ARTICLE 14 OUTSIDE DETAILS

Section 1.

All outside details shall be distributed to the members of the unit on a fair and equitable rotational basis. A roster will be posted on the bulletin board. A detail refusal will count as a turndown.

Payment for outside details will be made at time and one half the base step hourly rate of Sergeant for all hours worked, with a minimum of four (4) hours pay. In the event that the outside detail exceeds eight (8) hours, the officer shall be paid double the top step hourly rate of a base Sergeant for all hours in excess of eight (8) hours, however, this provision shall not apply to those events involving the Town and/or Board of Education. Section 3.

As soon as practicable following the ratification and acceptance of the 7/01/2012 – 6/30/2016 agreement, the Union will establish and administer a Voluntary Employee Benefits Association (VEBA) Trust.

The Town agrees to contribute to the Union's aforementioned trust, annually in the month of July, as follows:

- (a) Fiscal year 2015 – 2016 – twenty thousand dollars (\$20,000)

Furthermore, the Town will assess a ten dollar (\$10.00) per hour surcharge on all outside details, with the exception of Town funded outside details, which surcharge shall be deposited in the Union's VEBA Trust on a monthly basis.

The Town agrees to hold in trust the aforementioned monies until such time as the Union's VEBA Trust is established.

ARTICLE 15 GRIEVANCE AND ARBITRATION

Section 1.

A grievance is defined as any complaint resulting from the discharge, suspension or demotion of an employee, or dispute resulting from the specific terms of this Agreement.

Section 2.

Grievances will be processed in the following manner:

Step 1. An employee or the Union having a grievance or complaint shall, within ten (10) calendar days of the date he knew or reasonably should have known of the condition causing it, put his grievance or complaint in writing and submit it to the Chief or his designee. The Chief or

his designee will render his decision in writing within ten (10) calendar days of his receipt of the grievance.

Step 2. If the employee or the Union is not satisfied with the answer of the Chief or his designee, he may appeal that decision to the Town Manager in writing within ten (10) calendar days of receipt of the answer of the Chief or his designee. The Town Manager shall render his or her decision in writing within twenty (20) calendar days after receipt of the appeal.

Section 3.

Arbitration.

If the Union is not satisfied with the Town Manager's answer, it may appeal to the State Board of Mediation and Arbitration within thirty (30) calendar days of the Town Manager's decision. The decision of the arbitration panel shall be final and binding on all parties to this Agreement. If not submitted for arbitration, the Town Manager's decision is final and binding. The arbitration shall be confined, in the decision to be rendered, to the interpretation and/or the application of particular provisions of the Agreement and the facts which gave rise to the grievance or grievances. The arbitrator shall have no power to add to or to subtract from, or to modify, this Agreement or change any rates of pay or wages as said rates of pay or wages are set forth in Article 8, of this Agreement.

The cost of the arbitration shall be borne equally by the Employer and the Union.

Section 4.

General Provisions.

The employee, when discussing his grievance or complaint with the Employer, shall, at his/her option, be accompanied by a UPSEU representative or Local officer of the Union at all times.

All time limits set forth in this grievance and arbitration procedure shall be calendar days.

The time limit at any step of the grievance procedure may be extended by mutual agreement of the parties. Any agreement to extend the time limit for the initial filing of a grievance or for a filing to arbitration shall be in writing, signed by the Town Manager or her/his designee and a UPSEU representative and the President or Vice-President of the Union.

If the Town fails to respond to a grievance within the time limits specified in this article, the grievance shall be deemed denied and the Union shall have the right to file it at the next level of the procedure.

Whenever the grievance procedure calls for a written decision on a grievance to be sent to the Union, such decision shall be sent to the grieving employee(s) and to The United Public Service Employees Union and the Union President or, in his absence, the Vice-President. If the Union is

represented by counsel in the matter, the decision shall also be sent to the Union's counsel.

ARTICLE 16 INSURANCE AND RETIREMENT

Section 1.

The Employer will cover each member of the unit with a double indemnity life insurance policy equal to the amount of one year's salary, premiums to be paid by the Employer.

Section 2. The Town shall provide and pay for the following coverage for all employees in the bargaining unit and their dependents:

- a. Effective August 4, 2014, a \$2,000/\$4,000 high deductible health care plan (the "HDHP Plan") with a health reimbursement arrangement ("HRA") feature will be offered to bargaining unit employees during their first year of employment until July 1st and the Town shall reimburse up to fifty percent (50%) of the annual deductible. Each July 1st, the Town shall offer a health savings account ("HSA") feature shall make annual contributions into an employee's HSA account for employees enrolled in the HDHP each July in the amount of fifty percent (50%) of the annual deductible amount. The HDHP Plan is described in summary form in Appendix A. Employees who choose to enroll in the HDHP plan must be enrolled, and remain enrolled, for the entire plan year.
- b. August 4, 2014, employees will have the option to "buy-up" to a ConnectiCare Plan with the following co-pays: office - \$20; inpatient, \$100, ER - \$100; Urgent Care - \$25; outpatient - \$50; pharmacy - one month supply: 5/20/35 - mail-order: 10/40/70). A summary of the plan is attached as Appendix B. Specifically, employees who choose to enroll in the ConnectiCare Plan shall contribute, on a pre-tax basis, the difference between the relevant premium associated with the ConnectiCare Plan and the Town's cost of the relevant premium associated with the HDHP.

For example, an employee has family coverage under the HDHP Plan and the monthly premium is \$2,121.34 plus \$157.82 for family dental coverage for a total of \$2,279.16 per month. The employee is contractually responsible for 15% of the total premium or \$341.87 per month. The Town's monthly cost towards the premium is \$1,937.29. Further, the Town is contributing sixty percent (60%) towards the annual deductible of \$4,000.00 or \$200.00 per month. Therefore, the Town's total cost per month for the HDHP Plan is \$2,137.29.

If an employee chooses to enroll in the ConnectiCare Plan with a monthly premium of \$2,738.23 for family coverage plus \$157.82 for family dental coverage for a total of \$2,896.05 per month, the employee will be responsible to pay, by payroll deduction, the amount of \$758.76 per month (\$2,896.05 less \$2,137.29 (the Town's cost per month for the HDHP Plan/Dental Plan).

- c. Blue Cross Full Service Dental Plan without riders. The employee may purchase the

available riders at the employee's expense, through payroll deduction.

Effective upon ratification and approval of this Agreement that expires on June 30, 2019, each employee shall be required to contribute sixteen percent (16%) of the premium costs for individual, dependent or family coverage for the HDHP. Effective July 1, 2018, each employee shall be required to contribute seventeen percent (17%) of the premium costs for individual, dependent or family coverage for the HDHP.

Employee contributions shall be made pursuant to the terms of the Town's Section 125 Plan.

Upon notification and explanation to bargaining unit members of the effective changes, the Town may phase in a health insurance plan that is equal to or better than the health insurance plan then in effect.

Upon notification and explanation to bargaining unit members of the effective changes, the Town may phase in a health insurance plan that is equal to or better than the health insurance plan then in effect.

Section 3. Eligible employees shall be covered by the Municipal Employees Retirement Fund B. When determined to be legally permissible to have some bargaining unit employee in MERS Fund B and other bargaining unit employees in a defined contribution plan, the Town and the Union will negotiate the implementation of a defined contribution plan.

Section 4. Insurance Waiver

Employees may elect to waive, in writing, the health insurance coverage provided above and in lieu thereof may receive an annual payment of one thousand dollars (\$1,000). Such payment will be issued in equal payments in December and June of each fiscal year, and will be subject to normal employment tax withholding and deductions. To receive such payment, an eligible employee must complete and submit a form provided by the Town no later than June 1 of each fiscal year indicating his/her intent not to participate in the Town-provided insurance coverage. Further, such employees must present evidence to the Town that they are covered under another insurance program.

Employees may elect to resume health insurance coverage due to the occurrence of one of the following conditions for which documentation and a request for reinstatement must be submitted to the Town in writing:

1. Involuntary termination of the alternative health benefits plan coverage;
2. Ineligibility of the employee and/or dependent(s) under the alternative plan;
3. The employee acquires a new dependent through marriage, birth or adoption and the new dependent is not covered by the alternative plan;

4. Coverage under the alternative plan is substantially reduced or the cost of the plan to the employee substantially increases.

Upon receipt of such request and documentation, insurance coverage provided by the Town shall be reinstated as soon as possible, including waiting periods, which may be prescribed by the applicable plan. Employees who are reinstated to insurance coverage provided by the Town shall reimburse, the Town, by payroll deduction the pro-rata share of any waiver payment made.

ARTICLE 17 MISCELLANEOUS

Section 6.

The Employer recognizes that exposure to inclement weather is not desirable and will endeavor to accomplish adequate relief and to prevent excessive exposure, including proper protection for individuals exposed to such conditions.

Section 11.

Any charge or complaint by a member of the public may be made against a police officer. The Chief or his designee shall have the discretion to investigate any charge or complaint whether made orally or in writing. However, the Chief or his designee or the Town Manager shall request that complaints be reduced to writing, and include a particular description of the acts complained of, and names of witnesses with addresses. The Union and Union President and employee involved shall be informed immediately of such complaint with a copy of either the written complaint or, in the case of an oral complaint, any write-up by the person taking it, to the steward, the employee, and the President of the Union within seventy-two (72) hours. Within ten (10) working days an investigation shall be initiated by the Chief or his designee, and if any normal charges are to be made against the employee involved as a result of such investigation, a hearing will be held before the Chief and Town Manager.

The Town agrees that a minimum of three (3) sworn law enforcement personnel who are members of the bargaining unit shall be maintained on each shift. However, at the supervisor's discretion, an officer can be allowed to leave town for less than thirty (30) minutes without violating this section. The Town agrees that the employee assigned as the primary detective will not be counted toward the minimal manpower on any given shift. This does not eliminate the primary detective from accepting overtime assignments in patrol providing he or she is donning a uniform.

Section 14.

An employee injured while on duty shall receive the difference between workers' compensation payments and regular weekly straight time earnings not to exceed one hundred and eighty (180) calendar days. In no event shall an employee on workers' compensation receive more than he/she would earn while working.

Section 16.

No employee shall be removed, dismissed, discharged, suspended, fined or disciplined in any manner except for just cause.

Section 17.

An employee will have a right to inspect his entire personnel file by appointment, at reasonable times.

Section 18.

In addition to holidays and vacations herein provided, if an employee shall have perfect attendance for any forty-five (45) consecutive days, the employee shall receive one (1) extra day off with pay. Absence for vacation leave, funeral leave or authorized leave will not mar

otherwise perfect attendance; absence for sick leave or suspension will mar perfect attendance. Perfect attendance days are to be taken by the employee within one (1) year from the date of accrual, or they will be paid for. If an employee has perfect attendance for any three hundred and sixty five day (365) period they shall receive, in addition to the above, one (1) additional day off. The 45/1 - 365 day cycle will start at the signing of this contract or after an employee reaches his 90th day under the old provisions, provided that such employee has already passed the 45th day.

- (d) The officer must present proof of successful completion of the course with a passing grade of C or better. This proof, together with a receipt for the tuition, shall be presented to the Chief of Police.

ARTICLE 19
PHYSICAL CONDITIONING

Section 1.

The Town shall provide for each employee a complete physical examination (including a heart stress test) not less often than once in each twenty-four (24) month period. It shall be the Town's obligation and sole expense to provide an examining physician familiar with the conditioning program and qualified to give the required examination. In cases where the physician, for established medical reasons, considers it warranted, a re-examination may be scheduled within six (6) months from the original examination. The officer will be examined by his/her personal physician. The cost of the examination shall be charged to the employee's medical insurance with the Town paying any balance that insurance does not cover.

Section 2.

The Town, at its expense, will pay for basic membership at the local YMCA for all officers who regularly attend and enroll in a fitness program. Officers who wish to use the YMCA facilities must sign-up prior to the beginning of the fiscal year. A sign-up sheet will be posted for thirty (30) days. Regular attendance shall require that officers must visit and use the YMCA facilities at least two (2) times a week for thirty-nine (39) weeks during the course of the fiscal year. The thirty-nine weeks need not be consecutive. Each such visit must be for a minimum of thirty (30) minutes. A log book for Winchester police officers only shall be kept at the desk at the YMCA. Each officer shall sign in and out (dates, times) for each visit. The log book shall be available for inspection/copying to the President of the Union and the Chief or Deputy Chief or Captain of the Department.

If an officer fails to meet this attendance threshold, the officer must reimburse the Town a pro-rata share for not attending. The pro-rata share that the Town must be reimbursed is determined by dividing the annual membership fee by 39 weeks, and multiplying the weekly fee by the number of weeks under the threshold. However, an officer shall have no obligation to reimburse the Town if the officer fails to meet the threshold due to an injury (on or off the job) or long-term illness which exceeds two weeks.

The Town and the Union may substitute a different facility for the YMCA by mutual agreement.

Section 3.

It is recognized that as to employees hired after July 1, 1989, the Town may impose reasonable standards of physical, mental and psychological performance and thus exert an understandable measure of control as to the capabilities of its recruits. In the case of an established force, the Town has accepted some limitations and some obligations and has agreed that it will not take disciplinary action against officers who fail to meet the physical standards of the program. It does, however, require the officers to cooperate and participate in a supervised program designed to help them get back into shape or, if in shape, to maintain current conditions. Furthermore, the

Town reserves the right to take disciplinary action with respect to any officer who does not meet the reasonable standards of physical, mental, and psychological performance.

ARTICLE 20 TRAINING

Section 1.

The Town shall post, in a binder located in the Sergeant's office on the desk, and shall provide internet access, so officers can review any schools of training, including the FBI Academy.

Such interested officers shall make a copy of the course announcement and attach a letter requesting enrollment and also a short statement as to why the officer wishes to attend such course. After making a copy of the course announcement the officer shall return the original course announcement to the binder.

Section 3.

The Chief of Police or designee shall make a selection from the list of names on the notice.

ARTICLE 21 DRUG AND ALCOHOL TESTING

All employees shall be required, as a condition of continued employment, to participate in testing for controlled substances, including but not limited to drugs and alcohol, in accordance with this Article.

SCREENING

The administration of screening tests to detect the presence of drugs or alcohol in members of the Department will be performed in the following instances:

1. upon reasonable suspicion that a member is using or is under the influence of illegal drugs, is abusing legal drugs, or is reporting for duty under the influence of drugs or alcohol;
2. with respect to drugs, on a random basis.

TESTING BASED UPON REASONABLE SUSPICION

A member of the Department may be required to undergo testing based on "reasonable suspicion" when objective facts and observations are brought to the attention of a superior officer and, based upon the reliability and weight of such information, the superior officer can reasonably infer or suspect that the member is using illegal drugs, is abusing legal drugs, or is reporting for duty under the influence of drugs or alcohol. Reasonable suspicion must be supported by specific facts which may include, but are not limited to: reports and observations of the member's drug related activities, such as purchase, sale or possession of drugs, associations with known drug dealers or users, observations of the member at known drug or drug related locations; an otherwise unexplained change in the member's behavior or work performance; an observed impairment of the member's ability to perform his or her duties.

A superior officer shall report the basis for his/her reasonable suspicion to the Chief of Police or his/her designee. The Chief shall decide whether to direct the member to testing. Prior to so deciding, the Chief or his/designee may meet with the member. If such a meeting is held, the member may request Union representation. However, the meeting shall not be delayed for the purpose of having a representative of the member's choice.

If the employee is ordered to submit to a drug and/or alcohol test, the employee shall be given a brief verbal statement of the basis for reasonable suspicion. A verbal directive to submit to a drug and/or alcohol test shall be confirmed in writing within twenty-four (24) hours, but the testing shall not be delayed pending issuance of such written directive.

Prior to implementation of any testing based on reasonable suspicion, the Town shall provide training for Sergeants, Lieutenants, Captains and Chiefs on the appropriate basis for methods for determining reasonable suspicion of drug and/or alcohol use.

RANDOM TESTING

The Chief of Police or his/her designee (which may be an outside testing agency) shall be responsible for administration of a random selection system. There will be a maximum of five (5) drawings per year and not more than five (5) employees shall be selected in each random drawing. The random selection of a member will not result in that member's name being removed from any future selection process. Any member randomly selected will be ordered to report during the first available tour of duty.

Members selected for testing must appear unless they are on previously approved or scheduled leave. Those missing a scheduled test due to previously approved or scheduled leave will be rescheduled for testing as soon as possible.

A request for use of any leave or compensatory time off shall not be granted if the employee has, at the time of such request, already been directed to submit to random testing as provided above. A member who calls in sick after notification of the assigned test date will be required to report for the test unless a physician directs that he is unable to do so.

REFUSAL TO SUBMIT

The refusal by a member of the Department to submit to a drug or alcohol screening test pursuant to the provisions of this Article will result in the employee's immediate suspension without pay (for the maximum number of days permitted by current contract and regulations) and subsequent action for dismissal from the Department.

TESTING PROCEDURES

1. The employee shall provide a urine sample for purposes of testing for drugs or controlled substances other than alcohol. The employee shall provide a sufficient amount of the sample to allow for initial screening, a confirmatory test, and for later testing if requested by the employee.
2. If the employee is ordered to submit to testing for alcohol, the employee shall submit to a breathalyzer test to be administered by an officer of higher rank who is trained in use of the breathalyzer, designated by the Police Chief or Deputy Chief. If the initial breathalyzer tests positive for the presence of alcohol, a confirming test shall be by one of the following methods, at the option of the Chief or his designee:
 - a) a second breathalyzer test; or
 - b) a blood or urine test, whichever the employee elects.
3. Initial drug screening will be done by Enzyme Multiple Immunoassay Testing (EMIT). No sample will be further tested upon a negative screening for controlled substances, including marijuana. After the negative screening, the second sample will be destroyed.
4. Each member of the Department being tested on the basis of reasonable suspicion may consult with and be accompanied by a representative of the Union. The Union representative may confer with and advise the member before and after the testing process, but shall not participate in the process in any way, except as an observer. The testing process will not be delayed because the Union representative is unable to be present.
5. During the testing process, the member shall cooperate with requests for information concerning use of medications, and with other requirements of the testing process such as acknowledgment of giving of a urine or blood specimen. Such information will not be used as the basis for criminal charges against the employee.
6. The integrity of the testing process will be maintained with the utmost consideration for the privacy of the person being tested. Only one person, of the same sex as the person being tested, may be present during the collection of a urine specimen. If the necessary precautions to ensure legitimacy of the sample can be arranged without undue cost, an observer will not be required.

7. Prior to testing for drugs, two separate containers, supplied by the laboratory conducting the testing, shall be prepared for each member being tested. Each container shall have affixed a code number and the date of collection. The code numbers shall be recorded, together with the member's name and signature. Two (2) specimens will be taken at the time of collection and shall be sealed in the presence of the member being tested. The first specimen shall be used for the initial screening and confirmatory test. The second specimen shall be preserved so that if the employee tests positive, the second specimen may be used for retesting in accordance with paragraph 11 below.
8. The laboratory supervising the test shall ensure that the appropriate chain of custody is maintained in order to verify the identity of each sample being tested.
9. Each and every positive EMIT test will be confirmed using a Gas Chromatography - Mass Spectrometry test. Only a confirmed test will result in a positive report.
10. Drug testing or blood alcohol testing will be performed by a laboratory licensed or certified by the Connecticut Department of Health Services.
11. Any member whose drug or alcohol test results in a positive report may, within five (5) days of receiving notification of such result, request in writing to the Director of Personnel that the second sample be made available for retesting at a licensed or certified laboratory of the member's choosing. The second specimen taken from the employee under paragraph 7 above shall be used for the retesting. This specimen shall be delivered to a licensed or certified laboratory designated by the employee in such manner as to assure the chain of custody. The employee shall pay for the second testing; provided, however, that should such test result in a negative report, the employee shall be reimbursed by the Department.

RESULTS OF DRUG SCREENING TESTS

Members of the Department will be notified of the results of all screening tests at the earliest appropriate time (to be determined by particular facts and circumstances). Those test results which do not indicate the presence of a drug or alcohol will be sealed and there will be no indication of testing in the member's personnel file.

POSITIVE TEST RESULTS

Any test resulting in a positive report will be referred to the Police Chief for a complete investigation. Upon completion of such investigation, if it is found that a member has used any drug which has not been legally prescribed and/or dispensed, or has abused a legally prescribed drug or has reported for duty under the influence of drugs or alcohol, a report of such shall be prepared. Upon service, the member against whom such report has been made shall receive a copy of the laboratory test results, and will be immediately suspended from duty with pay or, at the Chief's discretion, reassigned, pending disciplinary action. The employee shall be subject to disciplinary action which may include discharge, except as provided in the section below

concerning rehabilitation. During the suspension with pay pending disciplinary action, the employee shall not be allowed to cash in any vacation, holiday or personal leave benefits. (If the employee is not discharged, the employee's carryover date shall be extended so that the time is not forfeited because of the date of the disciplinary action.).

The consequences of a positive test shall be as follows:

1. For use of an illegal drug - discharge.
2. For abuse of a legally prescribed drug - one opportunity for rehabilitation, as provided below, then discharge.
3. For alcohol (at the level of .05 or above) - one opportunity for rehabilitation as provided below, then discharge.

OPPORTUNITY FOR REHABILITATION

The opportunity for rehabilitation (rather than discipline) shall be granted once for any officer who is not involved in any drug/alcohol related criminal activity and either:

- (a) voluntarily admits to alcohol or legally prescribed drug abuse prior to testing, or
- (b) tests positive for alcohol or abuse of legally prescribed drugs for the first time.

Any member who voluntarily admits to the Chief of Police his/her use of or dependence upon legal drugs or alcohol shall be afforded the opportunity to participate in a mutually acceptable rehabilitation program. The first time a member is found to have abused legally prescribed drugs or tests positive for alcohol in the course of random testing; he/she shall have the same opportunity for rehabilitation as does a member who voluntarily seeks rehabilitation. The opportunity for rehabilitation will only be provided prior to any allegation of impropriety by the public or another member or prior to initiation of an investigation of the member's use or sale of a controlled substance by any competent state or federal authority.

The member shall use accumulated sick or vacation leave for the period of absence for the purpose of obtaining treatment. All treatment will be at the sole expense of the member, to the extent not covered by the member's health benefits plan.

As part of any rehabilitation program, the member may be required to undergo periodic screening for drugs or alcohol. If, after screening the member has tested positive, he will be immediately suspended and will be subject to discharge.

ADMINISTRATIVE PROVISIONS

1. Time spent by an employee undergoing tests required by this Agreement shall be compensated at his/her regular hourly rate of pay for time spent in testing. An employee shall normally be tested during his/her regular shift or at a time contiguous to that shift.

2. Any alteration, switching, substituting or tampering with a sample or test given under this Agreement by any employee shall be grounds for immediate suspension with pay or, at the Chief's discretion, reassignment, and subsequent disciplinary action which may include dismissal from the Department. During the suspension with pay pending disciplinary action, the employee shall not be allowed to cash in any vacation, holiday or personal leave benefits. If the employee is not discharged, the employee's carryover date shall be extended so that the time is not forfeited because of the date of the disciplinary action.
3. All files concerning drug testing shall be deemed medical files, maintained as confidential by the Town. The only information concerning testing which shall be disclosable is the positive test result(s) used as the basis for disciplinary action.
4. The Town shall make every effort to have the testing service perform testing for Police Department employees on site.

ARTICLE 22 LIGHT DUTY

Section 1.

Whenever an employee suffers an injury for which workers' compensation is claimed, the Town shall investigate whether there is work available temporarily for the employee during the period of the employee's rehabilitation. The current job description for the position held by the employee, and any other information concerning the essential functions of the job, will be forwarded to the employee's treating physician and the Town's workers' compensation carrier. The physician will indicate which of the essential functions of the job the employee is and is not capable of performing, as well as any medical restrictions on the employee, so that the Town can analyze whether alternative work assignments are available. The Chief of Police or his designee and the Town Manager will review alternative work assignments that may be available for the employee within the Police Department. Such alternative work assignments may not necessarily require an employee to be dressed in uniform and, during such alternative work assignments, an employee will have limited access to the public.

Section 2.

If there is a suitable temporary assignment available, the employee will be asked to return to work. It is understood that employees have an obligation to accept suitable alternative work under the Workers' Compensation Act.

Section 3.

A temporary work assignment may not be available for the entire period of an employee's temporary disability. If the temporary assignment ends, the employee will be notified and will no longer be required to report to that assignment.

Section 4.

Assignments under this Section shall be distributed on a first-come, first-served basis.

Section 5.

This shall not in any way affect the rights and obligations of either the Town or the employee under the Workers' Compensation Act.

Section 6.

Employees who suffer from non-work related injuries may request a temporary light duty assignment as set forth in Section 1 provided that all employees with work-related injuries have first been offered an alternative work assignment if work is available that conforms with any medical restrictions. It is understood that the Chief of Police may remove an employee with a non-work related injury assigned to light duty in order to assign the alternative work assignment to an employee with a work-related injury or illness.

ARTICLE 23
DURATION

Section 1.

The Town and Union agree that unless a particular provision is stated to be retroactive, this Agreement shall be effective as of the date of signing. Only employees on the payroll as of the effective date of an increase to wages or benefits will be eligible for such increase. This Agreement shall remain in effect through June 30, 2019, and shall continue in effect thereafter unless modified as a result of either party giving written notice not less than one hundred and fifty (150) days or more than one hundred and eighty (180) days before expiration of the Agreement of their intentions to amend the Agreement.

- Under this program covered prescription drugs and supplies are put into categories (i.e., tiers) to designate how they are to be covered and the member's cost-share. The placement of a drug or supply into one of the tiers is determined by the ConnectiCare Pharmacy Services Department and approved by the ConnectiCare Pharmacy & Therapeutics Committee based on the drug's or supply's clinical effectiveness and cost, not on whether it is a generic drug or supply or brand name drug or supply.
- Generic drugs can reduce your out-of-pocket prescription costs. Generics have the same active ingredients as brand name drugs, but usually cost much less. So, ask your doctor or pharmacist if a generic alternative is available for your prescription. Also, remember to use a participating pharmacy. Most pharmacies in the United States participate in our network. To find one, visit our Web site at www.connecticare.com or call our Member Services Department at 1-800-251-7722.
- Amounts paid by members because they must pay a price difference for a brand name drug do not count towards meeting any deductible, coinsurance, copayment, or cost share maximum.
- Certain prescription drugs and supplies require pre-authorization from us before they will be covered under the prescription drug rider. You should visit our Web site at www.connecticare.com or call our Member Services Department at 1-800-251-7722 to find out if a prescription drug or supply requires pre-authorization.
- Most Specialty drugs are dispensed through Specialty Pharmacies by mail, up to 30 day supply. Specialty Pharmacies have the same Member Cost Share as all other participating pharmacies and are not part of ConnectiCare's Voluntary Mail Order program. The Member Cost Share for Specialty Pharmacy is different from the Cost Share for ConnectiCare's Mail Order program.
- Always remember to carry your ConnectiCare ID Card.
- If you are a Massachusetts resident, please refer to your amendatory rider for Massachusetts mandated benefits for additional details of your benefits.

APPENDIX C

MEMORANDUM OF AGREEMENT CANINE OFFICER

This Agreement is made by and between the Town of Winchester ("Town") and the International Brotherhood of Police Officers, Local 330 ("Union").

WHEREAS, a dog that may be suitable for training and use by a Canine Officer has been donated to the Police Department; and

WHEREAS, the Town is willing to invest in care and training of the dog, as well as training and certification for a Canine Officer; and

WHEREAS, an officer has volunteered for the assignment of Canine Officer and has been accepted for such assignment by the Chief of Police;

NOW THEREFORE, subject to the Officer receiving appropriate certification as required by the Police Officer Standards and Training Council (POST), the Town and the Union agree to the following terms and conditions of employment related to the Canine Officer within the Winchester Police Department:

1. The Canine Officer shall board the dog at his home at no cost to the Town. When the Officer is away from home due to vacation, the dog shall be boarded at Ruddy's Kennels, or another acceptable location, and the cost of such boarding shall be paid by the Town. The Canine Officer shall give the Chief as much advance notice as possible, of the need to make arrangements for boarding.

2. The Canine Officer shall be responsible for the feeding, grooming and other care of the dog. The Town shall reimburse the Canine Officer for all reasonable out-of-pocket expenses incurred by the Canine Officer for the purchase of food and medicine for the dog, and shall pay for any veterinary bills incurred for the dog. Expenses incurred and payments made shall be in accordance with the Town's normal Finance Department and purchasing procedures.

3. The Town shall provide and pay for any equipment that is required for handling and use of the dog by the Canine Officer while performing his police duties.

4. The Town shall compensate the officer at the rate of \$11.22 per day for time spent in care and training of the dog. This rate shall increase in the same time and by the same percentages as general wage increases under the collective bargaining agreement.

5. The Town shall release the Canine Officer from duty to attend training with the dog for certification as a canine team. The Town shall also release the Canine Officer from duty to attend any required recertification or review training in the future. If there is a fee for

such training program(s), the fee shall be paid by the Town. The Canine Officer shall not be assigned to a regular tour of duty while he is scheduled for training, so that there will be no overtime cost for such training, unless the Chief determines that Police Department operating needs so require.

6. The Police Department shall designate a vehicle for use by the Canine Officer and the dog, while performing police duties and attending canine training. Normally, this vehicle shall be for the exclusive use of the Canine Officer. However, it may be used for other police purposes when the Canine Officer is off duty or on vacation or when the Chief determines that Police Department operating needs so require. The Canine Officer shall be responsible to see that the vehicle assigned is kept clean and in good condition so it is suitable for use by other police officers.

7. In the event that the dog donated to the department is not certified or is found unsuitable for use in police work:

- (a) The Canine Officer shall have the option to keep the dog as a personal pet, with the Town having no further responsibility for its care.
- (b) The Town will consider accepting another dog, provided that the Town, in its discretion, determines that such would be in the best interest of the Town and the Police Department and that funds are available.

8. The operation of the canine unit shall be governed by a standard operating procedure of the Police Department. The Police Chief shall confer with the Canine Officer concerning the content of such procedure.

9. Nothing in this Agreement shall be construed as a waiver of the Town's management right to determine the nature, duration and extent of the canine program in the Police Department.

APPENDIX D

MEMORANDA OF AGREEMENT

RE: Article 7, Wages

Article 7 does not contain specific reference to the ranks of Lieutenant and Captain. These ranks are not presently filled. Should the Town decide to fill them during the term of this Agreement, the salary shall be calculated by taking the last rate in effect under the 2008-2013 collective bargaining agreement and increasing that amount by the applicable general wage increase(s) of the prior (2004-20084) contract and the applicable general wage increase(s) of Article 7. It is understood that Article 6, Section 1 excludes Captains hired or promoted after July 1, 1989. It is further understood that Article 8, Section 3 excludes Captains.

RE: Article 17, Section 12
Selection of Shift Supervisor

The Town and the Union hereby agree to the following process for selecting a patrol officer to serve as Shift Supervisor on a special assignment basis in the absence of a Sergeant.

1. Not less than 60 days prior to the shift change, the Chief shall post a sign-up sheet for patrol officers who are interested in being considered for the special assignment of Officer in Charge/Shift Supervisor for the duration of the next bid shift cycle.
2. Employees shall be given a period of 14 days to indicate their interest on the posting. If an employee is on vacation or otherwise unavailable due to exigent circumstances for the majority the 14-day period that the opportunity is posted, the officer shall be automatically considered for the special assignment as if he or she had signed up expressing his or her interest.
3. The Chief and/or his designee will then review the qualifications of the interested patrol officers based on the following criteria:
 - (a) the feedback and comments received from the patrol officer's previous supervisor or Sergeant regarding the patrol officer's performance and skills;
 - (b) the feedback and comments received from the Deputy Chief regarding the patrol officer's performance and skills;
 - (c) the Chiefs observations regarding the overall job performance and skills of the patrol officer;
 - (d) a review of the disciplinary action, if any, received by the patrol officer during the prior 12 month period.
4. Based on his consideration of the above-referenced criteria and in his sole discretion, the Chief and/or his designee will select the individual(s) that he feels best suited for the special assignment. In the event that the Chief determines that two or more patrol officers are equally suited for the special assignment, seniority will serve as the tie-breaker with the most-senior patrol officer being assigned the Officer-in-Charge/Shift Supervisor special assignment detail.

5. It is understood that the Chiefs selection of a patrol officer(s) to serve as Officer-in-Charge/Shift Supervisor shall not be subject to the grievance and arbitration procedure of this Agreement. However, the parties may submit reasonable disputes regarding the selection of shift supervisors to mediation by the State Board of Mediation and Arbitration.

6. This process will be mutually revisited and reevaluated in or about [INSERT MUTUALLY AGREEABLE DATE] to discuss any needed modifications to this process at that time and thereafter as needed to meet the needs of the Police Department organization.

7. When there is no regularly scheduled Sergeant or Officer in Charge/Shift Supervisor available for a particular shift, assignments will be made from the existing overtime list by rotation from among those qualified (i.e. Sergeants and Officers in Charge/Shift Supervisors). In the event that no qualified employee accepts such assignment voluntarily, the least senior qualified employee (i.e. Officer in Charge/Shift Supervisor) shall be ordered in to work the shift assignment.

8. Agree to have Town implement Corporal position and to negotiate the impact wages, etc. once the Town provides the union with the details of this proposal. Agree to have town implement corporal position and to negotiate the impact wages, etc. once the Town provides the union with the details of this proposal. Upon the completion and implementation of the negotiated impact wages, etc. for the corporal position the union agrees to remove the "on the trial basis" from the OIC memoranda of agreement.
