COLLECTIVE BARGAINING AGREEMENT BETWEEN
THE TOWN OF GREENWICH
AND
THE SILVER SHIELD ASSOCIATION, INC.

The TOWN OF GREENWICH ("Town") and THE SILVER SHIELD ASSOCIATION, INC. ("ASSOCIATION") agree as follows:

ARTICLE I
RECOGNITION

In accordance with Sections 7-467 to 7-477 of the Connecticut General Statutes, as amended, the Town recognizes the Association as the exclusive bargaining representative for all permanent uniformed and investigatory personnel (employee/s) with the Greenwich Police Department as specified in Appendix I.

ARTICLE II
NOTICE

The Town shall provide copies of this Agreement for distribution to all present employees who are covered under the terms of this Agreement.

ARTICLE III
WAGES

- A. The annual wages of employees of the bargaining unit shall be payable at the appropriate rate per year as set forth in Appendix I to this agreement. All wage payments shall be made through direct deposit with electronic pay advice. Employees shall provide the information necessary to the Town to implement direct deposit of wage payments and electronic pay advice.

Upon providing the Association and members with sixty (60) days written notice, the Town may implement, on a one-time basis, a five-day payroll lag without further negotiations with the Association. The lag shall be implemented by delaying the delivery of each bi-weekly pay check by one business day until a five-day lag has been accomplished. For example, upon implementation of the payroll lag the bi-weekly paycheck that would be due on a Friday will be issued on the following Monday. Thereafter, the next four successive bi-weekly paychecks will be issued on Tuesday, Wednesday, Thursday and Friday thereby creating a five-day payroll lag. At termination of employment with the Town, the employee shall be paid the five-days of payroll lag with his or her final paycheck at the rate of pay in effect upon the employee's separation of service with the Town. Following the implementation of the payroll lag, newly hired employees will receive his or her first paycheck on a five-day lag basis. It is understood that the result of the implementation of the payroll lag will result in employees receiving fifty-one (51) weeks of regular pay in a fifty-two (52) week period.

B. PAYROLL DEDUCTION

The Town shall deduct bi-weekly, and remit to the Association Treasurer, the Association's dues from the earned wages of each employee in any such amount as determined by the Association in accordance with this Agreement provided that at least one (1) month notice is given the Town of any change in dues. The dues shall be uniform and not changed more than annually.

The Town shall deduct from the wages of the employees represented by the Association and remit to the Association, regular Association dues for those employees who sign authorizations permitting such action. It shall be a condition of employment that each employee covered by this agreement shall provide the Town with an authorization to make said deductions. The Association shall hold the Town harmless from the implementation of this paragraph.

**ARTICLE IV
COLLECTIVE BARGAINING**

- A. All collective bargaining with respect to hours of work, wages, grievance procedure, and other conditions of employment shall be conducted by authorized representatives of the Association and authorized representatives of the Town.
- B. Three members of the Association negotiating committee shall be granted leave from duty with full pay for all reasonably necessary meetings with the Town for the purpose of negotiation of the terms of a contract when such meetings take place at a time during which such members are scheduled to be on duty, as long as the time off does not interfere unreasonably with Town business, in which case the meeting shall be promptly rescheduled.
- C. The members of the Association grievance committee shall also be granted leave from duty with full pay for all reasonably necessary meetings concerning the processing of grievances, when such meetings are held at a time when such members are scheduled to be on duty, as long as the time off does not interfere unreasonably with Town business.
- D. Duly designated delegates and duly designated officers of the Association shall be granted leave from duty with full pay for Association business, provided that the total combined leave time for all individuals shall not exceed thirty-five (35) calendar days for this purpose in a fiscal year, and as long as the time off does not interfere unreasonably with Town business.
- E. In all cases in which leave from duty is involved such leave shall be taken in accordance with Article IV only at such times as are necessary to complete the business specified under this Article.
- F. For purposes of this leave from duty with pay under Article IV there shall be no more than five (5) members or alternates on each such committee.

ARTICLE V
HOURS AND WORK WEEK

- A. The normal workweek is 35.37 hours a week.
- B. The Town shall retain the right to schedule days off and tours of duty; except no employee shall be transferred from one regular squad assignment to another squad assignment without at least five (5) day notice prior to the date of transfer, except i) during an emergency as defined in Paragraph C of this Article and ii) for purposes of the employee attending their annual physical or a single day training event. An employee who is scheduled for their annual physical and is scheduled to work the first shift immediately preceding the scheduled annual physical shall be excused from work for that scheduled first shift. The penalty for non-compliance shall be payment of overtime, as required by Article VI, E, of this agreement, to the employee assigned without the notice required hereunder. Such overtime shall be paid solely for that number of days by which the notice is shorter than the five-day notice required by this Section. Whenever possible, the seniority of the employee shall be considered in making the transfer.
- C. For purposes of this Agreement, emergencies shall include only those bona fide local emergencies such as civil disorders, panics, hurricanes, tornadoes, floods, and threat to life and limb of the citizens of the Town, which are declared by the First Selectman of the Town of Greenwich, the Governor of the State, or the President of the United States and which require unusual and immediate police services. Unusual and extreme weather conditions, except as expressly set forth in this Article, shall not constitute an emergency.
- D. An employee who is called and reports to work on a day shift that begins one hour before or one and one-half hours after the employee's regularly scheduled day shift shall be paid one (1) additional hour of pay, at straight time, if notification to the employee is made less than eight (8) hours prior to the start of the scheduled day shift. An employee who is scheduled to work the midnight or evening shift and has their reporting time changed by one or more hours shall be paid one (1) additional hour of pay, at straight time, if notification to the employee is made less than four (4) hours prior to the start of the scheduled midnight or evening shift. An employee who receives the required eight (8) or four (4) hour notice is not entitled to receive the additional hour of pay.
- E. The assignment, scheduling and payroll processing of all extra duty assignments (assignments paid by a third party) shall conform to the following procedures:
 - 1. Current long term coordinators will remain in place until such time that they separate from employment, voluntarily relinquish the position, or are removed by the Chief for just cause. New long term coordinators will be assigned in accordance with Uniform Policy Manual (UPM) Number 3005. The Department shall notify the Association sixty (60) days in advance of any modifications, deletions or additions to UPM 3005 and shall negotiate any modifications, deletions or additions to UPM 3005 with the Association should such modifications, deletions or additions constitute a

“term and condition of employment.” All long-term coordinators shall be subject to this policy and UPM 3005.

2. All future coordinators will be members of the bargaining unit.

3. Coordinators will be required to submit to the Commander of the Professional Standards Division or their designee a monthly report on a form mutually agreed to between the Department and the Association that will be due on or before the 15th of every month. The report will contain the following information for the previous month:

- a. By date, every employee that was hired and the hours that were worked;
- b. By employee, the total number of hours that every employee worked that prior month;
- c. If a Special Police Officer is hired, a list of the employees who were offered and/or declined the job prior to the Special Police Officer being hired.

4. Coordinators will also be required to maintain a current list of those employees who have expressed an interest in working that particular job. This list will be submitted to the Commander of the Professional Standards Division or their designee on a semiannual basis on or before the first day of July and January. This list will be available at all other times upon request by a member of the Command Staff.

5. All extra duty work will be paid through the Town Payroll Department and will be incorporated into the employee's regular paycheck and designated as extra duty work.

6. The hourly rate charged for extra duty including any administrative fee will be established by the Town and the Association and codified in UPM 3005.

7. Coordinators' monthly reports will be reviewed by the Professional Standards Division Commander or their designee to ensure the fair and equitable opportunity of work hours as well as any signs of unethical conduct or violations contrary to the good order and discipline of the Department. Substantiated repeated violations of these standards, may also include the failure to submit complete and accurate monthly reports in a timely manner, shall establish just cause for the removal of the coordinator at the discretion of the Chief of Police. Effective with the date of this policy being put into effect there will be a ninety (90) day grace period during which the department will provide training as to the new standards and officer requirements of this policy

ARTICLE VI OVERTIME

- A. All employees shall be paid at the rate of one and one-half (1 1/2) times their regular straight time hourly rate for overtime as defined in this Article VI.

All employees may be required to work overtime of a reasonable duration and under reasonable circumstances. Before ordering an employee to work overtime, the Town shall first seek volunteers in accordance with the existing procedure. If there is no volunteer available, the least senior employee on the volunteer list for the appropriate rank shall be ordered in. If the least senior employee cannot be reached, the next least senior shall be called, etc. If no employee on the volunteer list for the appropriate rank can be reached, the least senior off duty employee in the appropriate rank may be ordered in. If no off duty employee in the appropriate rank can be reached, the least senior on-duty employee in the appropriate rank may be ordered to remain. The definition of "appropriate rank" shall be determined in accordance with existing practice. An employee shall not be eligible to work overtime, blue payroll or side jobs on the tour that is immediately contiguous to the tour that the employee was absent due to sick leave or injury leave. An employee is not subject to this provision if that employee's treating physician certifies that they are able to resume full duty.

- B. Overtime shall consist of the following:

1. Hours worked beyond forty (40) hours during a forty (40) hour workweek schedule, and hours worked beyond thirty-two (32) hours in a thirty-two (32) hour workweek schedule.

2. All time worked during what would normally be off-duty hours, as directed by the Officer in charge (including the situation where an employee is called to work prior to their normal tour of duty) and in this event the employee shall be entitled to a minimum of four (4) hours pay at the overtime rate unless the time in question immediately follows a normal tour of duty, in which event there shall be no maximum overtime guaranteed.

- C. Any employee required to be in court in connection with criminal, traffic or civil proceedings connected with official duties as a police officer on a day on which they would otherwise be off duty shall receive an additional full day's pay at straight time regardless of the number of hours they are required to spend in court. When an employee is working a regular tour of duty and is required to be present at any of the aforementioned proceedings that go beyond the employee's normal work schedule, such additional time spent at such proceedings shall be calculated as overtime.
- D. Overtime shall not include required attendance at disciplinary hearings in which the employee is the subject of the hearing, physical exams, voluntary service on or attendance at panels or forums, or educational classes which are not a designated part of

the training program established by the Town pursuant to the provisions of Article V of this Agreement.

- E. An employee required to work on a day other than regularly scheduled shall be compensated for such work at one and one-half (1 1/2) times their regular straight time hourly rate unless that employee received five (5) days prior notice of such change of schedule, except in an emergency as defined in Paragraph C of Article V of this Agreement.
- F. Overtime work shall be offered to employees on the regular force before engaging special police officers, except under such circumstances as make it impractical to offer the work to an employee of the regular force, but nothing contained in this Article shall otherwise restrict the use of special police officers.
- G. Regular straight time hourly rates shall be computed by dividing the daily rate provided for herein by eight (8) hours. Regular straight time daily rates for purposes of computing overtime, holiday pay, and court days shall be computed by dividing the annual salary provided for herein by two hundred (200).
- H. No overtime shall be worked except with specific authorization of the employee's superior officer and may be required in the event of emergency as defined in Paragraph C of Article V of this Agreement.
- I. All compensation for overtime shall be paid not later than the next pay period from the date overtime was worked.
- J. All work performed by employees in addition to their regular duty tours and for the Town or any of its agencies while performing police duties shall be considered overtime unless the Association waives that designation in a particular instance for cause.
- K. Employees assigned to the Detective Division and Marine Section shall receive as standby pay the amount of ten dollars (\$10). Said standby pay shall be paid only to those employees assigned to the Detective Division and Marine Section who are assigned a schedule requiring them to work the third shift in those units. An employee assigned by the Chief of the Department as the Communication/Computer Technician shall be required to be on stand-by on each workday and shall receive the ten-dollar (\$10) standby payment for each workday on standby. To be eligible to receive standby pay, the employee must be reachable by the department and available to report for duty for four (4) consecutive hours following the end of their tour of duty.

Standby pay shall be paid annually in two equal installments in a manner consistent with the payment of medical certification allowances as specified in Article XXI of this agreement. Standby pay shall be paid based on a two-hundred and thirty-two (232) shift work year. Employees eligible for standby pay assigned to a two-shift rotating schedule will receive standby pay for one-hundred and sixteen (116) shifts annually, totaling one-thousand, one-hundred and sixty dollars (\$1,160) per year, payable in two (2) semi-

annual installments of five-hundred and eighty dollars (\$580) each. Communication/Computer Technicians who receive standby pay for each shift worked shall be paid two-thousand, three-hundred and twenty dollars (\$2,320) per year, payable in two (2) bi-annual installments of one-thousand, one-hundred and sixty dollars (\$1,160) each.

When any employee is transferred to or from a position and schedule eligible for standby pay, payment in their next bi-annual installment shall be prorated on a percentage basis to reflect the period of their assignment to a position and schedule eligible for standby pay.

- L.
1. The Town may grant to an employee compensatory time in lieu of cash overtime as permitted by the Fair Labor Standards Act Title 29 United States Code, Chapter 8, and Section 207(o). The Police Chief shall have the option to offer compensatory time in lieu of cash overtime to an employee for working overtime as overtime is defined in paragraph B in this Article. The employee may refuse the offer of compensatory time and receive cash payment for the overtime worked as otherwise provided for in this Article. Compensatory time shall be credited to the employee in the same manner as cash overtime (on a time and one-half basis).
 2. An employee may make a request to be excused from duty charged against accrued compensatory time in the same manner as requests are made for annual vacation and single vacation days; however, the two-day vacation limit that applies for single vacation day requests shall not apply. The approval of requests to be excused from duty charged against accrued compensatory time is subject to the manpower and operational requirements of the Department.
 3. An employee may accrue a maximum of three hundred eighty (380) hours of compensatory time. The Chief of the Department may direct an employee who has accrued greater than three hundred forty (340) compensatory hours to be excused from duty charged against accrued compensatory time for all or a portion of the hours accrued above the three hundred forty (340) hours. The employee shall be provided with a minimum of ten (10) days written notice that they are being excused from duty.
 4. The Chief of the Department may place an employee who has filed an application for retirement on paid leave charged against compensatory time to reduce or exhaust the employee's accrued compensatory time. However, an employee who has accrued 150 or more hours in compensatory time and is considering retirement shall provide the Chief of the Department with sixty (60) calendar day notice of their date of retirement. An employee shall be paid for all accrued compensatory time upon separation from employment with the Town and in the event of death to the employee's estate. Payment of compensatory time is non-pensionable. In the event the Chief places the employee on paid compensatory leave, the employee shall continue to receive any shift differential currently being received at the commencement of such paid leave for the duration of such paid leave.

5. An employee who has in excess of the three hundred eighty (380) hours as of October 25, 2004, is grandfathered and not subject to the terms of paragraph 3.

- M. The practice of permitting employees to exchange tours of duty shall continue, subject to the rules and procedures regulating such exchanges. In no event shall such exchange in duty result in the employee earning or being paid for overtime for working the other employee's tour of duty. The Association shall indemnify and hold the Town harmless against any and all claims, including attorneys' fees and court costs that may be made by employees under state or federal statutes for overtime payment resulting from the exchange of tours of duty. The practice of self-substitutions shall be conditioned as follows: i) employees serving in their probationary period shall not be eligible to self-substitute; ii) an employee may not self-substitute out of a shift if that employee's absence would result in overtime to replace the employee; iii) an employee switching from a scheduled weekend shift (3 PM Friday to 8 AM Monday) may switch to a non-weekend shift up to fifteen (15) occasions during the year and above fifteen (15) switches from a weekend shift to a non-weekend shift shall require the approval of a Command Staff Officer; and iv) a supervisor may not switch into a shift that has four or more supervisors from the same section assigned to that shift.
- N. 1. A police officer recruit who is assigned to an in-residence training academy during their eighteen (18) month probationary period shall, in lieu of the terms of Article V of the collective bargaining agreement, have a regular workweek of Monday through Friday. The workday shall consist of the number of hours required to attend training mandated by the training academy. Notwithstanding the terms of Article VI of the collective bargaining agreement, a police officer recruit shall not be eligible for overtime for attending training Monday through Friday including evening training. For scheduled training on Saturday and Sunday a police officer recruit shall earn compensatory time at the time and one-half rate for each hour of training.
2. A police officer recruit while assigned to a commuter academy during their eighteen (18) month probationary period shall, in lieu of the terms of Article V of the collective bargaining agreement, have a regular workweek of Monday through Friday. The workday shall consist of the number of hours required to attend training mandated by the training academy beginning from the time when the police officer recruit goes on duty until such time the police officer recruit is relieved from duty. Notwithstanding the terms of Article VI of the collective bargaining agreement, in instances during the regular workweek Monday through Friday when a police officer recruit is called back to the academy after initially being relieved from duty, that recruit shall earn compensatory time at the time and one half rate for each hour of required training. For scheduled training on Saturday and Sunday a police officer recruit shall earn compensatory time at the time and one-half rate for each hour of required training. The four (4) hour minimum of Article VI (B) (2) shall apply to all callbacks relating to commuter academy.
- O. An employee who elects to take earned time off with pay to work overtime or a side-job shall first charge the time off to compensatory time if such time is available to the officer

and if there is no compensatory time available to personal or vacation leave. The requirement to use compensatory time first shall not apply to an employee who elects to take a full week off with pay to work overtime or a side-job.

ARTICLE VII HOLIDAYS

- A. Each employee shall receive twelve (12) days holiday pay in lieu of time off on holidays. For purposes of this Agreement the holidays are: New Year's Day, Martin Luther King Day, Lincoln's Birthday, Washington's Birthday, Good Friday, Memorial Day, July 4th, Labor Day, Columbus Day, Veteran's Day, Thanksgiving Day, and Christmas Day.
- B. An employee who works a minimum of four (4) hours of overtime on a "premium Holiday" shall receive compensatory time at eight (8) hours straight time in addition to the overtime. The "premium holidays" shall be: New Year's Day, Easter Sunday, July 4, Thanksgiving Day and Christmas Day. This provision does not apply to blue payroll.
- C. The holiday payment provided in paragraph A of this Article shall be paid in two equal installments: six (6) days paid on the first Friday in June and six (6) days paid on the first Friday in December. These payments shall be paid in a separate payroll check from the regular bi-weekly payroll.

ARTICLE VIII WORKING OUT OF CLASSIFICATION

- A. Whenever an employee is required to work in an acting capacity in a higher salaried classification than their regular classification as designated by the Chief or their representative (e.g., Acting Sergeant, Lieutenant, Probationary Detective), such employee shall receive the difference between their regular pay and the next higher pay step in the scale for the next higher classification above their own. For the purpose of this provision no employee shall be deemed to be working in an acting capacity when the employee shall have worked less than four (4) hours in the acting capacity except that a Sergeant who is directed to work as the shift commander shall receive out of class pay for work in that acting capacity in one hour increments. The employee shall be paid pro rata for each four (4) hours or more in the acting capacity. No employee shall receive more pay than that of the next higher rank. An assignment to acting Master Police Officer (MPO) shall be the most senior employee working that shift who possesses the MPO or alternate MPO qualifications absent specific direction from the shift commander of the affected shift.
- B. An employee shall not be eligible to receive the higher wage payments provided in paragraph A of this Article when an employee in a non-supervisory classification is assigned for training purposes, as a Detective or Court Technician (trained employee) for a period not to exceed ninety (90) calendar days and all of the following conditions are present: (i) the employee has no prior experience in the higher salaried classification; (ii) the assignment is not to be used to otherwise avoid the department's decision to hire on overtime; (iii) the assignment is not to be considered by the Department in meeting its

daily staffing requirements; and, (iv) the assignment shall not be used to avoid filling vacant budgeted positions. If said employee is assigned as a court technician, either during or after the training period, they shall receive out of class pay for the entire tour. An employee who is regularly assigned to the position of Detective or Court Technician shall have preference for overtime in such assignment over a "trained employee."

ARTICLE IX SICK LEAVE

- A. An employee shall earn sick leave at the rate of one (1) day per month for each year of continuous service through completion of the ninth (9th) year of service and one and one half (1 1/2) per month for each year of service commencing with the beginning of the tenth (10th) year of service. Sick leave may be accumulated to a maximum of one hundred eighty (180) days.
- B. At the time of retirement or death under the provisions of this agreement, an employee or employee's heir or estate, shall be paid at the rate of their last position for accumulated sick leave according to the following schedule:

<u>Accumulated Sick Leave</u>	<u>Percentage Paid</u>
0 – 40 days	0%
41 – 90 days	25%
91 – 135 days	35%
136 – 180 days	40%

An employee hired on or before July 1, 1996 shall continue to receive fifty percent of their accumulated sick leave, provided that in no event that the employee be paid for more than ninety (90) sick leave days.

- C. Sick leave shall not be considered as a privilege an employee may use at his discretion, but shall be allowed only in case of (i) the employee's personal illness or physical incapacity resulting from non-occupational causes beyond his control, or (ii) the illness of a member of the employee's immediate family (defined as spouse, child, stepchild, parent, stepparent, brother, sister, grandparent, grandchild, parent-in-law or any relation domiciled with an employee as a member of his family who is listed as a dependent for income tax purposes) that requires the employee's personal care and attention.
- D. Accumulated sick leave will remain to the credit of an employee for a period of three (3) years after leaving the service of the Town, and will be reinstated if he returns to service within that period of time.
- E. In the event that an employee is entitled to sick leave pursuant to this Article, but does not have earned sick leave available, the employee may borrow from his accrued, unused vacation leave as of the time sick leave was taken. The vacation leave so used may subsequently be repaid by subsequent sick leave earned at the applicable rate.

- F. An employee taking sick leave shall inform their immediate superior, and failure to do so within a reasonable time will be cause for denial of sick leave with pay for the period of absence.
- G. Each new employee shall be given an advance credit of twenty (20) days accumulated sick leave which can be used in the same manner as regularly accumulated sick leave and which shall be repaid as soon as possible out of regularly earned sick leave. Should an employee use any or all of his advance credit of twenty (20) days and then leave employment of the Town without having repaid the days used, the Town shall recover the value of the days from the employee. No payment under Section B of this Article shall be made for the advance credit of twenty (20) days.
- H. No sick leave will be granted if it is possible for the employee to carry out light duty assignments that are assigned by the Chief.
- I. An employee who is on the active payroll for the entire calendar quarter shall be eligible to participate in a sick incentive program. An employee who reports and completes all scheduled shifts during the calendar quarter shall be credited with one vacation day on the first day of the next calendar quarter. For purposes of this incentive program an employee who does not report and complete a scheduled shift due to approved vacation, personal or compensatory leave shall be deemed to have reported and completed such shift. An employee who is eligible to participate in the sick incentive program and who reports and completes all scheduled shifts during the fiscal year may elect to substitute the vacation day earned in the last quarter of the fiscal year (April – June) with a personal leave day.

ARTICLE X INJURY LEAVE

- A. Each employee shall be entitled to injury leave as a result of a service connected injury or illness which is covered under the Connecticut Workers' Compensation Act. Said employee shall be entitled to their normal pay for the number of days absent until the employee has recovered sufficiently to return to duty or has retired on a disability or regular pension.

An injured employee will be entitled to this supplemental pay for up to eighteen (18) months; provided, however, that if the employee's treating physician certifies to the Town that it is likely the employee will be able to return to work within an additional six-month period, then the pay supplement shall be extended to the date of the employee's return, but not more than six (6) additional months. Upon completion of the period of supplemental pay, the injured employee shall be entitled to whatever benefits are mandated by the Workers' Compensation Act.

By placing an employee on injury leave the Town does not waive any rights it may have under the Connecticut Workers' Compensation Act.

- B. In the event that an employee is injured in the performance of their duty as a Police Officer and is capable of performing a light duty assignment as determined by the employee's physician, such light duty assignment shall be within the Department, should the work be available as determined by the Chief of Police. If no work is available within the Department, the Department of Human Resources shall find suitable work within Town Government.
- C. The Town may assign an employee on injury leave to duties other than their regular duties during the period of any injury leave.
- D. A complete report of each accident shall be made to the employee's immediate supervisor as soon as practical after it occurs.
- E. The Town without further negotiations may implement a managed medical care plan network for employees' work related medical treatments. In the event the Town changes its workers' compensation administrator/carrier, any new medical care plan network shall be substantially equivalent to the prior medical care plan network.

ARTICLE XI PERSONAL LEAVE

Each employee shall have the right to request and obtain in each fiscal year: i) one (1) day of paid personal leave; ii) convert one vacation day to one day of paid personal leave; and/or iii) earn one day of paid personal leave pursuant to the terms of the sick incentive program as set forth in Article IX (I). Requests shall be made in the prescribed manner and shall be granted upon request; except in the event of a bona fide emergency.

ARTICLE XII HEALTH APPOINTMENTS

Employees shall be entitled to reasonable time off with pay for necessary medical and dental appointments which cannot, with reasonable practicality, be scheduled outside of the normal workday. Except in the case of emergencies, the employee shall, in writing, inform the Chief of the time and day, at least five (5) calendar days prior to such appointments. In the case of emergencies, the employee shall inform the Chief as soon as the appointment is made or completed, whichever is more medically practical. The scheduling of such time off shall be subject to the reasonable needs of the Town.

ARTICLE XIII VACATIONS

- A. The Town shall grant vacation leave with pay to all full time employees after employment for at least six (6) months. No vacation leave shall be granted during the first six (6) months of service but upon completion thereof, vacation leave shall be allowed for the time served during such period. If an employee leaves the service of the

Town, the employee or the employee's estate shall be compensated at the employee's regular rate for any portion of unused vacation leave to the employee's credit at the time of separation, and for this purpose only credit for unused vacation leave shall be computed on a monthly basis.

B. Annual vacations with pay shall be as follows:

Zero (0) through the completion of six (6) months of service - five (5) working days (to be deducted, if taken, from the ten (10) working days due after completion of one (1) year);

Zero (0) to completion of one (1) year of continuous service - ten (10) working days (subject to the deduction of the five (5) working days, if taken, as above);

Commencement of second year of continuous service to completion of fourth year of continuous service - ten (10) working days;

Commencement of fifth year of continuous service to completion of ninth year of continuous service - fifteen (15) working days;

Commencement of tenth year of continuous service to completion of nineteenth year of continuous service - twenty (20) working days;

Commencement of twentieth year of continuous service to completion of such year of continuous service - twenty-one (21) working days;

Commencement of twenty-first year of continuous service to completion of such year of continuous service - twenty-two (22) working days;

Commencement of twenty-second year of continuous service to completion of such year of continuous service - twenty-three (23) working days;

Commencement of twenty-third year of continuous service to completion of such year of continuous service - twenty-four (24) working days;

Commencement of twenty-fourth year of continuous service and thereafter - twenty-five (25) working days.

C. The Chief of the Police Department shall schedule the vacation period in accordance with the requirements of the department. In case of a conflict as to scheduling, seniority shall govern the right of preference.

D. If as the result of an emergency the Chief cannot permit an employee to take annual vacation leave during a particular year, or if an employee agrees to waive annual vacation leave during a particular year at the request of the Chief, the Chief shall permit such employee to take part or all of the earned vacation leave during the following year

without regard to any limitations regarding carry-over of vacation days, vacation days to be taken at a consecutive interval, or total vacation days to be taken during any year. Any such permission shall be in writing and given to the Personnel Officer and the employee at the same time the determination to request the work is made.

- E. An employee shall also be entitled to carry unused vacation leave from one year to the next, but in no event may an employee carry forward more than twenty-five (25) working days of unused vacation leave. ARTICLE XIV INSURANCE

- A. 1. Each full-time employee and his/her eligible dependents shall have the annual option to enroll in the Connecticut State Partnership Plan 2.0 (SPP) for medical (but not dental or vision benefits) or to waive medical insurance. The plan benefits shall be as set forth in the SPP effective on July 1, 2017, including any subsequent amendments or modifications made to the SPP by the State and its state employee representatives. The administration of the SPP, including open enrollment, beneficiary eligibility and changes, and other administration provisions shall be as established by the SPP.

2. The premium or premium equivalent rates shall be set by the SPP. Based on such rates, the Town establish a blended rate to provide the same rate to active and retirees. The method used to determine the blended rate shall be "Method 2" as mutually agreed by the Town and the Association and as permitted by the SPP.

3. The percentage share of such premium cost shall be ninety percent (90%) for the Town and ten percent (10%) for the employee. The employee's annual premium cost share shall be deducted in prorated equal amounts from each biweekly paycheck on a pre-tax basis (premium conversion option).

(4) The SPP contains a Health Enhancement Plan (HEP) component. All employees participating in the SPP will be subject to the HEP terms and provisions.

(5) Participation in the SPP and the HEP are conditioned upon the employee completing and submitting necessary enrollment forms (written or electronic as determined by the administrator) during the specified enrollment period, and also signing an authorization for the deductions of premium cost shares through payroll deductions. In the event SPP administrators impose a premium or benefit penalty on insureds who fail to participate in the HEP, those sums shall be paid 100% in their entirety by the non-participating or non-compliant employee. No portion or percentage shall be paid by the Town. Any such additional premium cost increase imposed upon the employee as a result of any failure to participate in HEP shall be implemented through payroll deduction, and the annual deductible shall be implemented through claims administration. Notwithstanding the above, any amendments to the terms of the HEP shall be applicable to employees participating in the SSP.

(6) In the event any of the following occur, the Town or the Association may reopen negotiations in accordance with Conn. Gen. Stat. Section 7-473c as to the sole issues of health insurance, including plan design and plan funding, premium cost share and/or introduction of replacement medical insurance in whole or in part.

Gen. Stat. Section 5-259 (a) and (m) are modified as a result of a change in the State's collective bargaining agreement or state statute;
- ii) Public Act No. 15-93 or successor legislation is amended as to rate calculation, imposition of additional fees or administrative charges on participating non-state public employers or a change in the method used to calculate premium rates, or any other substantive amendments;
- iii) If the cost of medical insurance plan offered herein is expected to result in the triggering of an excise tax under The Patient Protection and Affordable

Care Act ([ACA; P.L. 111-148], as amended, inter alia, by the Consolidated Appropriations Act of 2016 [P.L. 114-113]) and/or if there is any material amendment to the ACA that has direct impact on the cost incurred by the Town on providing medical insurance pursuant to this Agreement. Reopener negotiations shall be limited to health insurance plan design and funding, premium cost share and/or introduction of an additional optional or alternative health insurance plan.

- iv) If during the month of September, the Town, based on the claims experience of the bargaining unit participants for the prior plan year of the SPP (July through June), determines that premiums or premium equivalents for the HDHP insurance plan (including the Town's HSA contributions) that was in effect June 30, 2017, would be lower than the current SPP premiums.

(7) In the event the Town and/or the Association at any time during the contract term or in negotiations over a successor collective bargaining agreement make a proposal to leave the SPP, the baseline for such negotiations shall be the medical benefits as set forth in Article XIV section B of the collective bargaining agreement ending June 30, 2017.

The employee may buy from the Town's insurer an additional term life benefit in an amount equal to the employee's basic life benefit at the actual prevailing rate charged the Town.
- C. The Town reserves the right to change the method of administering and insuring its benefit plan and to unilaterally select the insurance agent and/or insurance carrier(s) for such plan administration. However, prior to actual implementation, any such change in the method of insuring, or in the insurance carrier, or in the agent performing plan administration services, shall first be communicated to the Association, which shall have the opportunity to review the proposed benefit plan and to raise questions regarding pre-existing conditions or other valid concerns. At least fifteen (15) business days shall be allowed for comments and/or questions. There shall be no break in service or coverage. Prior to distribution to employees, any plan document(s) shall be submitted to the Association for review. Once a change is implemented, in the event that a disagreement between the parties arises over such change as it relates to differences over the level of benefits, the issue(s) may be submitted to a mutually agreed upon arbitrator(s), the cost of which shall be shared equally by the parties. If the parties cannot agree on an arbitrator, selection shall be made by having each party select an arbitrator and having said arbitrators select a neutral.

D. An employee who retires or separates from Town service and meets one or more of the following conditions shall be allowed to continue to be enrolled in the Town's group medical and prescription drug plans.

If a retiree, who is eligible for and/or has such alternative health insurance coverage with another employer or as a dependent on a spouse's health insurance plan, loses such coverage due to the retiree's or spouse's termination of employment or discontinuation of such coverage by the employer, then the retiree shall be re-eligible to enroll in the Town's group medical and prescription drug plans. In no event may an employee buy credit for more than four years of service. The terms and conditions of such additional retirement allowance are as follows:
 - 1. At least ninety (90) calendar days prior to reaching the maximum retirement allowance, an employee may elect to notify the Town and Retirement Board in writing, on a form approved by the Town, that they will continue to work for an additional period of not less than twelve months after reaching their maximum retirement allowance. Such election must indicate:

- (a) The number of full years, after the employee reaches their maximum retirement allowance, that the employee elects (the “period of extended employment”); and
- (b) The pension alternative that they elect, pursuant to paragraph (2) or (3) below.

If notice is not provided of the employee’s intention to remain employed pursuant to this paragraph (1), the employee will be deemed to have elected to continue to participate in the Retirement System as set forth in Article XV (F) (2) below in the event that they remain employed after reaching their maximum retirement allowance.

If at any time during the period of extended employment, the employee wishes to modify their initial election with respect to (a) above (the length of the period of extended employment), that employee must provide the Town and the Retirement Board with a minimum of ninety (90) calendar days written notice prior to the earlier of: the last day of their period of extended employment, and the proposed effective date of their retirement. Upon the effective date of such an election, the employee shall cease to be an active member of the Retirement System, and their retirement allowance shall be determined as of such effective date (e.g., their final compensation, as defined in paragraph B above, shall be frozen as of the effective date and the terms of the Collective Bargaining Agreement in effect as of such date shall govern the retirement allowance that the particular employee will receive upon their retirement).

If an employee electing this alternative is employed beyond the seventh anniversary of the date on which that employee reached the maximum retirement allowance, the employee's active participation in the 401(a) Plan shall cease and there shall be no further contributions (employee or Town) made to the 401(a) Plan on that employee's behalf.

These and other terms and conditions of the 401(a) Plan shall be set forth in a separate plan document which shall provide for the employee to self-direct their account, and which the parties intend to be a qualified pension plan under the Code.

4. An employee who has already reached the maximum retirement allowance as of the effective date of this provision, shall receive the additional accrual under the Retirement System described in paragraph (2) above for full years of credited service, up to a maximum of seven (7), between the date that employee reached the maximum retirement allowance and the effective date of this provision. If such employee receives credit for less than seven (7) years of service pursuant to the preceding sentence, they may elect, within a reasonable period of time following the effective date of this provision, and in accordance with the terms set forth in the preceding paragraphs, to prospectively cease participation in the Retirement System and commence participation in the 401(a) Plan. No employee shall accrue a benefit under either the Retirement System or the 401(a) Plan after that employee has, in the aggregate, accrued a benefit for seven (7) years of creditable service after the date on which they reached their maximum retirement allowance.

- G. Except as provided in paragraph F (3) above, employees shall cease making contributions for retirement benefits after twenty-six (26) years and eight (8) months of membership service as a sworn employee.

The effective date of retirement shall be the first of the month following the former employee submitting a retirement application and processing by the Retirement Board.

The amount of retirement allowance shall be based upon the years of service as provided above, and final compensation at the time service is terminated. An employee will be eligible for only one pension from the Town of Greenwich, calculated in accordance with this Agreement.

For purposes of death benefits payable under Section 194 of the Charter for employees who retire under the provisions of this paragraph, employees will be assumed to be retired from the date of termination rather than the date benefit payments commence.

APPENDIX II

SUBSTANCE ABUSE TESTING

SCREENING

The administration of screening tests to detect the presence of drugs or alcohol in employees of the Department will be performed upon reasonable suspicion that an employee is using or is under the influence of illegal drugs, is abusing legal drugs or alcohol, or is reporting for duty under the influence of drugs or alcohol.

TESTING BASED UPON REASONABLE SUSPICION

An employee of the Department may be required to undergo testing based on "reasonable suspicion" when objective facts and observations are brought to the attention of a superior officer and, based upon the reliability and weight of such information, the superior officer can reasonably infer or suspect that they are using illegal drugs, are abusing legal drugs or alcohol, or are reporting for duty under the influence of drugs or alcohol. Reasonable suspicion must be supported by specific articulable facts which may include, but are not limited to: reports and observations of the employee's drug related activities, such as purchase, sale or possession of drugs, associations with known drug dealers or users, observations of the employee at known drug or drug related locations; an otherwise unexplained change in behavior or work performance; an observed impairment of the ability to perform their duties.

A superior officer shall report the basis for their reasonable suspicion to the Chief of Police or their designee. The Chief shall decide whether to direct the employee to submit to testing. Prior to so deciding, the Chief or their designee may meet with the employee. If such a meeting is held, the employee may request Association representation. However, the meeting shall not be delayed for the purpose of having a representative of the employee's choice.

If the employee is ordered to submit to a drug and/or alcohol test, the employee shall be given a brief verbal statement of the basis for reasonable suspicion. A verbal directive to submit to a drug and/or alcohol test shall be confirmed in writing, but the testing shall not be delayed pending issuance of such written directive.

REFUSAL TO SUBMIT

The refusal by an employee of the Department to submit to a drug or alcohol screening test pursuant to these provisions will result in their immediate suspension without pay and subsequent disciplinary action which may include dismissal from the Department.

TESTING PROCEDURES

1. The employee shall provide a urine sample for purposes of testing for drugs or controlled substances other than alcohol. The employee shall provide a sufficient amount of the

sample to allow for initial screening, a confirmatory test, and for later testing if requested by the employee.

If the employee is ordered to submit to testing for alcohol, the employee shall submit to a breathalyzer test to be administered by an agent designated by the Chief. If the breathalyzer tests positive for the presence of alcohol, the employee shall provide a blood sample for the confirmatory test.

2. Initial drug screening will be done by Enzyme Multiple Immunoassay Testing (EMIT). No sample will be further tested upon a negative screening for controlled substances, including marijuana. After the negative screening, the second sample will be destroyed.
3. Each employee of the Department being tested on the basis of reasonable suspicion may consult with and be accompanied by a representative of the Association. The Association representative may confer with and advise the employee before and after the testing process, but shall not participate in the process in any way, except as an observer. The testing process will not be delayed because the Association representative is unable to be present.
4. During the testing process, the employee shall cooperate with requests for information concerning use of medications, and with other requirements of the testing process such as acknowledgment of giving of a urine or blood specimen.
5. The integrity of the testing process will be maintained with the utmost consideration for the privacy of the person being tested. Only one person, of the same sex as the person being tested, may be present during the collection of a urine specimen. If the necessary precautions to ensure legitimacy of the sample can be arranged without undue cost, an observer will not be required.
6. Prior to testing for drugs, two separate containers, supplied by the laboratory conducting the testing, shall be prepared for each employee being tested. Each container shall have affixed a code number and the date of collection. The code numbers shall be recorded, together with the employee's name and signature. Two (2) specimens will be taken at the time of collection and shall be sealed in the presence of the employee being tested.
7. The officer or laboratory supervising the test shall ensure that the appropriate chain of custody is maintained in order to verify the identity of each sample being tested.
8. Each and every positive EMIT test will be confirmed using a Gas Chromatography - Mass Spectrometry test. Only if confirmed will a test result in a positive report.
9. Drug testing or blood alcohol testing will be performed by a laboratory licensed or certified by the Connecticut Department of Health Services.
10. Any employee whose drug or alcohol test results in a positive report may, within ten (10) calendar days of receiving notification of such result, request in writing to the Chief of

Police that the second sample be made available for retesting at a licensed or certified laboratory of the employee's choosing. The laboratories shall be responsible for following the best practice in maintaining and documenting the chain of custody of the sample. This second testing shall be at the expense of the employee.

RESULTS OF DRUG SCREENING TESTS

Employees of the Department will be notified of the results of all screening tests at the earliest appropriate time (to be determined by particular facts and circumstances). Those test results which do not indicate the presence of a drug or alcohol will be sealed and there will be no indication of testing in the employee's personnel file.

POSITIVE TEST RESULTS

Any test resulting in a positive report will be referred to the Police Chief for a complete investigation. Upon completion of such investigation, if it is found that an employee has used any drug which has not been legally prescribed and/or dispensed, or has abused a legally prescribed drug or has reported for duty under the influence of drugs or alcohol, a report of such shall be prepared.

Upon service, the employee against whom such report has been made shall receive a copy of the laboratory test results, and will be immediately suspended from duty without pay, and shall be subject to disciplinary action which may include discharge, except as provided in the section below concerning rehabilitation.

OPPORTUNITY FOR REHABILITATION

The opportunity for rehabilitation (rather than discipline) shall be granted once for any officer who is not involved in any drug/alcohol related criminal activity and voluntarily admits to alcohol or drug abuse prior to testing.

Any employee who voluntarily admits to the Chief of Police the use of or dependence upon illegal drugs or alcohol shall be afforded the opportunity to participate in a mutually acceptable rehabilitation program. The first time an employee tests positive for drugs or alcohol, that employee shall have the same opportunity for rehabilitation as does an employee who voluntarily seeks rehabilitation. The opportunity for rehabilitation will only be provided prior to any allegation or impropriety by the public or another employee or prior to initiation of an investigation of the employee's use or sale of a controlled substance by any competent state or federal authority.

The employee shall use accumulated sick or vacation leave for the period of absence for the purpose of obtaining treatment. All treatment will be at the sole expense of the employee, to the extent not covered by their health benefits plan.

As part of any rehabilitation portion, the employee may be required to undergo periodic screening for drugs or alcohol. If tested positive, the employee will be immediately suspended and will be subject to discharge.

ADMINISTRATIVE PROVISIONS

1. Time spent by an employee undergoing tests as provided in Sections 2 and 3 herein shall be compensated pursuant to the terms of the collective bargaining agreement.
2. Any alteration, switching, substituting or tampering with a sample or test given under this Agreement by any employee shall be grounds for immediate suspension without pay and subsequent disciplinary action which may include dismissal from the Department.
3. Any violation of the confidentiality provisions of this Agreement, if committed by an employee of the Town, shall be grounds for disciplinary action against the employee. The Town will also take appropriate action against a person and/or organization not employed by the Town for violation of the confidentiality requirements.
4. Notwithstanding anything to the contrary above, this Agreement shall not abrogate nor in any way interfere with the Town's right to hire employees, promote employees, lay off employees, appoint and evaluate employees, to select probationary employees for permanent appointment or to act pursuant to law. Furthermore, this Agreement and procedure shall not in any way affect, interfere with or have any bearing on matters within the jurisdiction of the Police Commission.
5. The Town and the Association agree that the provisions of this Agreement and its application may be considered by the parties' representatives who may recommend, if appropriate, amendments to this Appendix.
6. Separability – If any clause or provision of this Appendix or any addition thereto is decided by a court or administrative agency of competent jurisdiction to be in violation of any federal, state or local law, the remaining clauses and provisions of this Appendix shall remain in full force and effect.
7. Disputes concerning the interpretation or application of this Appendix shall be subject to the contractual grievance procedure, except for disciplinary matters.

- 1) An employee suffering from a non-occupational illness or injury may make a written request to the Chief of the Department to be assigned to a light duty assignment when the employee's attending physician certifies that the employee is unable to work full duty for a minimum period of four (4) consecutive work tours from the date of such request. In furtherance of the request, the employee shall present to the Chief or their designee a written document from their attending physician detailing work activities that the employee is medically able to perform including any restrictions as to work activities and/or hours of work. The attending physician shall certify in writing the date when the employee may commence light duty and that performing such light duty / restricted work will not prolong or otherwise interfere with the employee's rehabilitation back to full duty. Within the scope of the reasonable standard of care, the employee's physician shall also indicate the prognosis as to the employee's possible date for return to full duty or if such cannot be predicted with reasonable medical certainty at that time, the date of said employee's next appointment or treatment.
- 2) Upon receiving both the employee's request to work a light duty assignment and the attending physician documentation containing all required information, the Chief or a designee, will schedule the employee to work a light duty assignment consistent with the employee's work restrictions. The light duty assignment may require the employee to change work schedules, including starting and quitting times and days of the week. During the period the employee is working in such light duty assignment, the Chief may make reasonable request(s) of the employee to provide updated information from the employee's attending physician as to the elements contained in paragraph 1 above.
- 3) In the event the employee's work restrictions include working less than a full eight (8) hour shift, the police officer must be able to perform a minimum of four (4) hours of work to be assigned to a light duty assignment and if so assigned shall be charged for four hours of sick leave for each shift so assigned. If the Chief or a designee reasonably determines that no light duty assignment(s) is available in the Police Department, the Department of Human Resources shall find suitable work within the Town Government or another Town Department for the employee and said employee shall be paid at the wage rate pursuant to the Collective Bargaining Agreement between the Town and the Association.
