

All Natural Sausage from Jones Dairy Farm

## All Natural Ready-To-Cook Sausage Links & Patties

**All natural flavor because all natural is what it is.**

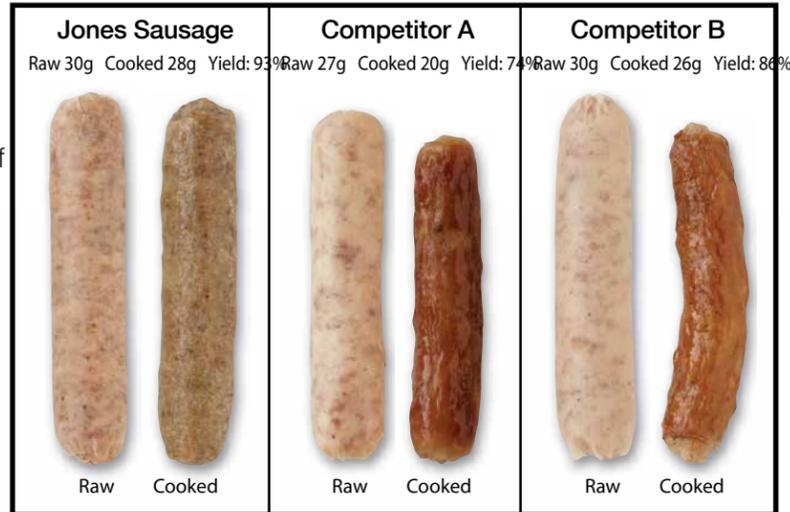

Just pork, salt, spices, water and dextrose. No artificial ingredients, fillers or chemical preservatives.

**Certified Gluten-Free.**

Gluten can often be hidden in processed foods complicating the creation of gluten-free menu items. To make it easier for foodservice professionals to identify "safe" products we took the step to have all of our sausage certified gluten-free by the Gluten-Free Certification Organization.

**What you see is what your customer gets.**

Our sausage starts with fresh whole muscle pork, not ground trim, so there's less fat to fry away. So when our links and patties are prepared, they're 10-20% larger than typical prepared sausage. It's easy to see the yield advantage.

## Where it All Began

Such a simple place to start. Pork, salt and spices. A family recipe developed in 1889 now serves as a delicious part of not only our family's success, but also yours. Premium cuts of meat means your customers get farm fresh taste. And our all natural recipe means no fillers, artificial ingredients, gluten, or MSG. Nothing but flavor. Our extensive line of fully cooked and ready-to-cook sausage means there is more Jones goodness to go around.

## Jones All Natural Sausage

### Flavor comes naturally for Jones.

We use all natural ingredients, and there are flavors to suit every appetite. From mild to maple, beef to turkey. More importantly, we don't use fillers, artificial ingredients or MSG. And every sausage link and patty is certified gluten-free.

### We make it simple.

Jones Dairy Farm practically invented fully cooked breakfast sausage so it's no wonder it's one of the best around. It's not only easy to serve but keeps portion and cost control down to simple science. With fully cooked breakfast sausage you're never paying for something that's going to fry away.

### We never tire of talking about safety.

Food safety will always be important to us, so we'll tell you about it over and over again. All of our products are tested in a laboratory that is accredited by A2LA for meeting ISO/IEC 17025 requirements.
