General Report Comments:

Document No: 8086346      Validation Date: 23 October 2017

Identification  
 Mineral Type: Natural Beryl  
 Variety: Emerald      Color Description: Light Green

Carat Weight: 3.53 cts      Shape: Rectangular  
 Measurements: 10.21 x 9.67 x 6.12 mm      Cutting Style: Emerald Cut

Comments: Although the color of this stone is light, because its color is due to a combination of chromium and vanadium, AGL identifies this stone by the variety emerald.

Identification

Origin  
 Provenance: Colombia

Comments: Based on available gemological information, it is the opinion of the Laboratory that the origin of this material would be classified as Colombia.

Origin

Enhancement  
 Standard: Clarity enhancement: None      Additional: None

Comments: Non-clarity enhanced emeralds are rare. Emeralds are commonly clarity enhanced to reduce the visibility of fissures.

Enhancement

1	2	3	4	5	6	7	8	9	10
Excellent	Very Good	Good	Fair	Poor					

Enhancement Stability Index™

None	Insignificant	Minor	Moderate	Strong	Prominent

Degree of Clarity Enhancement & Relative Rarity™

Christopher P. Smith, President

**American Gemological Laboratories™**

America's first and most highly respected origin lab.

Founded in 1977,

AGL is an internationally recognized gemstone testing facility, specializing in comprehensive colored stone analyses.

AGL has the distinction of being the first laboratory in the United States to issue Country-of-Origin reports. Our company and its principals have a long tradition of research into the detection of and reporting on, identification and classification of gemstone treatments and other determinations.

Our staff is composed of experts in the field of gemstone testing and reporting. Our findings reflect the latest knowledge and analytical techniques to ensure the highest standards are applied on every stone we test.

AGL's testing and reporting methodology provide you with unsurpassed quality and reliability. We are committed to providing the highest level of service and reporting that our clients and the industry have come to expect from the AGL.
