Vacation leave shall not be unreasonably denied. Officers shall be allowed to request vacation leave after arriving at work for that day, should shift supervisors determine that adequate manpower exists to approve the request.

In the absence of extenuating circumstances, an employee's vacation leave will be approved unless the leave would cause manpower staffing levels to fall below what is considered to be "normal" staffing for the unit or division to which he/she is assigned. Vacation time shall be granted in increments of one hour.

In order to allow division commanders the opportunity to plan for vacation absences, the employee's primary vacation periods shall begin 54 days prior to the start of the first shift change in January. If, however, the employee seeks an assignment to another division during the one (1) year commitment and the Police Chief approves that reassignment, the employee may resign as a Field Training Officer. Employees serving as a Field Training Officer shall be paid \$25.00 bi-weekly for the entire one year period. APPENDIX E

Calculation of City Hourly Rate under Police Labor Contract

1. All police officers are paid a bi-weekly wage which is compensation for working a set schedule. Prior to 7-1-92 this schedule consisted of a 40 hour work week for all employees.
2. Effective 7-1-92 the City and Union implemented a reduced work schedule for the uniform patrol division. This schedule is a repeating 12-week (84 day) cycle where employees are scheduled to work 472 hours. This is 8 hours less than a true 40-hour week (12 weeks * 40 hours = 480 hours).
3. When the calculation was annualized it was determined as follows:
 - There are 4.345 84-day cycles in a year (365 days in a year / 84 days in a cycle)
 - The average number of hours worked in a year is 2051 (4.345 cycles * 472 hours worked per cycle)
 - The number of hours worked per pay period is 78.58 (2051 hours/26.1 pay periods in a year)
4. The parties further agreed that the higher hourly rate that would result by using the 78.58 hours bi-weekly would be used as the City's hourly rate for all employees. The hourly rate is used by the City in paying overtime (hours worked beyond regular schedule); perfect attendance pay; holiday pay, etc. This provided a higher hourly wage for those not affected by the uniform patrol change.
5. All employees are still paid a bi-weekly wage in compensation for their regular hours whether those hours are a straight 40 hours per week or are the reduced uniform patrol hours.
6. In order for the pay system to use the agreed upon hourly rate, the pay stubs of employees show 78.58. This number is used to generate the correct bi-weekly for all employees (78.58 * hourly = bi-weekly). This pays all employees the same bi-weekly pay whether in uniform or a 40 hour job. No employee ever actually works 78.58 hours in a pay period.
