to age 26). Dependent coverage may be continued from age 26 to 30

for the full (unsubsidized) cost of coverage as long as the dependent meets criteria pursuant to Florida Statute.

PROCEDURES

1. The Regular Retired Employee Service Incurred or Non-Service Incurred Disabled Employee, or Dependent Family will receive information from the Human Resources staff regarding the continuation of coverage, the payment amount and payment due date, coverage limitations, etc.
2. The Regular Retired Employee Service Incurred or Non-Service Incurred Disabled Employee, or Dependent Family will be responsible for making timely payments for the insurance coverage; two late payments of more than thirty (30) days will result in cancellation of coverage.

An officer on light duty status or completing the Field Training Officer Program shall not be permitted to accept off-shift police assignments.

E. If any Police Department supervisor determines that an officer is unfit for duty because the officer has worked too many off-shift police details, that supervisor shall submit, in writing, to the Police Chief through the chain of command, the substantiating facts and specific instances of conduct which render the officer unfit for duty. The Chief of Police, after reviewing the information, may, if he deems it necessary, prohibit the officer from working off-shift police services for any period of time he feels is required.

F. Officers shall work off-shift police services with the explicit understanding that they are subject to emergency recall to on-duty status.

G. It shall be the responsibility of each officer to report all off-shift employment income to the appropriate government agencies.

H. It shall be the responsibility of each member to prepare any activity logs, reports, and/or memos required by the permit holder, and as indicated on the detail slip furnished by the detail office. Members who accept a detail from another member shall furnish the necessary paperwork to the Special Detail Officer within 72 hours after the detail has been worked.

I. Officers may not leave their detail site for personal breaks during details lasting four hours or less. For details lasting longer than four hours officers may leave their detail site for a personal break not to exceed fifteen (15) minutes, when necessary, after advising dispatch, and with supervisory approval. Breaks taken away from the detail site must be taken at a location as close to the detail site as possible. No break shall be taken during the first and/or last hour of service.

J. The following disciplinary action shall be taken for tardiness, failure to prepare required paperwork, unauthorized breaks, failure to report to a detail and leaving a detail without proper authorization or relief.

1. Officers who report late for an off-shift detail or fail to furnish the required paperwork shall:

- On the first offense receive a Record of Discussion

Note: Any discipline associated with any infraction listed above will be dated from the date of the off-shift detail during which the violation occurred. The Chief of Police, or his designee, may allow a member who has been temporarily suspended from working off-shift details to work an off-shift detail if it is in the best interest of the Department.

K. The Chief of Police shall have the authority to prohibit any member of the Coral Springs Police Department from working off-shift police services, for cause.

If a department conflict exists, the member's supervisor will notify the Special Detail Office and assist in transferring the assignment to another member.

ARTICLE 30 ADMINISTRATIVE POLICY 06.06.01 PERFORMANCE EVALUATION

POLICY:

The City of Coral Springs has established a system to evaluate and recognize employee performance. Through employee performance evaluation, it is also the City's objective to improve employee productivity, employee/supervisor communications, and encourage the use of the evaluation as a tool for employee development counseling.

Non-probationary members who have not reached the top of their pay range (exclusive of longevity) will receive increases as specified in Article 12, Wages, on their anniversary date, with an overall performance evaluation rating of Satisfactory or above.

PROVISIONS:

1. Performance evaluations shall be completed on employees to rate the efforts of work performance in each category of responsibility for a specific period of time.
2. The immediate supervisor who has direct knowledge of an employee's performance and who completes a performance evaluation form shall be known as a "rater". Raters shall provide supporting comments to explain the rating assigned to each category.
3. All department directors are responsible for the implementation of this policy within their departments and for ensuring that the ratings are justified by the supporting statements.
4. Employees that are in budgeted full time and part time positions and work more than 1,040 annually, with the exception of department directors, shall receive a performance evaluation annually or as frequently during the year as deemed to be necessary during the employment relationship. Department directors will be reviewed by the City Manager at the discretion of the City Manager.
5. The effective date of any change of status such as promotion, reclassification or demotion shall become the new job anniversary date for the employee.
6. Each new employee will be subject to a minimum one-year initial probationary period. Employees experiencing a promotion or demotion during the employment relationship will be subject to a minimum one-year position probationary period starting from the effective date of a promotion or demotion status change. If completed successfully, this date becomes the employee's job anniversary date. Any new employee who is promoted or demoted prior to successfully completing the entire initial probationary period shall begin a new one-year minimum initial probationary period starting with the effective date of the change of status. Probationary periods may be extended up to six (6) months by the department director.
7. The performance evaluation is the most common method to determine whether an employee is successfully passing a probationary period. Once the director has determined that a probationary period has been successfully passed, an employee is a regular City employee.

8. Performance evaluations for longevity merit as defined in section 06.03.03 of the Administrative Policy will not affect an employee's job anniversary date or eligibility for a merit increase at the job anniversary date. An "other" type of performance evaluation should be completed for longevity merit purposes.
9. An employee promoted at any time prior to their next regularly scheduled performance evaluation date will receive a prorated increase (see Article 12), prior to their promotional increase.

TYPES OF PERFORMANCE EVALUATIONS:

1. INITIAL PROBATIONARY PERIOD PERFORMANCE EVALUATIONS: The initial probationary period is defined as a minimum one-year period beginning from either the date of employment or, if a promotion or demotion is experienced during this first year, the initial probation period begins again for a minimum of one year from the effective date of the change of status. Generally, there will be two (2) evaluations during this period. The first one will be completed at six (6) months into the initial probationary period. The second one will be completed at the end of the initial probationary period. If the initial probationary period is successfully passed, the employee will acquire regular status, and this date will become his/her job anniversary date. If, at any point, an employee is not successfully passing a probationary period, the employee's probationary period may be extended by the department director for up to six (6) months or the employee may be dismissed without an administrative hearing. Upon successfully passing the initial probationary period, the employee will also be eligible for a merit increase as specified in Article 12, Wages. Eligibility, however, does not indicate that an increase is automatic.
2. ANNUAL PERFORMANCE EVALUATION: This evaluation shall be conducted annually within thirty (30) days of employee's job anniversary date. Approved merit increases may be awarded as a base salary adjustment. Eligibility for a merit increase does not indicate an increase is automatic.
3. POSITION PROBATIONARY PERIOD PERFORMANCE EVALUATION: The position probationary period is defined as a minimum one-year period starting from the effective date of a promotion or demotion status change experienced during the employment relationship. The position probationary period performance evaluation shall be completed on each employee experiencing a promotion or demotion.

Generally, there will be two (2) evaluations during this period. The first one will be completed at six (6) months into the position probationary period. The second one will be completed within thirty (30) days of the job anniversary date. If the employee does not successfully pass the position probationary period, the employee may be returned to the previous or to a comparable classification at the previous rate of pay earned in the lower position. If the position probationary period

is successfully passed, the employee will be eligible for a merit increase as a base salary adjustment. Eligibility, however, does not indicate that an increase is automatic.

4. OTHER PERFORMANCE EVALUATION: These types of evaluations may be conducted at any time during the employment relationship for meritorious recognition, for possible promotional consideration, or for providing notice to the employee that corrective performance measures are needed immediately to attain a satisfactory performance level in the employee's current capacity.

Six-month, initial probationary period, annual and position probationary period performance evaluations are usually generated by Personnel. Longevity merit performance evaluations or other types of "other" performance evaluations must be requested by a department director.

PROCEDURES:

1. Approximately one month prior to a six (6) month date or a job anniversary date, the personnel department will issue the appropriate type of performance evaluation form to the department. Every department is responsible for ensuring that a performance evaluation has been given on all eligible employees. If a performance evaluation has been omitted, the department shall inform personnel immediately. Longevity merit performance evaluations or any other kind of "other" performance evaluations are not automatically provided; the department director must request a form from personnel.
2. The rater may wish to review the forms, procedures, guidelines, applicable class specifications, and any notes or records kept on the employee during the rating period. The performance evaluation should then be used as a management tool to improve productivity and employee/supervisor communications, with impartial ratings on the employee's performance, considering all major areas of responsibilities. Specific examples of strengths, areas for improvement and supporting comments should be provided in a clear and concise manner. Any recommendations resulting from the performance evaluation should be clearly indicated on the performance evaluation form.
3. Once completed by the rater, the performance evaluation is submitted through proper levels to the department director for endorsement. Upon endorsement of the recommendations by the department director, the employee should be contacted by the rater for a performance evaluation conference to discuss the performance evaluation.
4. A reasonable amount of time should be planned to properly conduct the performance evaluation conference. Employee development and growth discussions are encouraged, in addition to recapping of benefits and policies. If possible, this performance evaluation conference should occur sometime in the

sixth month in a classification or at least two (2) weeks prior to the employee's job anniversary date, depending upon the type of evaluation.

5. To maximize the performance evaluation, explanations or definitions of what satisfactory performance equates to, and steps to achieve this goal should be discussed with the employee.
6. Once the performance evaluation conference has concluded, the employee shall sign and date the performance evaluation indicating that the performance evaluation conference has taken place, even if the employee is not in agreement with the evaluation. If an employee refuses to sign the evaluation form, the rater should so indicate it on the employee signature line and sign below it. Employees may submit their comments on a separate sheet for inclusion with the performance evaluation in the official personnel records. The performance evaluation should be forwarded through the department director to the personnel department, along with the proper form recommending a merit increase, if applicable, five (5) working days prior to the employee's recognized job anniversary date. A copy of the performance evaluation may be provided to the employee.
7. Employees whose recognized job anniversary date falls in the first seven (7) days of the pay period will have any applicable salary adjustment effective that current pay period; those in the last seven (7) days of the pay period will have their applicable salary adjustment effective with the next pay period.
8. Supervisors are encouraged to further employee/supervisor communications with the employee.

MERIT INCREASE APPEAL PROCEDURE:

1. Employees have the right to appeal the denial of a merit increase within five (5) working days of the date the performance evaluation is signed by the employee.
2. Appeals shall be made in writing to the department director and shall state the reasons for disagreement. In cases where the rater is the department director, the appeal shall be made through the department director and the director of personnel.
3. In all cases, the director of personnel must be notified by the applicable department director of any merit increase appeals.
4. Upon receipt of an appeal, the department director shall plan for and conduct the merit increase appeal conference. The merit increase appeal conference shall occur within ten (10) days of receipt of the appeal. The employee, the rater, and all endorsement signers whose signature appears on the performance evaluation shall attend the appeal conference conducted by the department director. In

cases where the department director is the rater, the director of personnel shall conduct those conferences.

5. The department director shall be the final authority on all such appeals, except where the director of personnel has conducted the appeal conference. In this case, the director of personnel shall be the final authority.
6. The department director shall provide the employee with a written statement of the final decision containing the basis for the decision within ten (10) days of the appeal conference.
7. All time limits are subject to an extension at the discretion of the appropriate director provided that written notice of the extension is given to the employee.
8. Copies of all appeal recommendations and decisions shall be placed in the employee's official personnel records.

<p style="text-align: center;">ARTICLE 31 ADMINISTRATIVE POLICY 06.11.02 (JURY DUTY)</p>
--

PURPOSE

The City recognizes jury duty as a civic responsibility and therefore urges all employees to fulfill this obligation. An eligible employee may receive their pay in an amount equal to their regular work day schedule (not to exceed 11.43 hours per day) from the City for satisfying this civic duty.

ELIGIBILITY

All regular full-time City employees are eligible for this privilege.

PROVISIONS

Jury duty leave may be authorized for eligible employees who may be required to serve jury duty on a regularly scheduled employee work day, provided that such leave is requested in advance from the respective Department Director.

PROCEDURE

- (1) An employee must promptly present the Jury Duty Summons Notice in advance as proof of a need for Jury Duty Leave to the respective Department Director. Only employees presenting such advance notice may be eligible for pay from the City in an amount equal to their regular work day schedule (not to exceed 11.43 hours per day) for their regularly scheduled work day which jury duty falls on.

- (2) An employee may retain the mileage reimbursement and the daily statutory fee received from the court for performing this civic duty.

<p style="text-align: center;">ARTICLE 32 ADMINISTRATIVE POLICY 06.11.03 (LEAVE OF ABSENCE [FMLA])</p>
--

PURPOSE

To establish a policy for granting family and medical leave in compliance with the Family Medical Leave Act (FMLA). Provisions for non-FMLA leaves are also included in this policy.

SCOPE

In accordance with the Family Medical Leave Act, the City will grant up to 12 weeks of FMLA leave, or up to 26 weeks of military caregiver leave, during a 12-month period to eligible employees. Upon returning to work from FMLA leave, employees will be restored to their position or an equivalent position.

POLICY

Eligibility:

To be eligible for FMLA leave, an employee must have been employed by the City for at least 12 months and have worked at least 1,250 hours in the last 12 months. The top 10% highly compensated employees are considered key employees who may not be eligible for FMLA leaves. A third-party administrator, working with Human Resources, determines eligibility for FMLA leaves.

To be eligible for family military leave, eligible employee's spouse, son, daughter or parent must be on covered active duty or call to cover active duty status.

If both parents caring for a new child, by birth or placement, work for the same department and request FMLA leave, they are eligible for a combined total of 12 weeks of FMLA leave (not 12 weeks each). If the leave is to care for a child with a serious health condition, then each parent is entitled to 12 weeks.

If there is any conflict between the FMLA and this policy, the FMLA shall prevail. If there is an uncommon instance not specifically defined within this policy, the FMLA shall prevail.

Definitions:

FAMILY MEDICAL LEAVE ACT (FMLA): Federal legislation providing up to 12 weeks of unpaid leaves of absence for qualified circumstances and establishing employee and employer responsibilities.

FMLA MILITARY LEAVE: A special leave entitlement that permits eligible employees to use their 12-week entitlement to address certain qualifying exigencies or to use up to 26 weeks of leave to care for a covered service member during a single 12-month period in accordance with the provisions of the Family Medical Leave Act.

LEAVE ENTITLEMENT: Eligible employees may take FMLA Leave for one or more of the following reasons:

- personal serious health condition;
- a family member's serious health condition;
- for childbirth and subsequent infant childcare, foster care placement or adoption;
- for qualifying exigencies for a spouse, son, daughter, or parent who is a military member on covered active duty or call to covered action duty status.

SERIOUS HEALTH CONDITION: Illness, injury, impairment, or physical or mental condition that involves the following:

- overnight stay in a hospital or other medical care facility;
- conditions that incapacitate the employee or employee's family member for more than three consecutive days and require ongoing medical treatment;
- chronic conditions that cause occasional periods when the employee or employee's family member are incapacitated and require treatment by a health care provider at least twice a year;
- pregnancy (including prenatal medical appointments, incapacity due to morning sickness and medically required best rest).

DESIGNATED 12- MONTH PERIOD: a "rolling" 12-month period measured backward from the date of any FMLA usage.

FIT FOR DUTY: the employee returning from a medically related absence can perform all the essential functions (with or without reasonable accommodation) of their position relative to the health condition that caused the need for the absence.

FAMILY MEMBER: includes spouse, mother, father, son, daughter (biological, adopted, foster, stepchild, legal ward). "In-laws" are excluded. **Child includes a person under age 18 or a child can be a person 18 year of age or older who is incapable of self-care because of a mental or physical disability.**

Provisions

FMLA LEAVE: Employees may be granted up to 12 weeks of unpaid leave, **or up to 26 weeks of military caregiver leave**, during a designated 12-month period for a qualifying condition defined as "leave entitlement". Upon returning to work from the FMLA leave, employees will be restored to their position or an equivalent position. Employees will maintain their health insurance benefits at the employee subsidized rate while out on FMLA leave.

USE OF PAID AND UNPAID LEAVE: Employees shall use FMLA leave concurrently with accrued leave in accordance with City policies. Leave accruals (sick leave, annual leave, and personal days) must be exhausted prior to using leave without pay unless an exception is requested and approved by the Department Director and the Director of Human

Resources. Exceptions will be granted on a case by case basis within the sole discretion of the Department Director and the Director of Human Resources. Use of comp time during the leave is optional. FMLA leave may be without pay if an employee does not have sufficient leave accruals to remain in pay status throughout the absence. The City's Holiday policy applies for FMLA leave. Holidays charged to FMLA leave are included as part of the 12-week leave period. **Accrued leave must be used as follows:**

- **Employee giving birth must use accrued sick leave, then annual leave and personal days;**
- **Employee that did not give birth to a child but is taking care of their child after birth, placement for adoption or foster care, or taking care of an eligible family member after giving birth must use accrued "family sick" leave (not eligible to use sick leave), then annual leave and personal days;**
- **Employee taking care of an eligible family member must use accrued "family sick" leave (not eligible to use sick leave), then annual leave and personal days;**
- **Employee taking leave for their own serious health condition must use accrued sick, then annual leave and personal days;**
- **Employee taking FMLA military leave to care for a covered service member with a qualifying exigency must use accrued annual leave and then personal days;**
- **Employee taking FMLA military leave to care for a covered service member with a serious injury or illness must use accrued "family sick" leave (not eligible to use sick leave), then annual leave and personal days.**

LEAVE EXTENSION: An extension (considered non-FMLA leave) may be granted at the end of 12 weeks with approval of the Director of Human Resources and the City Manager. A non-FMLA leave extension is discretionary. The employee shall continue to exhaust accrued leave balances prior to using unpaid leave. When a non-FMLA leave extends an FMLA leave, the City shall make reasonable efforts to place an employee back in the original position or an equivalent position. However, such placement is not guaranteed.

Other Employment: Working for another employer or in another capacity for the City is prohibited when using FMLA leave.

INTERMITTENT OR REDUCED LEAVE: An employee may take FMLA leave intermittently (a few days/hours at a time) or on a reduced leave schedule to care for an immediate family member with a serious health condition or because of a serious health condition of the employee when medically necessary. For childbirth, foster placement and adoption, the City may require that the entire 12 weeks be taken at one time. **When the City is caused undue hardship by accommodating the intermittent leave, the Department Director and Director of Human Resources may require a temporary transfer to an equivalent position, at their discretion.**

PROCESS FOR BEING PLACED ON FMLA LEAVE: An employee is required to give 30 days' notice in the event of a foreseeable leave, i.e., pregnancy, adoption, planned surgery. This notice should be in writing to the supervisor with a copy to the Department Director and the Director of Human Resources. The request must state the reason for the leave and the starting and ending dates of the leave, to the best of their knowledge. In unexpected situations, an employee shall provide notice, written or verbal, as soon as the need to take FMLA leave becomes known.

Each department must designate leave as FMLA leave when the circumstances meet the qualifications of the FMLA. Once a department is aware that leave is being taken for an FMLA reason, the department must promptly notify the employee and Human Resources that the leave will be counted as FMLA. This notice may be verbal but will be followed by written notification from Human Resources.

At any time, within the City's sole discretion, the City may designate any leave as FMLA leave if the leave meets the FMLA requirements as provided for within this Policy or the FMLA.

MEDICAL CERTIFICATION: Within 15 calendar days of requesting (or being placed on) FMLA leave, employees must submit a "Certification of Physician or Practitioner" form completed by the health care provider. The required form will be provided by the Human Resources Department. The City may require a second or a third opinion at the City's expense.

WORKERS' COMPENSATION AND FMLA LEAVE: An FMLA leave may run concurrently with Worker's Compensation if the employee has a qualifying serious health condition. The condition is covered by Workers' Compensation benefits so the return to work date will depend on the physician's diagnosis. The employee will be reinstated to the same or equivalent position, even if recovery takes more than 12 weeks. When taken with Workers Compensation, the employee is not entitled to an additional 12-week FMLA leave for a separate qualifying condition unrelated to a Workers' Compensation injury.

RETURNING FROM LEAVE: Employees returning from an FMLA leave because of a medical condition must submit a note from their physician stating that the employee is able to resume work and is fit-for-duty. Notes must be reviewed and approved by the Department Director and/or Human Resources prior to the employee performing their duties. If a returning employee has a condition or limitation when returning to work, (i.e., light duty) then the employee shall not be permitted to work until such conditions or limitations are reviewed for reasonable accommodations and authorized by Human Resources. If there are any concerns that the employee's recovery is not complete after return to full duty, the employee may be subject to a fit-for-duty physical for the safety of the employee and coworkers, to prevent further injury or delay in recovery. Cost incurred for a fit-for-duty physical will be paid by the City. Situations will be authorized on a case by case basis for both occupational and non-occupational illnesses, injuries or conditions. Any position-specific required licenses must be valid and in effect upon returning to work.

UNEXCUSED ABSENCES: Any leave without pay not authorized in accordance with these provisions may be considered as unexcused absences and may result in disciplinary action up to and including termination. Other policies may prevail in response to unexcused absences.

PERFORMANCE EVALUATION AND PROBATIONARY PERIOD: Employees on FMLA leave (concurrent or intermittent) at the time of the annual performance evaluation, shall receive the evaluation and eligible award on the original due date. Probationary periods will be extended until the employee returns to work.

BENEFIT ELIGIBILITY: Employees on FMLA leave shall be eligible for participation in new or amended employee benefits at the time they are implemented. New dependents

must be declared within 30 days of the event to be eligible for health benefits without proof of insurability. Current benefits are continued under applicable policies such as accruals, longevity, and gainsharing.

INSURANCE PREMIUMS: Employees may continue insurance benefits through payroll deductions or timely submission of premium payments at employee rates (not to exceed 12 weeks) to Human Resources. **If an employee is approved for a non-FMLA leave extension beyond the 12 weeks, the City Manager may waive the customary nonsubsidized rate and charge the employee rate.**

NON-FMLA LEAVE: Regular full-time employees may be granted up to 12 weeks of "unpaid" absence after 30 calendar days of employment. Leaves for 15 or less combined work days (within a 12-month period) require Department Director approval. Leaves for 16 combined work days or greater (within a 12-month period) require Department Director and Human Resources Director approval. Director level requests must be approved by the City Manager. Leaves shall be based on sufficient personal needs not connected with business ventures or outside employment and are discretionary. The Director of Human Resources may place an employee on a non-FMLA leave for medical reasons if he/she is not capable of performing all the essential functions of his/her job even with reasonable accommodations. Performance evaluations/eligible awards and probationary periods will be extended by the number of work days missed. Benefits eligibility is treated the same as FMLA leaves. **Insurance benefits shall be paid at the subsidized rate while in paid status through payroll deduction and at the unsubsidized rate while in unpaid status by submitting timely payments to Human Resources.** Privileges of FMLA leaves do not apply including guaranteed job restoration. Leaves may also be rescinded if business needs change.

C. Members applying for Master LEO shall turn in their completed applications to a member of the board a minimum of seven (7) days prior to the meeting date. Applications approved during that quarterly meeting will receive an anniversary date of the first day of that quarter (for example, all approved applications during the January meeting will be given an anniversary date of January 1st). Payments will be made during the first pay period of the following month. If no proficiency requirements are necessary that year, payment will be made during the first pay period of the month following their anniversary date (for example, an officer with an anniversary date of January 1st will receive payment during the first pay period of February).

D. The Board shall accept appeals from officers with Advanced or Master Law Enforcement Officer status who are in jeopardy of losing that status for not meeting the

<p style="text-align: center;">ARTICLE 36 GRIEVANCE PROCEDURE</p>

Section 1: Purpose. This procedure is provided for the sole and only purpose of enforcing the provisions of this Agreement.

Section 2: Grievance Defined. A grievance is a written claim, presented to the appropriate City representative, as identified below, by a unit employee or by the F.O.P., that the City has violated some provision or provisions of this Agreement, with resulting harm to the grievant.

Section 3: Grievant Defined. A grievant is a unit employee who claims a violation of this Agreement with resulting harm to himself/herself, or the F.O.P. when claiming a violation of this Agreement with respect to some provision or provisions conferring a right or rights upon the F.O.P. as an organization as distinguished from the unit employees.

Section 4: No Verbal Grievances. Unit employees are encouraged to discuss their concerns or complaints with their supervisors and to resolve same without resorting to this grievance procedure when possible. Informal discussions with supervisors or managers, however, do not constitute grievance presentations or grievance processing, and such discussions do not toll or satisfy any time limits provided in this Article.

Section 5: Eligible Grievance - Requirements. The City is not required to process or answer a grievance unless:

- A. It is presented in writing.
- B. It is dated and the Grievant or Grievants named.
- C. It states whether the Grievant is proceeding without the intervention or assistance of the F.O.P.
- D. It makes reference to the specific provision(s) of this Agreement that the Grievant claims the City has violated.
- E. It contains a reasonably complete statement of the facts of the matter, as the Grievant contends them to be and states the remedy sought.
- F. It is presented to the proper City representative within the time limit provided at the appropriate step of the grievance procedure.

Section 6: Grieving Without F.O.P. Assistance. The right of each unit employee to present and process grievances without the assistance or intervention of the F.O.P. If

the employee processes his/her own grievance, its resolution shall not be inconsistent with the terms of this Agreement, and the F.O.P. shall be afforded the right to have a representative present at any grievance meetings. The F.O.P. does not have the obligation to process grievances of non-members. In the event the employee is proceeding without the assistance or representation of the FOP, the FOP may have one representative present as an observer only during a meeting that may be held at any step as provided for in Section 12.

Section 7: Time Limits. The time limits provided herein are of the essence. If the Grievant fails to act within any such time limit, that grievance shall stand abandoned. If the City representative fails to act within any time limit provided, the subject grievance will then be eligible to be advanced to the next step of the grievance procedure. Any time limit provided in this Article shall be extended for five (5) business days at the written request of either party.

Section 8: Probationary Employees. Probationary employees shall have the right to grieve with respect to rights granted to them in this Agreement but shall in no event have the right to grieve or arbitrate any matter relating to discipline or dismissal.

Section 9: Effect of Settlement. A grievance may be settled on any basis that is agreeable to the parties involved and a settlement shall not be deemed to set a precedent, nor shall the fact or terms of a settlement be admissible in any future arbitration case, without the consent of the City, unless both sides agree.

Section 10: Duty to Cooperate. The F.O.P. and all unit members agree that upon request the City is entitled to full and complete disclosure of all information in their possession which is relevant to any grievance.

Section 11: F.O.P. Grievances Expedited. F.O.P. grievances, meaning those in which the F.O.P. as an organization claims the violation of a contract right running to the F.O.P. rather than to any employee(s) may be entered in Step 3 of the grievance procedure.

Section 12: Grievances shall be processed in the following manner:

Step 1. The written grievance, prepared in compliance with this Article, shall be presented to the employee's immediate supervisor within ten (10) business days from and after the date when the act or omission to be grieved occurred, or from and after the date when the grievant, in the use of reasonable diligence, should have become aware of the occurrence. A written answer will be provided, by notation on the grievance document, or separately, within ten (10) business days after the supervisor receives the grievance. A simple notation such as "granted" or "denied" will be sufficient if the supervisor considers that no explanation is needed.

Step 2. If the employee is not satisfied with the Step 1 answer, or in the event that the immediate supervisor does not have the authority to resolve the grievance, he/she shall

be entitled to present the grievance to the Chief of Police, or his/her designee, within ten (10) business days from and after the date when he/she receives the Step 1 answer. The Chief of Police or designee will provide a written answer within ten (10) business days after receipt of the grievance.

Step 3. If the employee is not satisfied with the Step 2 answer, he/she shall be entitled to present the grievance to the City Manager or his/her designee within ten (10) business days after receipt of the Step 2 answer. If requested by the City Manager, the grievant, a Union representative, the Police Chief, the Director of Human Resources and the City Manager shall meet to discuss the grievance within ten (10) business days of its submission to the City Manager. The City Manager shall issue his/her written decision within ten (10) business days after that meeting or ten (10) business days after receipt of the grievance if no meeting is held. The Union Representative shall be allowed to attend this meeting with pay if on duty at the time of the meeting.

Section 13: Abuse of Procedure. The grievance procedure is not to be abused.

Section 14: Time for Investigating, Processing Grievances. Employees are to investigate, process and otherwise deal with grievances and arbitrations on the off-duty time of all personnel involved, except when and as the Chief of Police expressly agrees to the use of on-duty time in a specific instance.

Section 15: Where a grievance involves an issue of general application or affects two or more employees, the grieving party may designate it as a class action grievance. Resolution of the grievance shall be effective for all class members under the same terms and conditions as if the class member himself filed the grievance on the date submitted in their own name.

ARTICLE 37 ARBITRATION

Section 1: Right to Arbitrate. The F.O.P. shall have the right to submit to arbitration any grievance that has been processed through the grievance procedure in a proper and timely fashion.

Section 2: Notice to City. When initiating arbitration, the F.O.P. shall give the City a written notice of intent to arbitrate, by delivering same to the City's Director of Human Resources. Such a notice must be given within fifteen (15) calendar days after the Step 3 grievance answer is received.

Section 3: Notice to FMCS. The party initiating arbitration shall give notice of intent to arbitrate to the other party and shall concurrently file with the Federal Mediation & Conciliation Service a request, with copy to the other party, for a list of seven (7) arbitrators to be mailed to the F.O.P.'s designated representative and to the City's Director of Human Resources.

Section 4: Selection Procedure. Within fifteen (15) calendar days after receipt of the list of arbitrators unless extended by mutual consent, the parties or their representatives shall, in a meeting or by telephone, alternately strike one name at a time from the list, with the first strike being determined by coin-flips until only one name remains, and that arbitrator shall be selected to hear the case. Each side has the right to reject one full list within fifteen (15) days after receipt of the list. In the event that a party or its representative fails to respond within thirty (30) calendar days to the other party's efforts to select an arbitrator, the FMCS shall be permitted to appoint an arbitrator.

Section 5: Notification. Either party may notify the FMCS of the identity of the selected arbitrator, and the matter shall thereafter proceed in accordance with the reasonable instructions and orders of the arbitrator, subject to the following limitations:

- A. No arbitrator shall have before him/her at any time more than one case involving this Agreement without voluntary consent of both parties.
- B. The arbitrator shall use his/her best reasonable efforts to accommodate the parties' requests concerning hearing dates, times and places, due to operational considerations.
- C. The arbitrator shall not admit evidence concerning any grievance settlement(s) or settlement efforts without the consent of both parties.
- D. The arbitrator shall not add to, subtract from, or modify any term or provision of this Agreement in any way.
- E. The arbitrator, by accepting appointment, agrees to render a decision within thirty (30) calendar days after the close of the hearing, subject to his/her authority to grant more time for the filing of briefs.

Section 6: Arbitrator's Fee, Expenses, Reporter. Each party shall bear the expense of its witnesses and all of its own costs and expenses of arbitration, except that the losing party shall pay the arbitrator's fee and expenses. If the arbitrator rules partially for each party, the parties will share the arbitrator's costs and expenses equally.

Section 7: Awards as Precedents. An arbitrator shall not be bound by a prior arbitrator's decision or award, although he/she may give it such weight as he/she deems proper.

Section 8: This arbitration procedure shall be exclusive to the FOP subject to the following:

- A. Section 447.401, Florida Statutes, however, allows a union to limit its obligation to fairly represent all employees in a bargaining unit by providing that it need not process grievances for non-members. Subject to Sections 447.301 and 447.401, Fla. Stat., and cases construing said statutes, the FOP is authorized

under Florida law to decide whether it will exercise its right of representation on behalf of non-dues paying bargaining unit members in arbitration. Thus, the FOP shall be given notice if a non-member files a request for arbitration, whereupon the FOP will determine whether it will accept or decline representation of the member and promptly notify the City of its decision in writing. If the FOP declines to represent a bargaining unit member because they are not a member of the FOP and in the FOP's opinion the grievance has merit, the FOP's duty of fair representation terminates, and the FOP non-member may individually pursue a grievance through arbitration pursuant to the terms of this collective bargaining agreement.

- B. No grievance shall be submitted to arbitration unless the FOP determines that the grievance has merit. The determination as to merit shall be in writing and delivered to the City simultaneously with, or within, the intent to arbitrate, required in Section 2, above. The failure to provide a determination as to merit simultaneously with, or within, the intent to arbitrate shall be considered as if the FOP determined that the grievance does not have merit and the City shall not be required to submit the grievance to arbitration.

<p style="text-align: center;">ARTICLE 38 PHYSICAL AND MENTAL FITNESS</p>

Section 1: Agreed Objective. The parties agree and mutually recognize the importance of continuing physical and mental fitness for law enforcement officers.

Section 2: Physical Examinations. Law enforcement officers agree to undergo physical examinations, by providers of the Department's choice and at its request and expense, no more than once during each year of employment, or whenever a superior officer so requests because of a reasonable belief, based on objective considerations, that there is a legitimate concern as to the officer's physical fitness for duty.

Section 3: Determinations of Mental Fitness. Officers agree to undergo examinations to determine their continuing mental fitness for duty whenever a superior officer so requests because of a reasonable belief, based on objective considerations, that there is a legitimate concern as to the officer's mental fitness for duty.

Section 4: The City shall be entitled to be fully informed regarding all tests or examinations referred to in this Article. Furthermore, the officer agrees to cooperate and sign any release or authorization that the examiner may require for this purpose. Any release or authorization signed by a member will enable the examiner to fully assess the situation and provide a complete summary recommendation to the City. Upon request, an officer the City shall grant the officer access to read the report. The officer may make a written request to receive a copy of the report, however, the City is under no obligation to comply with such request.

Section 5: Expedited Arbitration.

- A. **Request Time Limit.** Within twenty-four (24) hours after a superior officer's request, under Section 3 or Section 4 of this Article, for an examination, the officer to be examined shall be entitled to request, in writing, an expedited determination of his/her objections to the examination by a mutually agreed upon outside party, to hear and determine such disputes under this Article. Absent such a timely, written request, the officer will report for the examination as scheduled.
- B. **Earliest Practicable Hearing.** Upon being so notified by the Union or the City, the mutually agreed upon outside party will hear the matter as soon as possible and in any event within one calendar week from and after the date when the officer's request is presented to the City. Any delay beyond a week will require the consent of the City, the Union and the officer involved.
- C. **Informal Hearing.** This expedited arbitration is separate from and independent of any other arbitration procedure referred to in this Agreement. It shall not be subject to any federal or state statute or act governing arbitrations. There shall be no notice or time requirements or allowances other than as provided in this Article itself, or by the arbitrator in his/her discretion. The agreed upon third party is authorized to set and conduct an informal and expedited hearing and to decide all questions of procedure.
- D. **Issue.** The expedited hearing shall be limited to the issue whether there are objective considerations upon which the superior officer could have a reasonable belief that there is a legitimate concern as to the officer's physical or mental fitness for duty.
- E. **Decision.** The agreed upon outside party shall state his/her decision at the conclusion of the hearing.
- F. **Appeal or Suit to Vacate.** If the agreed upon outside party rules in the City's favor, the officer will report for and undergo the requested examination as scheduled, regardless of any appeal or legal action to reverse, modify or vacate the arbitrator's decision.

Section 6: Disclosure Obligation. It is the obligation of each unit officer, before entering upon the performance of duties on any given day or shift, to disclose to their immediate supervisor, or to another superior officer if the immediate supervisor is not available, the existence of any physical or mental problem, infirmity or deficiency of which the officer is aware, and which could in reason affect his/her fitness for duty during the shift or tour of duty, whether the condition is temporary or permanent. It is also the officer's obligation to promptly inform their supervisor whenever the officer is under the care of or is scheduled to be under the care of a physician, chiropractor or other health care or medical care provider, if the condition for which care, or treatment is received or sought is one that could adversely affect the officer's fitness for duty.

**ARTICLE 39
FIELD TRAINING OFFICERS**

Section 1: Bargaining unit members who are trained and endorsed by the department as Field Training Officers are eligible to receive fifty dollars (\$50.00) per shift for those shifts in which they are performing the function of Field Training to persons assigned to the Field Services Division.

**ARTICLE 40
PROBATIONARY PERIOD**

All newly appointed unit employees shall be considered probationary for a period of twelve (12) months, with the City maintaining the sole discretion of extending the probation an additional six (6) months during which time they shall be subject to dismissal without the City being required to state a reason, and they shall not have access to the grievance or arbitration procedures of this contract with regard to discipline or dismissal, or for any purpose other than the enforcement of rights granted to them by this Agreement.

**ARTICLE 41
CHEMICAL DRUG TESTING**

Section 1: The City of Coral Springs, the Coral Springs Police Department and FOP have the responsibility to provide the community with the highest level of police services and to ensure that its employees have the physical and mental abilities to perform their assigned duties. Therefore, to insure the integrity of the department and to preserve the public trust and confidence, this Article implements the policies and procedures for random drug-testing of members.

Section 2:

- A. It is the policy of the Coral Springs Police Department that all members agree to submit to random drug testing.
- B. The application of this article with respect to drug testing does not abridge anything included in a union contract; nor does it infringe upon an employee's right to redress under grievance or other administrative or judicial proceedings.

Section 3: For purposes of this Article, the following definitions apply:

- A. Sworn Employee - Those employees who have been formally vested with full law enforcement powers and authority.

- B. Supervisor - Those sworn employees assigned to a position having day-to-day responsibility for supervising subordinates, or who are responsible for commanding a work element.
- C. Drug Test or test - Means any initial screening test utilizing a sensitive, rapid, and reliable procedure using an immunoassay procedure; and/or any confirmation test using gas chromatography/mass spectrometry.
- D. Random - Means unannounced drug testing. No more than 25% of the members will be tested in any given year of the contract. Members will be selected using a computer generated random selection process based on members employee identification number. Selection will be conducted by the Human Resources Manager or designee and witnessed by the Drug Testing Coordinator and a representative of FOP (Lodge President or designee). Each member has an equal chance of being selected each time, regardless of prior selection.
- E. The Human Resources Manager or designee will conduct the selection process. After the Human Resources Manager or designee has accessed the computer program and conducted the process, a printout will be made of each random selection process. The selection printout will be signed by the Director of Human Resources or designee and immediately scanned and delivered via email to the Drug Testing Coordinator for member notifications. The Drug Testing Coordinator and FOP Representative will initial/sign the listing to document they have observed and overseen the process
- F. Drug Testing Coordinator - The coordinator will be the Office of Professional Standards, Internal Investigations Supervisor. The coordinator will notify the member and representative of FOP as soon as practical, in writing, that he/she has been selected for random drug-testing and the location to which the employee must proceed for testing.
- G. Selection Agent - The City Human Resources Director or designee who will select candidates for random drug testing by using a computer generated random selection process that is based upon the social security numbers of all sworn police Law Enforcement Officers.
- H. Medical Review Officer (MRO) - A licensed physician with knowledge of substance abuse disorders and training to interpret and evaluate positive results with prescriptive or other relevant medical information.
- I. Drug - Any amphetamines, cannabinoids, cocaine, phencyclidine (PCP), or opiates, barbiturates, benzodiazepine or a metabolite of any of these substances for the Florida Administrative Code (F.A.C.) 11B-27.00225 7 panel tests

- J. Positive test - Means the results of a confirmation test reported through a medical review officer finding the presence of drug(s) in one's body.
- K. Specimens - Urine will be used for the initial and confirmation testing for all drugs.
- L. Chain of Custody - Refers to the methodology of tracking specified materials or substances for the purpose of maintaining control and accountability from initial collection to final disposition for all such materials or substances and providing for accountability at each stage in handling, testing, and storing specimens and reporting test results.
- M. Initial Drug Test - Means the first test which is used as a screen to identify negative and presumptive positive specimens. The initial test for all drugs shall be a sensitive and reliable Food and Drug Administration (FDA) approved immunoassay procedure.
- N. Confirmation Test - A second analytical procedure (gas chromatography/mass spectrometry) used to identify the presence of a specific drug or metabolite in a specimen, which test must be different in scientific principle from that of the initial test procedure and must be capable of providing requisite specificity, sensitivity, and quantitative accuracy.
- O. Prescription or Nonprescription Medication - Means a drug or medication obtained pursuant to a prescription as defined by s. 893.02 or a medication that is authorized pursuant to a federal or state law for general distribution and use without a prescription in the treatment of human diseases, ailments, or injuries.
- P Threshold Detection Level - Means the level at which the presence of a drug or alcohol can be reasonably expected to be detected by an initial and a confirmatory test performed by a laboratory that meets standards established herein. The threshold detection level indicates the level at which valued conclusion can be drawn that the drug or alcohol is present in the employee's sample.
- Q. GC/MS - Means gas chromatography/mass spectrometry.

Section 4: The following procedures will be followed with respect to random drug testing:

- A. The City will randomly test all sworn Law Enforcement Officers by using a computer generated random selection process that is based upon the employee identification numbers of all sworn Law Enforcement Officers. All drug testing performed on individuals will be in compliance with established procedures in this article. These include the use of special testing forms, trained personnel, and special processes and handling to ensure the integrity and accuracy of the testing process. Upon selection, members will be provided additional security seals that they may elect to utilize when providing their specimen. The use of the additional

seal is solely at the discretion of the member. Failure to utilize additional seals shall not be a cause to negate a positive test.

- B. Drug-testing includes taking urine samples which are sent to federally certified testing laboratories which are agreed on by the City and FOP to test for the presence of drugs as detailed in Section 3. Positive test results will be reviewed by a Medical Review Officer (MRO), to determine if the individual has a legitimate medical explanation for a positive test result. When an initial urine test indicates a positive test result for a drug, a confirmation test will be conducted using the same sample to confirm the results of the first test. These test(s) are conducted at the expense of the City of Coral Springs. The Coral Springs Police Department and the City of Coral Springs will not be notified in the case of a positive result until and unless the confirmation test also proves positive.
- C. All positive initial tests shall be confirmed using gas chromatography/mass spectrometry (GC/MS).
- D. Laboratories provide the designated Medical Review Officer (MRO) with any confirmed positive results; the MRO contacts the tested employee to obtain a confidential explanation of any positive results which must be supplied within 5 work days. The MRO then decides and reports either pass or fail results to the Drug-Testing Coordinator. The Drug-Testing Coordinator will notify a FOP representative of all test results, both positive and negative. An MRO can require an additional drug test on the initial specimen if the initial screening is deemed scientifically unsatisfactory.
- E. Specimens will be analyzed by a highly qualified independent laboratory agreed on by the City and FOP and approved by the Florida's Agency for Health Care Administration. Collection sites, which are agreed on by both the City and FOP, will have all the necessary elements to ensure collection, security, chain of custody, temporary storage, and transportation of specimens to approved laboratories. Laboratories used are to be licensed and approved in accordance with federal and state laws. Quality control and chain of custody procedures are to ensure the integrity of drug tests.
- F. At the time of notification, the member will report without delay to the collection site. Members selected who are off duty will report within three hours after the start of their next shift to the collection site. If the collection site is not open during a selected member's shift, the member will report within three hours after the opening of the collection site. A member on authorized leave who is scheduled to return within two days when selected will be required to report for testing on the day he or she returns to duty. A member on authorized leave who is not scheduled to return within two days when selected will not be required to report for testing. Members will be compensated, including overtime if applicable, for time spent complying with this article.

- G. Personnel authorized to administer drug tests shall require picture identification from each member to be tested before they enter the testing area.
- H. The bathroom facility of the testing area shall provide privacy to the member.
- I. Where the employee appears unable or incapable to give a specimen at the time of the test, testing personnel shall document the circumstances on the drug-test report form. The employee shall be permitted no more than four (4) hours to give a sample, during which time he/she shall remain in the testing area, under observation. Reasonable amounts of water may be given to the employee to encourage urination. A member who does not submit a sample within the 4-hour time frame will be required to provide the city with a physician's statement explaining the conditions that would medically prevent the providing of a sample. If no physician statement is provided, the member shall be considered to have refused to submit to a drug test.
- J. When there is a reason to believe that the employee may have altered or substituted the specimen to be provided, a second specimen shall be obtained immediately. Any alteration in the second specimen shall result in an automatic positive drug test.
- K. The designated collection site will have a consent form which must be signed by the employee; listings of the common and chemical names of drugs tested and drugs that may affect test results. Employees with technical questions regarding medications may consult with the MRO. Information provided by the individual is maintained in confidence by the testing provider.

Section 5:

- A. In addition to random testing, the City shall retain the right to require any member to undergo chemical drug testing any time based on a reasonable suspicion that the unit member is under the influence of controlled substance(s) or drug(s). A finding of reasonable suspicion shall be based upon the opinions of at least two members of the Coral Springs Police Department.
- B. An opinion that a unit member is under the influence of drugs may be based on any or a combination of the following:
 - 1. Facts, and/or inferences reasonably drawn, those facts in light of experience, which would lead a reasonably prudent person to suspect that the officer is under the influence of drugs.
 - 2. The officer's possession of suspected illegal drugs or drug paraphernalia, or the presence of suspected illegal drugs or paraphernalia in an area or vehicle controlled or used exclusively by the officer, other than in the line of duty, and which the officer fails to explain in a voluntary statement to the satisfaction of the

department. The discovery of such drugs or paraphernalia in an area or vehicle controlled or used by the officer and others may serve as a basis for reasonable suspicion when the others offer or voluntarily agree to be tested and the officer refuses.

- C. In those circumstances where testing is required pursuant to this section each of the two persons providing the required opinion shall complete the parts of the Areas of Observation Form that are applicable, using the Additional Comments section where the opinion is based in whole or in part on factors other than those specified in the form.
- D. All procedures and disciplinary actions set forth in this article shall apply to reasonable suspicion testing as well as random testing.

Section 6: Testing Methodology.

- A. Testing shall be conducted in a manner to assure the highest degree of accuracy and reliability and using techniques, equipment, and laboratory facilities which have been certified by the U.S. Department of Health and Human Services (DHHS) or the AHCA. **All testing will be conducted with procedures set forth in Chapter 59A-24, "Drug-Free Workplace Standards", of the Florida Administrative Code, as amended.**
- B. The testing or processing phase shall consist of a two-step procedure; an initial drug screening test and a confirmation test. In order to ensure the reliability and integrity of the testing process, the laboratory shall verify, with regard to urine sample analysis that: each urine sample was screened by either an enzyme immunoassay or radio immunoassay testing method or an equally scientifically rigorous screening method. The immunoassay screen employed must, at minimum, test for the presence of the following controlled substances or classes of controlled substances or their metabolites and be capable of detection at the following minimum levels:

<u>Substance:</u>	<u>Initial Test - Nanograms per Milliliter</u>
Amphetamines (illicit)	1,000
Cannabis or Cannabinoids (illegal)	50
Cocaine (illegal)	300
Opiates (illicit, illegal)	2,000
Phencyclidine (PCP) (illegal)	25
Barbiturates	300
Benzodiazepines	300

Concentrations of a drug at or above the following levels shall be considered a positive test result when performing a confirmatory GC/MS test on a urine

specimen that tested positive using a technologically different initial screening method:

<u>Substance:</u>	<u>Confirmation Test - Nanograms per Milliliter</u>
Amphetamines (illicit)	500
Cannabis or Cannabinoids (illegal)	15
Cocaine (illegal)	150
Methaqualone Opiates (illicit, illegal)	150
Phencyclidine (PCP) (illegal)	25
Barbiturates	150
Benzodiazepines	150

Each urine sample which was screened positive by an immunoassay method or an equally scientifically rigorous screening method, for any of the specified controlled substances or their metabolites set forth in this section, must be confirmed and verified by gas chromatography-mass spectrometry. Each substance isolated must be specified by chemical name. Unless verified as described herein, a urine sample screened positive by an immunoassay method or equally scientifically rigorous screening method shall be considered inconclusive.

- C. All testing results for prohibited drugs must be verified by the Medical Review Officer (MRO).
- D. Any member may request that a representative accompany him/her to the collection site. A reasonable period of time, not to exceed one hour, will be allowed to provide time for FOP representative to be present. The absence of such representation does not, by itself, negate or mitigate the requirement to provide specimens for required drug-testing.
- E. State drug-free workplace standards as set forth in Chapter 59A-24, Florida Administrative Code regarding procedural controls and accounting mechanisms imposed upon the collection site, processing laboratory, the MRO, and the City with respect to testing for prohibited drugs will be followed. These procedures require the use of tamper-proof specimen containers for urine samples, employee certification of specimen "ownership", use of chain-of-custody documentation, regimented quality control standards, blind samples (for urine testing), equipment calibration testing, and specific certification and training standards. Only confirmed positive test results will be used as evidence of prohibited drug use or misuse. Testing which does not follow State Standards must be invalidated or "canceled" and reported as a negative result.

F. Split Sample:

1. At the time a drug test is administered, a sufficient sample will be collected so that the sample may be split into two separately marked, sealed containers. All protocols regarding identification of the sample and chain of custody will be observed.
2. When an initial urine test indicates a positive test result for a drug pursuant to this policy, a confirmation test will be conducted using the same sample to confirm the results of the first test. These test(s) are conducted at the expense of the City of Coral Springs. The Coral Springs Police Department and the City of Coral Springs will not be notified in the case of a positive result until and unless the confirmation test also proves positive.
3. In the event the initial drug test of the first sample yields a positive test result for a drug pursuant to this policy, the employee, at his own expense, may elect to have the second or split sample tested at a federal/state certified hospital or laboratory of the employee's choice. The testing methodology shall be equal to or better than the methodology used on the initial test and the same threshold for a positive result shall be used. Chain of custody protocols shall be followed to ensure the integrity of the testing.
4. This second or split sample must be requested within 60 calendar days of notification to the member by the City of a positive test result.

Section 7: Drug Tests Results. Employees with positive confirmed tests are contacted by a Medical Review Officer. If the MRO subsequently reports a positive (failed) result to the City, the employee is placed on suspension without pay immediately; provisions of this policy as provided in Section 8 are carried out.

Section 8: Timeline.

- A. Within five (5) working days from receipt of the positive confirmed test results from the MRO, the City informs the member in writing of the positive (failed) results, furnishes a copy of the specific positive (failed) results, the consequences of the results, and options available; the tested member has five (5) working days to provide a written response explaining or contesting the results, and why a violation of this policy has not occurred. Within fifteen (15) days from receipt of response, the City provides a written response to the tested employee explaining whether the submitted explanation is satisfactory. A final decision regarding employment status, in accordance with this Article, is then rendered by the City.
- B. Members with a positive confirmed test result for illegal drugs will be subject to discipline up to and including termination. If a member has been suspended for a positive (failed) test result, and has suffered any loss including pay, time accrual or pension benefits, and the member's explanation is later deemed satisfactory

by the City or through an arbitration process as set forth in Article 32, then upon return to normal employment status, that member will be made whole in regard to those items.

- C. Members with a positive confirmed test result for illicit drugs will be subject to suspension without pay for up to 15 days, will be required to pass a drug test prior to returning to work, will be subject to 2 years of follow up testing and will be required to abide by a treatment plan prescribed by the City's Employee Assistance Plan Provider. Failure to abide by the prescribed treatment plan will be grounds for discipline up to and including termination.
- D. Members with a second positive confirmed (not including any testing requested on a split sample) test result (either through follow-up or random testing) for illicit drugs will be subject to discipline up to and including termination.
- E. Members who voluntarily enter rehabilitation programs or EAP's for drug related problems are required to submit to follow up drug testing utilizing the F.A.C. 11B-27.00225 7 panel guidelines as evidence of successful participation in such programs. Follow up drug testing shall occur without notice to the member at least once in the first and second years after completing the prescribed program. Members must pass a drug test prior to returning to duty after treatment at a substance abuse or rehabilitation center.

Section 9: Chain of Evidence-storage.

- A. Each step in the collection and processing of the urine specimens shall be documented to establish procedural integrity and the chain of custody.
- B. Where a positive result is confirmed, urine specimens shall be maintained in secured, refrigerated storage for the time period regulated by state law.

Section 10: Voluntary Participation in EAP or Rehabilitation.

- A. Employees may voluntarily seek substance abuse counseling through Human Resources or directly through the Employee Assistance Program offered by the City. Other than the City provided EAP benefit, employees are responsible for any rehabilitation costs, even if the EAP refers the employee to a particular program.
- B. Employees are not disciplined because they voluntarily seek treatment for a drug related problem. However, drug or alcohol users are held to the same performance standards as other employees, regardless if the performance is related to drugs or alcohol. Voluntary participation in an EAP or rehabilitation program is not protection from disciplinary measures resulting from job-related infractions, misconduct, offenses, or unsatisfactory job performance.

- C. Employees in safety sensitive positions who voluntarily enter into EAPs or rehabilitation programs for drug or alcohol related problems are transferred into a non-safety sensitive position (if available) or placed on leave without pay while participating in the program. Accrued leave or leave without pay may be used consistent with applicable benefit policies. Employees not drug tested who have completed a voluntary rehabilitation program and are drug-free may return to work.
- D. Employees previously testing positive for an illicit drug who have completed a prescribed treatment plan may return to work; such employees are subject to follow up drug testing without notice for a two-year period. Failure to remain drug free throughout employment with the City may result in disciplinary action up to and including termination.

Section 11: - Records of Drug Test Results.

- A. All records pertaining to department required drug tests shall remain confidential and shall not be provided to other employers or agencies without the written permission of the person/employee whose records are sought.
- B. Drug test results and records shall be stored and retained in compliance with state law, or for an indefinite period in a secured area where there is no applicable state law.
- C. Records and/or documents relating to drug testing are kept confidential and retained in Human Resources separately from the employee's personnel records. Such records are not public records.
- D. Confidentiality is maintained to the extent allowed by law for persons who seek counseling through the Employee Assistance Program. Confidentiality is also extended to include all information received by the employer through a drug testing program. Such information may not be used or received into evidence, obtained in discovery or disclosed in any proceedings except in accordance with this section or in determining compensability under Chapter 440, Florida Statutes and for Unemployment Compensation determinations.
- E. This section does not prohibit the City, agent of the City, or laboratory conducting drug testing from having access to employee drug test information or using such information when consulting with legal counsel in connection with action brought under or related to this section or when the information is relevant to its defense in a civil or administrative matter.

Section 12: - Refusal.

- A. Any employee who fails or refuses to comply with an order or directive to undergo chemical drug-testing, and/or fails or refuses to cooperate in the testing

procedure, whether with cause or random selection, will be subject to disciplinary action up to and including termination.

ARTICLE 42 ALCOHOL TESTING

It is the intent of the City and FOP to establish provisions for the implementation of a drug free work place policy in accordance with the Florida Statute 440 and Florida Administrative Code 59A-24. The purpose of this Article and Article 41 is to define the specific circumstances under which the use of drug and alcohol testing will be used by the City. To the extent that the following provisions conflict with the City's city-wide drug free work place policy the provisions of the Agreement will prevail. To the extent that the provisions of this Agreement conflict with Florida Statute 440 and Florida Administrative Code 59A-24 and then, only to the extent that such conflict negates the benefits of establishing a drug free work place policy, the parties agree that they will meet to resolve any such conflict in a manner which permits full implementation of the benefits of Florida Statute 440.

Section 1: Unit members shall not report for duty or use City equipment while under the influence of alcohol, nor shall a unit member consume alcohol while on duty. The sole exception is that an officer may consume alcohol on duty where specifically authorized to do so as being necessary to a duty assignment.

Section 2: A unit member shall be deemed to be under the influence of alcohol if he/she is physically or mentally impaired and/or unable to appropriately perform job-related duties in an acceptable manner because of the use of alcohol.

Section 3: A superior officer may require a unit member to promptly submit to a breath alcohol test given by a trained and qualified Department employee, in a private area, if the superior officer has a reasonable suspicion that the unit member is under the influence of alcohol. No second opinion shall be required, but the superior officer requiring the breath test shall promptly fill out the Areas of Observation Form appearing at the end of this Article.

Section 4: Since time is of the essence in breath testing, the superior officer need not fill out the form until after the test is administered. The completed form shall be retained in the unit member's personnel file.

Section 5: The penalty for violations of this Article shall be a matter for determination upon a consideration of the particular facts and circumstances under a just cause standard and may or may not include discharge for a first offense. All penalties prescribed under this Article shall be subject to the grievance and arbitration procedures of this Agreement.

Section 6: By agreeing to this Article, the City does not waive its rights to prescribe disciplinary action, up to and including discharge, under a just cause standard, because of acts or omissions on the part of an officer not covered by this Article, which are wholly or partially related to the use or abuse of alcohol.

Section 7: Testing procedures under this Article shall, to the extent permitted by law, be confidential in nature, and information relating thereto shall be provided on a "need-to-know" basis.

Section 8: A breath test may be ordered by any superior officer based on a reasonable suspicion, founded on objective factors, that an officer involved in an on-duty vehicle accident was under the influence of alcohol at the time of the accident. The superior officer requiring the breath test need not fill out an Areas of Observation Form, and the unit member shall submit to the test immediately upon being directed to do so.

Section 9: This Article does not operate to extend or reduce the City's obligations or prerogatives with reference to alcoholism among employees under applicable law.

ARTICLE 43 PROTECTIVE VESTS

Section 1: The parties take note of the City's past practice of issuing a maximum concealment protective vest to every certified officer when entering upon employment. The City agrees to continue this practice during the term of this Agreement. The vest currently issued shall include shock plates, and the officer may choose the new wrap-around model. Since the vest is not considered a part of the uniform, and does not affect the officer's clothing allowance, the City retains the right to select a quality vest, meeting a minimum of "Class II or IIIA" specifications which is to be issued from time to time. An Officer may elect to upgrade the vest, which meets minimum department guidelines, at the officer's expense. Officers that upgrade their vest may elect to keep the vest upon replacement or retirement.

Section 2: The wearing of the issued vest while on duty is mandatory, except as provided in General Order 43.

Section 3: It is agreed that all officers who are issued vests have an obligation to provide reasonable care and maintenance, for the vest and for body armor supplied to them. All officers will be required to have a serviceable vest for their use. If the vest becomes unserviceable, a new vest will be supplied at the cost of the City, unless, in the sole option of the Chief of Police or designee, the officer has not given the vest the reasonable care and maintenance required, in which event, the vest will be replaced at the cost of the officer.

Section 4: All protective vests shall be replaced within five (5) years of issue.

ARTICLE 44 DEATH IN LINE OF DUTY

Section 1: The City will provide an Honor Guard at a funeral service for any member of the Police Department who is killed or dies in the line of duty.

Section 2: The City shall compensate the Unit member's beneficiary for the total sick leave, annual leave, compensatory and other leave time at 100% within thirty (30) days of the death in the line of duty.

Section 3: For a complete description of benefits refer to City Ordinance Chapter 13 Article II Coral Springs Police Officer Pension Plan (13-9 Death Benefits). Additional definitions regarding eligibility can be found in Sections 112.18(1)(a), 112.181(2), Florida Statutes and Florida Administrative Code Chapter 60S Section 4.008(9)(c) and (d), as may be amended in the future, unless the contrary is shown by competent evidence

ARTICLE 45 K-9

Section 1: A bargaining unit member who is assigned as a K-9 Officer and is issued a canine, shall be allowed one (1) hour per on-duty work day to accommodate those activities necessary for caring for their canine. The rate of pay for this purpose shall be their base hourly rate at straight time.

Section 2: On off-duty days, a bargaining unit member who is assigned as a K-9 Officer and is issued a K-9 will be compensated with one (1) hour of pay per day at their base hourly rate at straight time. No compensation shall be provided for off-duty days where the canine is kenneled at the City's expense.

Section 3: The City will provide funds reasonably sufficient to maintain canine equipment, supplies, and veterinary care.

Section 4: The Chief of Police reserves the right to suspend, modify, or remove the use of any given canine or K-9 Program.

Section 5: The City will contribute \$2,000 annually to the fraternal Order of Police K-9 Service Dog Fund. FOP will provide the City an annual accounting of this fund.

ARTICLE 46 LAYOFF AND RECALL

Section 1: As used herein, a reduction in force is defined as occurring because of economic, budgetary, or operational considerations, and does not refer to relieving an officer from active duty for a reason which is specific to that individual.

Section 2: In the event of a reduction in force among unit personnel, the following provisions shall apply:

- A. It shall be the City's proper right and function to determine if and when any reduction in force shall take place, as well as the extent of any such reductions.
- B. No regular full-time unit employee shall be laid off unless part-time bargaining unit members serving as a prisoner transporter have been laid off first. If additional layoffs are needed, all members who are currently serving a new position probation will be laid off. If additional layoffs are needed, Seasonal School Resource Officers ("SSRO") shall be laid off and full-time officers will be allowed to replace an SSRO.
- C. In the event that regular full-time unit employees are to be laid off, selections for layoff will be made on the basis of seniority, and those laid off will be recalled working, in reverse order of layoff, before new unit personnel are hired, subject to the remaining provisions of this Article.

Section 3: Seniority, for the purpose of this Article, is defined as the employee's length of continuous service for the City as a sworn law enforcement officer in whatever rank. The employee's service will be deemed continuous, so long as he or she remains in employment status with the City as such a sworn officer except that the following periods of time shall not be counted but will not otherwise cause a break in seniority:

- A. Unpaid leave of absence for 180 consecutive calendar days or more, in which event the entire period of leave shall be deducted.
- B. Any period of disciplinary suspension for fifteen (15) consecutive calendar days or more, in which event the entire suspension period shall be deducted.
- C. Any period of time that is deducted from an employee's seniority in whole or partial settlement of a dispute as to a disciplinary action.

Section 4: A laid off employee must maintain a valid law enforcement officer certification and comply with the provisions of Chapter 943, Florida Statutes, to be considered for recall, and will also be subject to loss of recall rights up to a maximum of two (2) years on continuous layoff.

If the employee is unable to return to work when recalled because of non-service connected physical or mental disability but subsequently recovers prior to two (2) years following the day of layoff, at that time the employee shall be entitled to replace the employee with the least classification seniority if less than his/her own, then working. If such employee is not recalled within two (2) years following the day of layoff, the employment relationship shall be terminated.

If the employee is unable to return to work when recalled because of service-connected physical or mental disability, the employee shall retain all rights provided under the City's Pension Plan or under the law.

Section 5: The laid off employee, in order to maintain the right of recall, must:

- A. Keep the City continuously informed of their current complete residence address, current complete mailing address if not the residence address, and a current telephone number where the employee can be reached in person or by leaving a message within a period of five (5) consecutive calendar days.
- B. Be available to return to work as scheduled within fourteen (14) calendar days after receipt of notice to return, unless temporarily disabled, in which event the officer shall remain on layoff status, subject to Section 7 during the period of continuous temporary disability, but for a maximum period of six (6) months.
- C. Respond to any recall notice within a period of five (5) consecutive calendar days after the City leaves a message that the employee is being recalled with the employee or other party answering the telephone referred to in subparagraph A., or within ten (10) consecutive calendar days after the City mails a recall notice to the mailing address required in subparagraph A. above by certified mail, return receipt requested.
- D. Not give notice to retire or resign during the period of layoff.
- E. Not decline to return to work in accordance with any recall notice given.

Section 6: Time in layoff status shall not count for the purpose of earning any benefit, unless the specific benefit plan expressly provides otherwise, and an employee on layoff status shall not enjoy economic benefits other than those earned while in active employment.

Section 7: In case of employees otherwise having equal seniority, ties shall be broken first by reference to departmental length of continuous service, and then by reference to total length of continuous service with the City. If there still remains a tie, it shall be broken by coin-flips.

Section 8: All rights of layoff and recall relating to a reduction in force provided in this Article are subject to the City's right to have each available job within the unit assigned to an officer who is physically and mentally capable of satisfactorily performing all of the duties of the job. The same standard shall apply to recalled employees as with new employees provided for in Coral Springs Police Department Personnel Standard Operating Procedures Manual.

Section 9: As an exception to the Section 6 definition of seniority, when an officer is retired, either normal, early or disability, and returns to employment as a sworn employee

in this unit he/she will receive seniority credit for the time in retirement. This section does not, in and of itself, confer a right of re-employment upon any retiree.

ARTICLE 47 DISCIPLINE AND DISCHARGE

Section 1: All disciplinary actions, including discharge, taken against unit members shall be based upon just cause.

Section 2: A grievance challenging disciplinary action can, at the option of the Union, be initiated at the lowest step of the grievance procedure in which the City representative has the authority to act.

Section 3: Suspension, Demotion, or Termination. Prior to the imposition of any suspension, demotion or termination, the affected employee, after notice of the charges against him or her, shall have the opportunity, at his or her option, to meet with the disciplining authority and the Director of Human Resources, or his/her designee. At such a meeting, the affected employee shall have the right to be accompanied by an FOP representative and/or his or her attorney. In the event the affected employee is proceeding without the assistance or representation of the FOP, the FOP may have one representative present as an observer only. At a meeting with the disciplining authority and the Director of Human Resources, the affected employee shall have the right to present any evidence on the charges and/or to otherwise argue why the proposed disciplinary action shall not be taken. The presentation of evidence may be orally or in writing. The meeting may be taped at either party's option. After the imposition of discipline, the affected employee shall have the right to challenge the discipline per Article 37, the Grievance Procedure and Article 38 Arbitration. The grievance shall be filed at Step 3. The grievance and arbitration procedure shall be the exclusive procedure for challenging suspensions, demotions, or terminations of bargaining unit employees and no other City administrative procedures or policies shall apply to such challenge.

ARTICLE 48 SENIORITY

Section 1: Seniority shall consist of continuous accumulated paid service as a Law Enforcement Officer with the Coral Springs Police Department. Seniority shall be computed from the date of appointment in each rank. Seniority shall accumulate during absence because of illness, injury, vacation, military leave, or other authorized leave, not to exceed 12 calendar weeks per year.

Section 2: Application:

A. Seniority for officers joining the Coral Springs Police Department shall be based on the date of swearing in as a Law Enforcement Officer.

B. In the event that more than one recruit graduates from the Police Academy on the same date, sworn in on the same day at the same time, seniority shall be determined by using their final academy ranking.

C. If a previously Florida certified, officer is sworn in along with the newly certified Academy graduate, the person with the previous Florida certification will automatically have seniority.

D. Should several previously certified, officers be sworn in on the same date and at the same time, seniority shall be based on the number of years of prior experience as a police officer, except that Florida certification shall take precedence over out of state certification.

Section 3: Seniority as defined in this Article shall govern the following:

A. Vacation requests for holidays shall be made ninety (90) days prior to the first day of the vacation dates being requested. Such requests shall be granted based on seniority.

B. Seniority shall be one of the criteria used for selection of Road Patrol shifts.

<p style="text-align: center;">ARTICLE 49 PART TIME OFFICER AND PART TIME SCHOOL RESOURCE OFFICER</p>

Section 1. The Part Time Officer program's goal is to continue to provide the City of Coral Springs with professional law enforcement services through the effective and efficient use of all available resources. While the Part Time Officers can be used in any law enforcement capacity, it is not the intention of the program to replace full-time positions, nor to provide the same level of wages, benefits or conditions of employment as are provided to full-time sworn personnel. Funding of the Part Time Officer program is at the sole discretion of the City. Sworn personnel hired to the Part Time Officer Program are at-will employees of the City and will be paid an hourly rate of pay with no additional monetary benefits.

Section 2. The Part Time School Resource Officer Program's goal is to continue to provide the City of Coral Springs with professional ("SRO") law enforcement services through the effective and efficient use of all available resources. The Part Time School Resource Officers can be used to supplement full-time SRO positions. They shall not be used to replace existing full-time positions, nor to provide the same level of wages, benefits or conditions of employment as are provided to full-time sworn personnel. Funding of the Part Time School Resource Officer program is at the sole discretion of the City. Sworn personnel hired to the Part Time School Resource Officer Program are at-will employees of the City and will be paid an hourly rate of pay and may

have additional monetary benefits as determined by the City. At the sole discretion of the City, Part time School Resource Officers may be provided a take home vehicle consistent with General Order 48.

Section 3. Except as may otherwise be provided for within this Article, the following articles of the CBA have no application to the personnel hired to the Part time Officer Program: 13,14,16,17 (except as provided in Section 2), 18, 19, 20, 21, 22, 23, 25, 26, 27, 28, 30, 31, 32, 33, (except as required by USERRA), 35, 37, 39, 45, 47 and 48.

Section 4. Part time Officers and Part time SRO'S shall not be counted towards minimum staffing levels and shall not be used to fill vacant overtime detail positions for full-time members. Part time Officers and Part time SRO's may work an off-duty detail only if: (1) the detail start time is within 72 hours and the City has made a reasonable good faith effort to staff the detail by a full time member, and a full time member has not selected the detail or there is an insufficient number of full time members to staff the detail; or (2) the detail has been determined to be an essential public safety interest, full time members have failed to select the detail, and it has reached the point of being assigned to a full time member. The Chief of Police may authorize Part Time Officers or Part time SRO's to work overtime and/or off duty details under exigent circumstances. While working an off-duty detail, Part time Officers and Part time SROs shall be subject to the same disciplinary provisions for full time officers as outlined in Article 29 and shall be paid the same off-duty detail rate payable to a full-time member.

Section 5. Notwithstanding any other provision to the contrary, for discipline of Part Time Officers and Seasonal SROs ("SSRO") that successfully have passed probation, the following shall apply:

(a) Suspensions under forty (40) hours shall only be grieved (using the approved grievance form) consistent with Article 36 of the CBA. The determination of the City Manager shall be a final decision as to any discipline resulting under a forty (40) hour suspension.

(b) Any discipline consisting of a suspension forty (40) or more hours or termination, the following shall apply:

a. A Part Time Officer or SSRO shall have the right to submit to binding mediation (as described below) any grievance of a suspension of forty (40) hours or more or termination that has passed through the grievance procedure in a proper and timely fashion.

b. The Part Time Officer or SSRO shall notify the City of their intent to engage in mediation within fifteen (15) calendar days after the step 3 grievance is received by the Part Time Officer or SSRO.

c. The City and the FOP shall mutually select a Florida Supreme Court certified mediator or arbitrator to hear the matter within fifteen (15) calendar days after receipt of the Intent to mediate. The City or the FOP may request an extension upon a showing of good cause. If the City and the FOP cannot agree on a mediator, then the parties agree to a random selection of a mediator as may be referred from the Broward County Court Mediation and Arbitration division of the 17th Judicial Circuit in and for Broward County, Florida. If a mediator cannot be randomly selected by the foregoing method, then each party shall place two (2) names in a container. Said container shall be shaken and mixed and then the City representative shall draw one of the names in the container which will designate the mediator for said hearing.

d. Once selected, a hearing shall be set no later than thirty (30) calendar days for the mediation. By a show of good cause by at least one party, an extension may be permitted. However, said extension shall not extend beyond sixty (60) days from the time the intent to mediate is received by the City.

e. The hearing before the mediator selected shall last no longer than five (5) hours. The City shall have no more than two hours to present its case. The Part Time Officer or SSRO shall have no more than two (2) hours to present their case. A party cross examining a witness shall have cross examination time deducted from their case presentation. Opening and closing arguments shall be verbal and the time taken for the foregoing shall count toward that party's presentation. The mediator shall have one (1) hour to deliberate and determine the case. Within ten (10) calendar days of the hearing the mediator shall draft and send a written order to the City and the FOP. In the event the case at hand is deemed complex, the parties may mutually extend the presentation times. If one party disagrees to an extension, the mediator shall have the authority to extend the case presentation time limitation equally for both parties.

f. The mediator shall determine (1) if the City has met its burden of showing, by a preponderance of the evidence, that there is a factual basis that there was a violation of policy, and if yes, (2) the discipline is consistent with Article 47, Section 1 of the CBA. If the mediator decides discipline is not appropriate, the mediator shall be empowered to modify the discipline imposed. There shall be no other issues presented for mediation. The mediator shall not add to, subtract from, or modify any term or provision of this Agreement in any way.

g. The award of the mediator shall be final and binding on the parties.

h. Each party shall be responsible for their own costs and attorney's fees.

i. The cost of the mediation shall be split equally between the City and FOP.

Section 6. The Part Time Police Officer and/or SSRO program may be discontinued in whole by City at any time pursuant to management rights or financial burden. The discontinuance of either program shall not be the basis for a grievance or mediation.

Section 7. The SSRO program is a year-to-year program. No SSRO shall have grounds for a grievance or mediation if they are not invited back to continue in the program for the next school year.

ARTICLE 50 SOCIAL MEDIA

PURPOSE

The City of Coral Springs understands that advances in technology and changes in culture are factors that influence the organization in both positive and negative manners. Social media, in general, is one of these external influences and the City of Coral Springs has a duty to protect the reputation and integrity of the organization and its members, as well as to guard against liability and potential legal risk.

SCOPE

This policy applies to all City employees who engage in social networking.

POLICY

In the rapidly expanding world of electronic communication, social media can mean many things. Social media includes all means of communicating or posting information or content of any sort on the Internet, including web log or blog, personal website, social networking, web bulletin board or a chat room, as well as any other form of electronic communication.

The same principles and guidelines found in the City's policies apply to employee activities online. Ultimately, employees are solely responsible for what they post online. Before creating online content, employees need to consider some of the risks and rewards that are involved. Conduct that adversely affects the employee's job performance, the performance of employee's coworkers, or otherwise adversely affects customers may result in disciplinary action.

GUIDELINES

1. Know and Follow the Rules

Employees are responsible for reading and following this policy, as well as the Ethics Affirmation, Discipline Policy, and Anti-Harassment Policy to ensure their postings are consistent with these policies. Inappropriate postings that may include discriminatory remarks, obscene and pornographic material, harassment, and threats of violence or similar inappropriate or unlawful conduct will not be tolerated and may be subject to disciplinary action up to and including termination.

2. Be Respectful

Employees shall always be fair and courteous to coworkers, customers, suppliers, or people who work on behalf of the City. Employees shall keep in mind that they are more likely to resolve work-related complaints by speaking directly with coworkers or by utilizing the City's Open-Door Policy than by posting complaints to a social media outlet. Nevertheless, if employees decide to post complaints or criticism, they should avoid using statements, photographs, video or audio that reasonably could be viewed as malicious, obscene, threatening or intimidating, that disparages coworkers, customers, suppliers, or people working on behalf of the City, or that might constitute harassment or bullying. Examples of such conduct might include offensive posts meant to intentionally harm someone's reputation or posts that could contribute to a hostile work environment on the basis of race, sex, disability, religion or any other status protected by law or City policy.

3. Post Only Appropriate and Respectful Content

Employees shall never represent themselves as a spokesperson for the City. If the City is a subject of the content being created, the employee shall be clear and open about the fact that they are an employee and that their views do not represent those of the City, their coworkers, customers, suppliers, or people working on behalf of the City. If the employee publishes a blog or post online related to the work they do, or subjects associated with the City, it must be made clear that the employee is not speaking on behalf of the City. It is best to include a disclaimer such as "The postings on this site are my own and do not necessarily reflect the views of the City of Coral Springs."

Employees shall not wear clothing/uniforms bearing City logos/insignia in posted photographs unless they have permission from their Department Director (excludes external events when representing in official capacity). Employees must have permission from the City's Communications and Marketing Department to use a City logo or branding in their postings.

It is understood that only the following employees can post on behalf of the City: Public Information Officers (or designated alternates) or designee approved by the

Director of Human Resources or the Director of Marketing and Communications. Any member who does not wish to have their photo posted on social media should inform in writing the Human Resources Administrator in the Police Department.

The Office of Professional Standards shall monitor and investigate violations of this Article.

ARTICLE 51 ANTI-HARASSMENT AND NONDISCRIMINATION

PURPOSE

The City of Coral Springs is committed to providing a work environment in which all employees are treated with respect and dignity. Employees have the right to work in a professional atmosphere that promotes equal employment opportunities and prohibits unlawful discriminatory practices, including harassment. Therefore, the City expects that all relationships will be businesslike and free of discrimination and harassment.

The City has developed this policy to ensure that all its employees can work in an environment free from unlawful harassment, discrimination and retaliation. The City will make every reasonable effort to ensure that employees are familiar with this policy and aware that any complaint in violation of this policy will be taken seriously, investigated timely, and resolved appropriately.

SCOPE

This policy applies to all employees when related to conduct engaged in by fellow employees or by someone not directly connected to the City (e.g., an outside vendor, consultant, customer). Conduct prohibited by this policy is unacceptable in the workplace and in any work-related setting outside the workplace such as during business trips, business meetings, community events, workshops, focus groups, and business-related social events.

Non-employees, such as City volunteers, interns, and board and committee members are also expected to treat employees and each other with respect and dignity.

POLICY

Definition

Sexual Harassment: Sexual harassment constitutes discrimination and is illegal. It is defined as unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature when, for example: a) submission to such conduct is made either an expressed or implied term or condition of employment, b) submission to or rejection of such conduct is used as a basis for an employment decision affecting the harassed employee, or c) such conduct has the purpose or effect of unreasonably

interfering with an employee's work performance or creating an intimidating, hostile or offensive work environment.

Sexual harassment may include a range of subtle and not-so-subtle behaviors and may involve individuals of the same or different gender. These behaviors may include unwanted sexual advances or requests for sexual favors; sexual jokes and innuendos; verbal abuse of a sexual nature; commentary about an individual's body, sexual prowess or sexual deficiencies; leering, whistling or touching; insulting or obscene comments or gestures; display of sexually suggestive objects or pictures; and other physical, verbal or visual conduct of a sexual nature.

Harassment: Harassment on the basis of any other protected characteristic is also strictly prohibited. Harassment is verbal, written or physical conduct or mental intimidation that shows hostility or aversion toward an individual because of his or her race, color, religion, sex, sexual orientation, gender identity or expression, age, disability, marital status, citizenship, genetic information, or any other characteristic protected by law, or that of his or her relatives, friends or associates, and that: a) has the purpose or effect of creating an intimidating, hostile or offensive work environment, b) has the purpose or effect of unreasonably interfering with an individual's work performance, or c) otherwise adversely affects the employee's employment opportunities.

Harassing conduct includes gossiping; slurs or negative stereotyping; threatening, intimidating or hostile acts; denigrating jokes; and written or graphic material that denigrates or shows hostility or aversion toward an employee or group that is placed on walls or elsewhere on the employer's premises or circulated in the workplace, on company time or using company equipment by email, phone (including voice messages), text messages, social networking, sites or other means.

Bullying is another term that may be used for harassment. Bullying is defined as the use of force, threat, or coercion to abuse, intimidate, or aggressively dominate others. The behavior is often repeated and habitual and is strictly prohibited by the City.

Provisions

1. Employees shall not commit an act of harassment or sexual harassment against any other employee or nonemployee. An employee who commits a violation of this provision shall be subject to discipline up to and including termination
2. All levels of supervisors share responsibility for communicating this policy, for recognizing, responding and taking corrective actions, and/or preventing harassment of City employees.
3. Employees who feel they are a victim of harassment are encouraged to advise the individual instigating the harassment that the conduct or behavior is unwelcome and offensive. If the behavior continues, the employee should immediately report the behavior as outlined in Procedures #1 below.

Reporting Procedures

1. Employees should report their complaint immediately to a member of their direct management (chain of command) or the Director of Human Resources (or designee).
2. If the employee made the complaint to a member of their direct management, the management employee will notify the Director of Human Resources (or designee) and the Office of Professional Standards of the complaint.
3. The Office of Professional Standards shall monitor and investigate violations of this Article.
4. The City will provide an administrative response in a timely and reasonable manner (within 30 days, if possible). The response will indicate corrective actions, if any, to the employee filing the complaint and to the individual(s) involved in the complaint.
5. If the employee perceives the situation to be threatening, he or she may request authorization, verbally or in writing, to use accrued annual leave or leave without pay or request a temporary job transfer. Approvals will be determined on a case by case basis by the department director and Director of Human Resources (or designee).
6. Disciplinary and/or corrective actions shall be imposed based upon the severity of confirmed harassment.
7. Confidentiality shall be maintained to the extent allowed by law to the persons involved in any investigation of a complaint. Unnecessary disclosures shall be prohibited.
8. Employees exercising their rights by filing a complaint in good faith will not be retaliated against by the City regardless of the findings of the investigation. However, any employee found to have provided false or misleading information or does not fully cooperate with an investigation when filing a complaint may be subject to disciplinary action.

ARTICLE 52

ADMINISTRATIVE POLICY#: 06.03.08 CRITICAL INCIDENT PAY

PURPOSE

Describe the compensation received by employees during a critical incident (i.e., hurricane, tornado, terrorist attack) that may require continuous work schedules for

essential employees. Only the City Manager, or designee, can declare a critical incident status for the City of Coral Springs ("the City"). Upon the issuance of a Tropical Storm Warning or Hurricane Warning that includes the City of Coral Springs, the City Manager (or designee) shall identify the date and time upon which normal business operations will cease and this pay policy will take effect.

SCOPE

This policy applies to all regular budgeted full-time and part-time employees of the City at all locations.

TERMS AND DEFINITIONS

On-Duty: the period of time during working hours an employee is at work or scheduled to be at work, or when an employee has the appearance of being at work or representing the City such as while in uniform or driving City-identified vehicles, or when performing authorized critical incident duties not within their regularly defined duties.

Essential Employee: an employee that is deemed essential by their Department Director and required to provide services to the public during a critical incident.

Non-Essential Employee: an employee that is deemed non-essential by their Department Director who provide services to the public and are not permitted to report to their workplace during a critical incident.

POLICY

The City requires all employees to work when called upon to do so even if the work schedule is outside of their normal work schedule to ensure continuation of essential services to the public. Critical incidents may require 24-hour continuous work schedules for essential employees. In addition to compensation for those working the critical incident, there may be occasions when the City Manager determines it is necessary to close City facilities, and employees may be either sent home or advised to remain at home.

PROCEDURE

1. NON-EXEMPT EMPLOYEES

- a. Critical Incident Time when the City is considered **open** for regular business (time coded in accordance with prevailing procedures):

Regular hours: Hours worked directly related to the critical incident during the regularly scheduled work schedule shall be paid in accordance with regular pay procedures.

Overtime hours: Hours worked directly related to the critical incident, but outside the regularly scheduled work schedule, shall be paid in accordance with overtime pay procedures.

Employees sent home during regularly scheduled work hours to prepare for emergency and then return to work will be paid for regularly scheduled work hours.

- b. Critical Incident Time when the City is considered **closed** for regular business (time coded in accordance with prevailing procedures):

Regular hours: Hours worked directly related to the critical incident during the regularly scheduled work schedule shall be paid a 25% premium to their base hourly rate.

Overtime hours: Hours worked directly related to the critical incident shall be paid in accordance with overtime pay procedures at time and one half of the employee's regular rate of pay (does not include the 25% premium).

Employees sent home during regularly scheduled work hours and/or requested to remain at home until further notice will be paid for regularly scheduled work hours.

2. PART-TIME EMPLOYEES

- a. Hours worked directly related to the critical incident shall be paid a 25% premium to their base hourly rate.

3. When the Department Director or designee has deemed the workplace safe, and it is safe to travel to and from the workplace to perform non-critical duties, employees will be compensated at regular salary and in accordance with normal pay procedures.

4. When the City is considered **closed** for a critical incident, *essential* employees that are on approved leave must contact their immediate supervisor or Department Director for a determination of their leave status. Such leaves may be cancelled, and the essential employee recalled to duty due to the critical incident. If the leave is cancelled and the employee is recalled to duty, the hours shall be paid under Procedures 1-3 above upon arrival at the workplace.

5. Management must ensure that *essential* employees on duty receive sufficient sleep so as to avoid endangering their safety or the safety of others due to fatigue. Sleeping periods of at least 5 hours per (24) hour shift (need not be consecutive) shall be paid in accordance with Procedures 1-3 above.

6. When the City is considered **closed** for a critical incident, *non-essential* employees that are on approved leave or holiday shall be paid in accordance with the applicable leave or holiday policy. These hours shall not be paid under Procedures 1-3 above.

7. *Non-essential* employees that are unable to report to work once they are recalled to duty, shall use either compensatory time, annual leave, or leave without pay to cover their time after the recall is issued until they are able to actively report to work.

RESPONSIBILITIES

Employee: Accurately reports all hours worked and submits their bi-weekly timesheet in a timely manner to their manager for approval. Falsification of these records shall subject an employee to disciplinary actions, up to and including termination.

Management: Approves all hours worked and verifies information reported by the employee on their bi-weekly timesheet is accurate.

Human Resources: Responds to policy related inquiries and consults with employees on the interpretation of policy statements. Notifies employees of any policy changes.

City Manager: Determines when facility closures are necessary and authorizes amendments to the policy. Oversees administrative operating procedures that provide timesheet codes to support this policy.
