

# POLEAN FOODS:

We are a family owned company based in Hampstead, North Carolina. We have been importing Canadian & European Hams and other Processed Pork Products to the US since Joe Jazwinski Sr. founded the company in 1989, after many successful decades in the Danish ham business. [www.poleanfoods.com](http://www.poleanfoods.com)

•IN STOCK @ HONOR: Polean 'Blue' (base tier), 'Silver' (mid tier), 'Gold' (high tier)•

## POLEAN IMPORTED HAM:

### 1. TRUE IMPORTS

- Our hams are packed with pride in Quebec, Canada. Canadian Hogs are raised growth hormone-free by law.

### 2. NEVER FROZEN FRESH MUSCLES

- Made *ONLY* with fresh hams... Never frozen. By using only fresh ingredients, *Polean Imported Ham* will not purge excess water and/or grizzle as the bag is removed for use.

### 3. NINE MONTH SHELF LIFE, 100% YIELD per piece.

- Patented 'E-Z Open' clipless bag & unique cooking process give our ham a *longer shelf life* and *higher yield* than the competition's ham.

### 4. TWO MUSCLE

- *Polean Imported Ham* is either a 1-muscle or 2-muscle block.
  - i. Maintains natural marbling
  - ii. Gives the product a more appetizing color & texture compared to a typical domestic ham full of macerated ends & pieces and fillers.

### 5. GLUTEN FREE

- *Polean Imported Ham* is not packed with gluten-binder like so many other domestic hams and "imported-style" imposters.

\*Our cooked hams are packed 2 per case, and 78 cases per pallet.
