ConAgra
Foodservice®
FOOD | SERVICE | SMART.

Delivering the quality
your patrons deserve

In 1879, J. Hungerford Smith pioneered the fountain and shake industry. Since then, J. Hungerford Smith® has continued to deliver the quality and flavors generations of patrons and operators have come to depend on and love. The essence of J. Hungerford Smith continues to thrive on menus, transforming recipes from ordinary to extraordinary.

Cheesecake Bites featuring
Cherry Cone Coating and Chocolate Cone Coating

HEAT & SERVE FUDGE TOPPINGS

J. Hungerford Smith Heat and Serve Fudges, in chocolate or caramel varieties, consistently deliver an outstanding balance of flavor, quality and performance. Count on our heat and serve toppings to cascade over food in a way that delivers superior draping coverage and greater yield per portion. Create everything from classic dessert masterpieces to totally on-trend beverages and sauces.

Mellocream® sets the industry standard for hot fudge quality and flavor. Its full-bodied texture creates unparalleled draping. The legendary rich color and smooth, authentic fudge taste of Mellocream comes from a unique blend of premium cocoas and sugar notes that complement one another to create extraordinary flavor and performance.

Fudge Sundae featuring
Mellocream Chocolate Fudge

SPECIALTY PRODUCTS

Transforming your menu from ordinary to extraordinary is made easy with J. Hungerford Smith® specialty products. Everything from decadent chocolate-covered waffle cones to frozen cherry cheesecake bites are done easily and economically with our distinctive line of cone coating, enrober and cold fudge products.

Chocolate Enrober

Rich Chocolate Enrober adheres to room temperature products within minutes, making it ideal for use with cones and bakery items. All an operator has to do is heat the product, dip the room temperature treat and wait a few minutes for the chocolate enrober to harden. Wow your patrons with chocolate-dipped wine glasses and dessert spoons to create a spectacular patron dining experience. Chocolate Enrober works extremely well in chocolate fountains with heating elements but should be warmed to a liquid state prior to adding to the fountain.

Soft-Serve Cone Coating

Don't let the name confuse you! This heat-and-serve product hardens almost instantly when in contact with frozen products. While it was originally developed for soft-serve ice cream to create dipped cones, cone coatings can also be used to coat frozen mini desserts such as cheese cakes.

Cold Fudge

Whether it's as an icing for a frozen ice cream cake or a delicious chocolate layer you are seeking, J. Hungerford Smith's Cold Fudge is the solution. Ready to use, Cold Fudge is as versatile as it is delectable! Easy to cut through when frozen – doesn't crack when cut.

Cones dipped in Chocolate featuring Chocolate Enrober Coating

Portion Control Fudges and Caramels

Available in 1.5 oz packets, J. Hungerford Smith Portion Control Packets are ideal for operators who offer to-go desserts or have low volume periods when opening a can doesn't make good business sense. Simply heat in the microwave or a cup of hot water, pour over desserts and serve.

Dipped Cones featuring Cherry Cone Coating, Birthday Cake Confetti Cone Coating, Chocolate Cone Coating, and Butterscotch Cone Coating

TRANSFORMING ORDINARY PROFITS INTO EXTRAORDINARY PROFITS BY ADDING TOPPINGS TO DESSERT ITEMS¹

Indulgent desserts taste great and the profits are even better. Add toppings to your current dessert menu and experience a profit transformation!

Average Price of:	Average Annual Profit Based on 5 Servings per Day

Biscotti featuring Chocolate Enrober Coating

READY-TO-USE TOPPINGS

J. Hungerford Smith offers a full line of fruit, butterscotch, rich caramel, and marshmallow toppings that can add a profitable twist to all types of menu items.

Scoop our Sliced Strawberry Topping out of the jug and notice the 3/8" strawberry slices; your customers will appreciate the pleasing mouthfeel and smooth texture of the large pieces on top of sundaes and breakfast items. Or open our Pineapple Topping and note its natural yellow color and authentic pineapple taste; it contains no artificial colors or flavors.

Our fruit toppings have a high ratio of real fruit for a made-from-scratch appearance and natural flavor. Many of our fruit toppings also come in a resealable wide mouth jug that makes serving and storage easy.

Variety and quality are evident with a list that includes authentic Caramel Topping made with real butter and sweetened condensed milk and a Butterscotch Topping that has the color and flavor of real butterscotch candies. Marshmallow Topping is available in both a ready-to-use and a concentrated formula. Add Peanut Butter Topping and Maple Walnut Topping to the J. Hungerford Smith Ready-to-Use product line and the result is a full line of toppings ready to enhance any operator's menu.

Double Concentrate

SYRUPS AND SHAKE BASES

J. Hungerford Smith first pioneered the soda fountain business in 1879 with the development of the Root Beer Fountain and Shake Syrup. Since then, the J. Hungerford Smith brand has expanded into a full line of quality fountain and shake syrups, ideal for an array of operators from full-service ice cream operations to the casual dining establishment.

From our famous Root Beer Syrup to traditional Fulflavor® Chocolate Syrup to unique syrups such as Crème de Menthe, J. Hungerford Smith offers flavor options that will set your operation apart from the competition. Add Malt Syrup to any shake flavor and *voilà* – your frozen beverage menu has been doubled. J. Hungerford Smith makes it that easy and enjoyable!
