

THERE'S SOMETHING YOU SHOULD KNOW: My Parents Read Labels.

Today's shoppers read labels. And our labels are just one reason customers look for Gardner Natural Juice Pies.

Gardner offers more than 60 varieties of pie, each free from high fructose corn syrup and artificial colors. Each packed with high quality fruit sourced from local regional orchards and premium nuts and spices. Each rounded out with our flaky melt-in-your-mouth signature crust.

The result? Pure flavors that stand out from the competitors! And cleaner, easier-to-read labels for discerning shoppers like her parents.

The Gardner Difference: quality, variety and innovation in every delicious bite.
