The CONTE Brand *"It's the Original"*

The year is 1920; Arturo Conte and his beloved wife owned a small but thriving farm in Perkasio, Pennsylvania. Being of Italian heritage, the Conte's love for growing tomatoes was natural. Yearning for the original taste of the authentic Italian cuisine he loved in Italy, Conte began crushing his fresh tomatoes to serve as a base ingredient in his favorite recipes. News of the fresh crushed tomatoes spread quickly and soon everyone wanted to experience the original taste. Today, the process of growing, crushing and packing the Conte line of tomato products remains true to its Italian heritage. Thanks to the Conte tradition, now you too can experience the taste of the true original.

Conte Heavy Pizza Sauce is processed from fresh whole tomatoes. The tomatoes are harvested at the peak of ripeness, washed, sorted and chopped. They are then run through a pulper with screens large enough to maintain some texture and product identity. The tomatoes are then concentrated to a heavy consistency.
